Selected Plays Of Brian Friel:

Selected Plays Brian Friel, 1984-01 Philadelphia here I come The freedom of the city Living quarters Aristocrats Faith healer Translations , *Political and Historical Topics in Selected Plays by Brian Friel: A Teaching Perspective* David Cichowicz, 2012-08-29 Examination Thesis from the year 2002 in the subject English Language and Literature Studies Literature grade 2 3 University of Wuppertal language English abstract Brian Friel is considered one of the most successful contemporary Irish dramatists His works have achieved international reputation and are staged throughout the world Even in schools especially in Ireland his plays are dealt with For language and literature teachers who work with Friel s plays in school this paper shall serve as a kind of handbook It is divided into two parts The first is a theoretical analysis of Friel s plays Philadelphia here I come Translations and Making History It provides the basic theoretical knowledge about the plays that teachers need for professional teaching The analysis examines Friel s plays on political and historical topics The plays mentioned all show many similarities concerning these topics and therefore seem very suitable for a detailed literary analysis The second part of this paper is more practically orientated It provides classroom teaching ideas for Friel s plays including many exercises and teaching material Although a lot has been written on Friel only a few have looked at his work from a didactical point of view A journal article by Philip Brady The Scholar in the Hayfield Brian Friel and the Post Colonial Classroom 1998 reports about the staging experiences of Translations by a university teacher for Irish literature Brady mentions the international validity of the political topics in Translations that can be applied to many countries and cultures Unfortunately the article does not provide teaching ideas and materials A few teaching materials can be taken from the internet see II 5 p 52 but not much has been done here either This seems to be surprising because the German syllabus as well the Irish syllabus both state that in order to live in this world one needs knowledge about historical political social and economical coherences cf Richtlinien 1999 p XIV Language is embedded in history culture society and ultimately personal subjectivity English Syllabus Higher Level 1999 p 2 The selected plays match the demand of both syllabi because they mainly deal with historical and political topics and illustrate how they affect a whole culture and its individuals These circumstances show the necessity of a work such as this and it may prove to be something that fills an important gap in Friel studies

Whispering and The Paddy Pedlar were produced there in 1953 followed by The Will and the Way in 1955 The Right Rose Tree in 1958 and The Wooing of Duvesa in 1964 After the company's return to the rebuilt Theatre in 1966 his plays with their romantic plots and Syngean dialogue did not find favour with the new Abbey and with the exception of Petticoat Loose in 1979 none of his later works were performed professionally

Selected Plays of Austin Clarke Austin Clarke, 2005 Austin Clarke 1896 1974 is known as a poet a playwright a broadcaster and a novelist In the later part of his life his work became better known principally through the support given by Liam Miller and the Dolmen Press in publishing his Collected Plays 1963 and later single plays and volumes of poems culminating in his Collected Poems 1974 His work as a reviewer was ceaseless and during his life he wrote over 1 500 reviews assessing over 5 000 books but it must be as one of twentieth century Ireland's most important poets that he is best known Clarke's plays are less well known both perhaps because they are verse plays and also because they have been out of print for so many years The publication of a selection of them is therefore long overdue and it includes The Son of Learning The Flame Black Fast The Kiss As the Crow Flies The Viscount of Blarney The Second Kiss Liberty Lane the hitherto unpublished play The Frenzy of Sweeney and St Patrick's Purgatory a translation of a play by Calderón the essays Verse Speaking and Verse Speaking and Verse Drama and a bibliographical checklist The selection has been made and is introduced by Mary Shine Thompson It is the fourteenth volume in the Irish Drama Selections series ISSN 0260 7962

Buffoonery in Irish Drama Kathleen Heininge, 2009 Generations of Irish playwrights have tried to assert the reputation of the stage Irish figure as other than comic but each effort was in its turn assailed as

buffoonery Using post colonial and performative theory Buffoonery in Irish Drama demonstrates the ways the Irish struggled to create a sense of identity in a colonial structure and it explores the distortion and appropriation of that new identity that elicit further calls to eradicate negative stereotypes Demonstrating the pervasiveness of the reclamation efforts Buffoonery in Irish Drama covers a wide range of well known and obscure plays to show the trajectory of twentieth century drama that brings us into a globalized twenty first century Ireland

Brian Friel's (Post) Colonial Drama F. C. McGrath, 1999-12 Brian Friel is Ireland's most important living playwright and this book places him in the new canon of postcolonial writers Drawing on the theory and techniques of the major postcolonial critics F. C. McGrath offers fresh interpretations of Friel's texts and of his place in the tradition of linguistic idealism in Irish literature This idealism has dominated Ireland's still incomplete emergence from its colonial past It appeals to Irish writers like Friel who following in a line from Yeats Synge and O'Casey challenge British culture with antirealist antimimetic devices to create alternative worlds histories and new identities to escape stereotypes imposed by the colonizers Friel grew up in Northern Ireland's Catholic minority and now lives in the Irish Republic McGrath maintains that all Friel's work is marked by colonial and postcolonial structures Like his predecessor Wilde Friel mixes lies facts memories and individual perception to create new myths and elevates blarney to a realm of aesthetic and philosophical distinction An important accessible scholarly introduction this book illustrates how Friel playfully subverts the English language and transcends British influence Friel's reality is constructed from personal fiction and it is his liberating response to oppression

Renegotiating and Resisting Nationalism in Twentieth-century Irish Drama Scott Boltwood, 2009 The essays in this collection seek to refine our understanding of the often polyvalent and conflicted engagement that Irish dramatists have entered into with nationalism a cultural and political movement that they have often attempted to simultaneously resist and renegotiate These nine essays construct a genealogy of dissent of loyal opposition revealing the apprehension and dissatisfaction with which the twentieth century's most influential playwrights have sometimes viewed the Irish state from its emergence in the early 1900s to its maturity at the century's end The articles on W. B. Yeats Augusta Gregory J. M. Synge and Sean O'Casey reveal the early Abbey Theatre's struggle to critique the failures of and influence the development of the early state and its proscriptive brand of nationalist Irishness The essays exploring the later plays of Samuel Beckett Brian Friel Frank McGuinness Anne Devlin Christina Reid Marie Jones and Marina Carr expose both the conceptual and political failures of mainstream Irishness in the second half of the twentieth century to satisfy the material or political aspirations of people on either side of the Irish border While many of this collection's essays share a common postcolonial interpretive strategy individual articles also employ the strategies of ecocriticism social anthropology structuralism feminism and nationalist
