Parkinson,2012-10-12 Presents a broad survey of philosophical thought Each chapter explores and places in context a major area of philosophical enquiry including the theory of meaning and of truth the theory of knowledge the philosophies of mathematics science and metaphysics the philosophy of mind moral and political philosophy aesthetics and religion Annotated bibliographies for each chapter and indexes of names and subjects Glossary of commonly used philosophical terms Chronological table of the history of philosophy from 1600 It is a fine achievement and deserves the warmest praise Anyone interested in learning what contemporary philosophical debate is about will find this book invaluable for a book of this size and quality of content the cover price is modest Every public library as well as every university college and school library should have a copy on its shelves Times Higher Education Supplement A stimulating collection Reference Reviews **Philosophical Propositions** Jonathan Westphal,1998 This is a fresh up to date and reliable introduction to philosophy The reader will find it engaging helpful clear and student friendly in its analysis **Identities of Persons**

Amélie Oksenberg Rorty,1976 In this volume thirteen philosophers contribute new essays analyzing the criteria for personal identity and their import on ethics and the theory of action it presents contemporary treatments of the issues discussed in *Personal Identity* edited by John Perry University of California Press 1975 **Identity, Language, and Mind** Albert Newen,Raphael van Riel,2012 As one of the world s most eminent living philosophers John Perry has covered a remarkable

breadth of subjects in his published work including semantics indexicality self knowledge personal identity and consciousness Looking particularly at the way in which he deals with issues of self communication and reality this volume is organized in seven chapters that highlight a different aspect of Perry s work on the intersection of these subjects A fundamental work for students and scholars Identity Language and Mind explores questions that are not only essential in understanding Perry s writings but also contemporary philosophy as a whole Selbstbewusstsein und personale Identität Christian Hauser,1994 Fundamentalbegriffe wie Identität Person Subjekt Ich sind seit ihrem Übergang von der Theologie in die neuzeitliche Wissenschaft im 17 Jahrhundert mit beträchtlichen Schwierigkeiten behaftet Die Arbeit dokumentiert diese Komplikationen exemplarisch an den originären identitätstheoretischen Ansätzen der vorkantischen Zeit die theoretisch in ihren monologisch monadischen Ausrichtungen misslingen jedoch in praktischer Hinsicht den Identitätsbegriff als unabdingbar behaupten Sie weist zudem schon bei Leibniz die Konzeption einer empirischen Psychologie nach um die Interpretationen zu dem zentralen und für das 18 Jahrhundert folgenreichen Begriff Apperzeption künftig nicht herkommen Schliesslich macht die Untersuchung mit Tetens bekannt der mit gutem Recht als Vor und Mitarbeiter am Projekt der Kopernikanischen Wende gelten darf Since their transition from theology to modern science in the 17th century basic terms such as identity person subject ego have been associated with considerable difficulties This work documents the complications using the identity theory approaches of the pre Kantian era as an example which although failing theoretically in their monologic monadic orientation were however able to affirm that the concept of identity was indispensable in practical terms In addition it proves that there was already a concept of empirical psychology in the works of Leibniz and that interpretations of the key term apperception will not be able to avoid this in the future The study concludes with an introduction to Tetens who can justifiably be seen as the one who did the groundwork for and also was a contributor to the Copernican Revolution **The Identities of Persons** Amélie Rorty,1976 In this volume thirteen philosophers contribute new essays analyzing the criteria for personal identity and their import on ethics and the theory of action it presents contemporary treatments of the issues discussed in Personal Identity edited by John Perry University of California Press 1975
