

Putting Food On What Was The Soviet Table

Milija Pajević, Frauke Siefkes

Putting Food On What Was The Soviet Table:

Putting Food on what was the Soviet Table Michael P. Claudon, 1992-01-01 Based on a Geonomics Fall 1991 seminar this is a review of immediate policy options on a subject of broad international importance how to feed the Soviet people in a time of collapse of Soviet central authority

The Post-Communist World in the Twenty-First Century Barbara Ann Chotiner, Linda J. Cook, 2022-06-28 The Post Communist World in the Twenty First Century presents studies by senior scholars and practitioners that are highly relevant to contemporary political challenges The democratic vision that accompanied the collapse of communist regimes in the Soviet Union and East Central Europe has been replaced by a range of authoritarian semi authoritarian and democratic regimes and growing division between Western and Russian influence Russia's invasion of Ukraine has led to renewed tensions and international crisis China which presents major challenges to the US Europe and the global order has emerged as a critical actor in the international conflict The need to understand the internal dynamics and international behavior of communist and authoritarian regimes is more urgent at this time The expertise provided by the volume's contributors is especially timely offering new insights into the past and contemporary politics of these states the agendas driving their behavior regimes domestic strengths and weaknesses and the role of leaders differing perceptions in exacerbating international conflict Practitioners demonstrate how such knowledge can inform effective policy and ameliorative efforts

The Soviet Union and Global Environmental Change Jonathan D. Oldfield, 2021-05-26 This book argues that the Soviet Union was a highly influential actor in furthering understandings of society nature interaction on the international stage and played a key role in helping to shape conceptualize and assess the relationship between humankind and the Earth system It considers how humankind's capacity to affect physical and biological systems at a global scale was acknowledged and studied by Soviet scientists discusses how the interaction between Soviet and Western scientists stimulated the development of new technologies and insights which simultaneously facilitated a more profound understanding of the Earth's physical and biological systems and explores how Soviet scientists drew upon pre revolutionary intellectual traditions in order to make sense of society nature interaction and did so in collaboration with a range of international initiatives Overall the book provides a deep analysis of how Soviet scientists conceptualized society nature interaction and influenced the understanding of global physical and biological systems Furthermore it is argued that this intellectual legacy remains of importance today with respect to the activities of Russian science and contemporary global environmental challenges

Agriculture and the State in Soviet and Post-Soviet Russia Stephen Wegren, 2010-11-23 Winner 1999 Edward A Hewett Book Prize from AAASS A comprehensive original and innovative analysis of the social economic and political factors affecting contemporary Russian reform the book is organized around the central question of the role of the state and its effect on the course of Russian agrarian reform In the wake of the collapse of the USSR contemporary conventional wisdom holds that the Russian state is weak Stephen Wegren feels that the traditional approach to the weak

strong state suffers from measurement and circular logic problems believing that the Russian state thought weaker than in its Soviet past is still relatively stronger than other actors The state's strength allows it to intervene in the rural sector in ways that other power contender cannot Specifically as a measure of state intervention Wegren analyzes how the state has influenced urban rural relations rural rural relations and the nonstate private agricultural sector Several dilemmas arose that have complicated successful agrarian reform as a result of the nature of state interventions how reform policies were defined and the incentives that arose from state sponsored policies During contemporary Russian agrarian reform urban rural differences have widened marked by a deterioration in rural standards of living and increased alienation of rural political groups from urban alliances At the same time within the rural sector reform failed to reverse rural egalitarianism In addition the nature of state interventions has undermined attempts to create a vibrant productive private rural sector based on private farming Wegren's research is based upon extensive field work interviews archival documents and published and unpublished source material conducted over a six year period and he demonstrates the link between agrarian reform and the success of overall reform in Russia This learned and often controversial volume will interest political scientists policy makers and scholars and students of contemporary Russia

Russia And Eastern Europe After Communism Michael Kraus, Ron Liebowitz, 2019-06-04 The conference on Russia and East Europe in Transition held at Middlebury College in May 1994 under the auspices of the Center for Russian and East European Studies provided the impetus for this volume The two day gathering was made possible by a Title VI grant from the U S Department of Education and the Jessica Swift Endowed Lecture Fund of Middlebury College for which we are most grateful Apart from the contributors to this volume the conference participants included George Bellerose Raymond E Benson Valery Chalidze Michael Claudon David Colander Guntram H Herb Lars Lib Tamar Mayer Noah M J Pickus Sunder Ramaswamy David A Rosenberg and Mitchell Smith Acting as discussants panel chairs or interested participants their efforts individually and collectively have made this a better book and their contribution to this project is gratefully acknowledged

Bibliographic Guide to Soviet and East European Studies, 1978

Putin's Russia Stephen K. Wegren, 2018-11-16 Now in a thoroughly revised expanded and updated edition this classic text provides the most authoritative and current analysis of contemporary Russia Leading scholars explore the daunting domestic and international problems Russia confronts considering a comprehensive array of economic political foreign policy and social issues Putin's approach for dealing with his country's challenges emphasizes recentralization of power and a strong state He has returned to power for a fourth term amidst unresolved policy issues both domestically and from the international community Only by understanding these challenges and previous efforts to deal with them will it be possible to understand the trajectory for Russia Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia

Dispersed Dispossession Alexander Vorbrugg, 2025 This book provides a nuanced analysis of rural change in Russia during the 2010s a crucial and formative phase marked by the

consolidation of giant agricultural companies large land deals soaring exports and spectacular failures of investment projects It contextualizes complex and often ambivalent empirical realities within historical and political economic frameworks Through extensive fieldwork Alexander Vorbrugg gives rare insights into the operations of large agricultural companies and reveals how the deterioration of material infrastructures social arrangements government and local supports and collective goods erode the conditions of rural inhabitants well being and agency Vorbrugg introduces dispersed dispossession a concept that helps to relate gradual degradation to appropriation and agency The concept captures losses that have been accumulated across Soviet reform and state capitalist phases and stick to places persons and potentialities These losses are perpetuated and exploited by businesses and politicians and have profound implications for the conditions for resistance shaping the range of conceivable alternatives They are part of a history that is not fully past Provided by publisher

Bibliography of Agriculture with Subject Index ,1993-03 **Neue Aufsätze in der Bibliothek** ,1993 The Soviet and Post-Soviet Review ,1993 *Subject Guide to Children's Books in Print 1997* Bowker Editorial Staff,R R Bowker Publishing,1996-09 **The Politics of International Economic Relations** Joan Edelman Spero,Jeffrey A. Hart,2003 The sixth edition of this text gives greater emphasis to economic globalization and focuses on changes that continue to reshape the international arena Coverage of political and economic relations economic polarization in developing nations and the forces of economic change in former communist countries The American Bibliography of Slavic and East European Studies ,1992 Provides information on East Central Europe and the former Soviet Union Bibliographic Guide to Business and Economics New York Public Library.
