Buchbesprechung von Richard P. Saller Regula Frei-Stolba, 1983

**Politics and Society in Imperial Rome** Aloys Winterling, 2009-07-20 Politics and Society in Imperial Rome offers fresh new interpretations of the politics society and culture Rome s imperial era Argues that the early principate was fundamentally incompatible with the persisting structures of the Roman Republic Demonstrates how these contradictory systems affected the development of Roman society Includes case studies on the imperial court and the emperor Caligula as well as chapters on the scholarship of Theodor Mommsen and Christian Meier

**Zwischen Strukturgeschichte und Biographie** Aloys Winterling, 2016-07-11 Die Geschichte der römischen Kaiser wurde im 20. Jahrhundert von der seriösen Historiographie meist vernachlässigt. In diesem Band versammelten Aufsätze loten die Möglichkeiten einer neuen strukturgeschichtlich fundierten und personalistischen Erklärungsmuster vermeidenden Kaisergeschichte aus. Behandelt werden die Quellenproblematik, die strukturellen Bedingungen kaiserlicher Handlungsfelder und die biographische Forschung zu den Kaisern von Augustus bis Commodus 31 v. Chr. 192 n. Chr. Beiträge von Christer Bruun, Olivier Hekster, Ralf von den Hoff, Martin Hose, Christian Ronning, Dirk Schnurbusch, Gunnar Seelentag, Dieter Timpe, Uwe Walter. **The Letters to the Thessalonians** GENE L. GREEN, 2020-05-21 In this commentary Gene Green reads Paul's two letters to the Thessalonians in light of the canon of Scripture and of new knowledge about the first century world of Thessalonica. This fruitful approach helps illuminate the impact of the gospel on its original readers and in turn shows how potent a force it can be for the church and society today. The book begins with an in-depth study of the Thessalonians themselves, their history, land, socioeconomic conditions, and religious environment. This fascinating discussion gives the necessary context for fully appreciating the circumstances surrounding the founding of the city's first church and the subsequent struggles of the Thessalonian believers to live out their Christian faith. The main body of the book provides informed verse-by-verse commentary on 1 & 2 Thessalonians that extracts the fullest possible meaning from these important New Testament texts. As Green's exposition shows, the Thessalonian scriptures are especially valuable as letters of friendship and for showing Paul's pastoral concern for the many areas in which the Thessalonians needed guidance. Some of Paul's purposes are to thank the new believers for their steadfastness amid suffering, to encourage them in their trials, to urge them not to neglect their daily work, and no less important, to teach them about the future of believers who die before Christ returns. Indeed, the matter of the last things and the second coming of Christ so permeates these texts that they are often called Paul's eschatological letters. Filled with new information about ancient society, this commentary will fast become a standard reference work for Bible study. By carefully bridging the biblical and modern worlds, Green shows with clarity and warmth the continuing relevance of 1 & 2 Thessalonians for contemporary readers.

The Reign of Emperor Antoninus Pius, AD 138-161 John S. McHugh, 2022-10-07 The reign of

Antoninus Pius is widely seen as the apogee of the Roman Empire yet due to gaps in the historical sources his reign has been overlooked by modern historians He is considered one of the five good emperors of the Antonine dynasty under whom the pax Romana enabled the empire to prosper trade to flourish and culture to thrive His reign is considered a Golden Age but this was partly an image created by imperial propaganda There were serious conflicts in North Africa and Dacia as well as a major revolt in Britain On his death the empire stood on the cusp of the catastrophic invasions and rebellions that marked the reign of his successor Marcus Aurelius Antoninus Pius became emperor through the hand of fate being adopted by Hadrian only after the death of his intended heir Lucius Aelius Caesar His rule was a balancing act between securing his own safety securing the succession of his adopted heir and denying opportunities for conspiracy and rebellion Equanimity was the last password he issued to his guards as he lay on his death bed In the face of the threats and challenges he remained calm and composed providing twenty three years of stability a calm before the storms that gathered both within and beyond Rome's borders

Secular and Christian Leadership in Corinth Clarke, 2018-12-10 This volume traces the influences of first century Corinthian secular leadership on local church leadership as reflected in 1 Corinthians 1:6 It then shows how Paul modifies the Corinthian understanding of church leadership By comparing secular leadership in first century Corinthian society with leadership in the Corinthian church it has been argued that one of Paul's major concerns with the church in Corinth is the extent to which significant members in the church were employing secular categories and perceptions of leadership in the Christian community This volume has adopted the method of assessing the New Testament evidence in the light of its social and historical background Both literary and non literary sources rather than modern sociological models were employed in making the comparison
