Perspectives Social Problems

Sine Agergaard, David Karen

Perspectives Social Problems:

The Sociology of Social Problems Adam Jamrozik, Luisa Nocella, 1998-07-13 Social problems such as unemployment poverty and drug addiction are a fact of life in industrialised societies This book examines the sociology of social problems from interesting and challenging perspectives It analyses how social problems emerge and are defined as such who takes responsibility for them who is threatened by them and how they are managed solved or ignored The authors examine and critique existing theories of social problems before developing their own theoretical framework Their theory of residualist conversion of social problems explains how certain social problems threaten legitimate power structures so that problems of a social or political nature are transformed into personal problems and the helping professions are left to intervene This book will become a key reference on class inequality and social intervention and an important text for students in sociology and social work courses

The Study of Social Problems Earl Rubington, Martin S. Weinberg, 2003 This introductory text for courses on social problems delineates seven sociological perspectives used to examine social problems social pathology social disorganization value conflict deviant behaviour labelling the critical perspective and social constructionism

The Study of Social Problems Earl Rubington, Martin S. Weinberg, 1977

Perspectives on Social Problems James A. Holstein, Gale Miller, Professor of Sociology James A. Holstein, PhD, 1995-08

Public Harassment James A. Holstein, 1997 This series is designed to foster debates on the sociology of social problems by presenting a forum where sociologists of this discipline can present and argue opposed positions on epistemological moral and political issues that are central to the field

Social Problems, Law, and Society Kathryn A. Stout, Richard A. Dello Buono, William J. Chambliss, 2004-07-14 This collection of articles presents a critical issue oriented approach to law and society emphasizing its important relationship to contemporary social problems By exploring the interstitial area between the sociology of law social problems and social movements the initial chapters trace out a theoretical trajectory which points to the need to move beyond traditional and social constructionist approaches A variety of empirical studies together explore the contradictory dynamics of class as they relate to race and gender in both a national and global context illustrating the dialectical interplay between the state and social movements Employing a wide range of perspectives so as to convey the great diversity found in the contemporary sociology of law and justice studies these authors collectively share a broad consensus concerning the need to explore how social movements and the larger political economy play a pivotal role in shaping state reactions to the challenges presented by contemporary social problems With its integrated presentation of theoretical perspectives and empirical studies this unique anthology will be useful in a variety of sociology criminology and justice studies course offerings such as Law and Society Social Problems Crime and Social Justice Social Movements Law and Social Control Social Change Law and Public Policy Introduction to Legal Studies and others Undergraduate and graduate students alike will appreciate that these articles selected for their academic rigor are highly readable and strongly oriented towards high profile social issues including those

of class race and gender inequalities as well as social movement and legal struggles in community national and global settings

Study Guide to Accompany Social Problem Divergent Perspectives Sullivan,1980-06 Thinking About Social Problems Donileen Loseke,2017-07-05 The new second edition of this distinctive and widely adopted textbook brings into the classroom an overview of how images of social problems can shape not only public policy and social services but also the ways in which we make sense of ourselves and others It introduces two primary changes First some attention is devoted to the new social movements that emphasize social change through identity transformation rather than through structural change Second the text now also looks more closely at the importance of emotions in constructing public consciousness of social problems When the first edition was published Teaching Sociology noted Loseke does a superb job explaining the relationship between sociology and social problems in a text that is very well research and engaging yet with tremendous attention to detail and accuracy W ould provide a solid base for any social problems class Contemporary Sociology wrote that the book is engagingly well written in a personal unpretentious style and well informed by the author s knowledge of the professional literature

The Mythology of Crime and Criminal Justice Victor E. Kappeler,Gary W. Potter,2017-07-18 The social construction of crime is often out of proportion to the threat posed The media and advocacy groups shine a spotlight on some crimes and ignore others Street crime is highlighted as putting everyone at risk of victimization while the greater social harms from corporate malfeasance receive far less attention Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior Interest groups promote their agendas by appealing to public fears Justifications often have no basis in fact but the public accepts the exaggerations and blames the targeted offenders The net widening effect of more laws and more punishment catches those least able to defend themselves This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system Kappeler and Potter dissect popular images of crimes and criminals in a cogent compelling and engaging manner They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths and the collateral damage of basing policies on mythical beliefs The authors encourage skepticism about commonly accepted beliefs offer readers a fresh perspective and urge them to analyze important issues from novel vantage points

Social Problems Rosalind Gottfried,1995 Child Maltreatment Cindy L. Miller-Perrin,Robin D. Perrin,2012-05-14 *Child Maltreatment Third Edition* by Cindy Miller Perrin and Robin Perrin is a thoroughly updated new edition of the first textbook for undergraduate students and beginning graduate students in this field The text is designed to provide a comprehensive introduction to child maltreatment by disseminating current knowledge about the various types of violence against children By helping students understand more fully the etiology prevalence treatment policy issues and prevention of child maltreatment the authors hope to further our understanding of how to treat child maltreatment victims and how to prevent future child maltreatment

Social Issues in Sport, Leisure, and Health Sine Agergaard, David Karen, 2023-10-03 This book examines how social issues shape and influence our engagement with sport leisure time physical activity and health promoting exercise Connecting the personal with the public it helps the reader understand how individual exercise leisure and sport participation are both facilitated and constrained by their social contexts Presenting a series of in depth descriptions of grassroots sport urban lifestyle sport physical activity across the life course sport for children with special needs and the development of creative climates in sport this book seeks to encourage what C Wright Mills described as the sociological imagination Every chapter begins with an individual level account centred on everyday challenges with accessing sport partaking in leisure activities and meeting guidelines for daily exercise before exploring the larger socially determined patterns in which those experiences are located establishing a vital template for the social scientific study of sport leisure and health Touching on key contemporary themes including diversity inclusion health inequalities and physical inactivity as well as selection and intensification in sports this book offers new case material and theoretical tools for understanding the relationships between sport leisure health and the wider society This is an indispensable companion for any course on the sociology of sport exercise leisure or physical activity and health

The Study of Social Problems Earl Rubington, Martin S. Weinberg, 1971

Social Deviance Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author's use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior

Social Problems of the Aging Mildred M. Seltzer, Sherry L. Corbett, Robert C. Atchley, 1978

Social Problems James William Coleman, Donald Ray Cressey, 1980 A color illustrated textbook that opens with an overview of the sociological tools and perspectives that are used in the study of social problems It then discusses fundamental changes and problems in four basic social institutions the economy government education and family before examining more specific topics such as health care and poverty This updated edition adds two new features Signs of Hope boxes and Personal Perspectives boxes Annotation copyright by Book News Inc Portland OR

Social Problems William Kornblum, Joseph Julian, 2001 Budding with new insight this top selling proactive book probes the nature and causes of each major social problem confronting citizens today and with historical and multicultural

sensitivity delves into the social control and social action issues inherent to each particular problem Balancing viewpoints and supporting material with research and policy each chapter covers topics in a micro to macro format pointing out the interrelationships among today s social problems and the possibility of approaching them from several perspectives Chapter topics include sociological perspectives on social problems problems of physical health mental illness sex related social problems alcohol and other drugs crime and criminals violence poverty amid affluence racism prejudice and discrimination sex roles and inequality an aging society the changing family problems of education problems of work and the economy urban problems population and immigration technology and the environment and war and terrorism For individuals looking to understand today s social problems and help solve them *Social Problems* Anna Leon-Guerrero,2015-06-18 Empower your students to become part of the solution With a clear and upbeat voice author Anna Leon Guerrero s thought provoking overview of social problems challenges readers to understand and recognize social problems in their communities and inspires them to become part of the solution The Fifth Edition of *Social Problems Community Policy and Social Action* goes beyond the typical presentation of contemporary social problems and their consequences by emphasizing the importance and effectiveness of community involvement to achieve real solutions With an overarching focus on social inequalities and policy this proven text provides a platform for discussion that encourages critical thinking and inspires hope The extra emphasis on social action and movements is a real strength I like that the three major perspectives are used in each chapter as I feel many texts just put that in the first chapter and then forget about it Todd Michael Callais University of Cincinnati Blue Ash *Social Problems 07/08* Kurt Finsterbusch,2007-03 This Thirty Fifth Edition of ANNUAL EDITIONS SOCIAL PROBLEMS provides convenient inexpensive access to current articles selected from the best of the public press Organizational features include an annotated listing of selected World Wide Web sites an annotated table of contents a topic guide a general introduction brief overviews for each section a topical index and an instructor s resource guide with testing materials USING ANNUAL EDITIONS IN THE CLASSROOM is offered as a practical guide for instructors ANNUAL EDITIONS titles are supported by our student website www.mhcl.com online **The Outlook** ,1907

Reviewing **Perspectives Social Problems**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Perspectives Social Problems**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
