Round the World in Eighty Days: a Spectacular Drama ... in Five Acts [and in Prose] ... By F. Lyster. Founded on "Le Tour Du Monde en 80 Jours" by J. V. Jules Verne, 1875 **Plays of Impasse** Carol Rosen, 2017-03-14 A study of post World War II plays set in total institutions such as hospitals psychiatric wards prisons and military bases *Plays of Impasse* probes the structure and significance of the numerous and highly visible plays set in contemporary society's dead ends the hospitals psychiatric wards prisons and military training camps so aptly described by Irving Goffman as total institutions Carol Rosen shows how the setting in these plays tends to engulf and then to exclude the audience turning an encompassing stage structure a closed controlling absolute system into a protagonist that overwhelms the characters In discussions ranging from Harold Pinter's *The Hothouse* to Samuel Beckett's *Endgame* she further maintains that the impasse of characters in reductive environments supplies a unifying image for post World War II drama in general This state of impasse pervades contemporary drama Everyday activities and attempts to endure life in a parenthesis are vacated of traditional social or moral meaning onstage The pain of this kind of survival spatially fixed is at the heart of *Endgame* for example an extreme instance of this mode of drama at the edge of existence In plays such as Peter Nichols's *The National*

Health Peter Weiss's Marat Sade Friedrich Dürrenmatt's The Physicists David Storey's Home Brendan Behan's The Quare Fellow Jean Genet's Deathwatch and David Rabe's The Basic Training of Pavlo Hummel the splintered self like the divided society strives to endure against enormous codified odds Even in plays not depicting the rigidity of institutions the contemporary dramatic mode is finally characterized by sparse introspective action in a closed system an onstage model of a world gone awry a world at an impasse Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Metaphors of Confinement Monika Fludernik, 2019-08-13 Metaphors of Confinement The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

Circle in the Square Theatre Sheila Hickey Garvey, 2020-12-14 Based on years of research as well as interviews conducted with Circle in the Square's major contributing artists this book records the entire history of this distinguished theatre from its nightclub origins to its current status as a Tony Award winning Broadway institution Over the course of seven decades Circle in the Square theatre profoundly changed ideas of what American theatre could be Founded by Theodore Mann and Jose Quintero in an abandoned Off Broadway nightclub just after WWII it was a catalyst for the Off Broadway movement The building had a unique arena shaped performance space that became Circle in the Square theatre New York's first Off Broadway arena stage and currently Broadway's only arena stage The theatre was precedent setting in many other regards including operating as a non profit contracting with trade unions establishing a school and serving as a home for blacklisted artists It sparked a

resurgence of interest in playwright Eugene O'Neill's canon and was famous for landmark revivals and American premieres of his plays. The theatre also fostered the careers of such luminaries as Geraldine Page, Colleen Dewhurst, George C. Scott, Jason Robards, James Earl Jones, Cicely Tyson, Dustin Hoffman, Irene Papas, Alan Arkin, Philip Bosco, Al Pacino, Amy Irving, Pamela Payton Wright, Vanessa Redgrave, Julie Christie, John Malkovich, Lynn Redgrave, and Annette Bening.

The Quare Fellow Brendan Behan, 1966 *Brendan Behan* Jan Kaestner, 1978 Die Unsicherheit der Kritik vor dem dramatischen Werk Brendan Behans kann durch eine Strukturanalyse seiner drei Stücke abgebaut werden. Die Ergebnisse der Analysen Rezeptionsgeschichte und Textkritik des Werkes erlauben Interpretationen und Wertung des umstrittenen Autors anhand gesicherter Fakten. Die wissenschaftliche Arbeit schließt die Perspektive des Theaterpraktikers nicht aus und sie bemht sich darüber hinaus um eine Einordnung des Dramatikers in den Zusammenhang der irischen Literatur und Theatergeschichte.
