Joy (Or Something Darker, but Like It) Nathaniel Perry,2024-07-09 Joy Or Something Darker but Like It the first book of nonfiction by poet Nathaniel Perry is a group of essays that considers poetry in the context of parenting what poems and poets might teach us about parenting what parenting might teach us about poetry and also what either of those things might have to teach us about simply being a relatively successful human being While other poets have written about parenthood few books consider how parenthood and poetry themselves intersect The essays are affable and never technical but take seriously the idea that thinking about poems might help us all think about our other roles in life as parents lovers citizens and friends The book in the end imagines that this kind of insight is maybe one of the things most useful about poetry It isn t or at least doesn t have to be always about itself it can instead surprisingly and wonderfully be about us Each of the twelve essays considers a different poet Edward Thomas Henry W Longfellow George Scarbrough Elizabeth Bishop Geoffrey Hill Primus St John Robert Hayden Elizabeth Coatsworth Gwendolyn Brooks Robert Frost E A Robinson and Belle Randall and alongside them different concerns of parenting and living Organized in chronological order they track the growth of Nathaniel Perry s own children who pop up from time to time in a believable way Essays consider the idea of devotion and belief the idea of imperfection the small details we can focus on as parents and the conceptions of the world we pass along to our children Together these essays not only represent the author s personal

canon of poets who have been important to him in his life and work but also present a diverse slice of American poetry in voice form identity origin and time period *Free Will and Determinism in American Literature* Perry D.

Westbrook,2020-08-27 The problem of the freedom or the bondage of the will was brought to this country by the Puritans and it has been one of the unanswerable questions ever since Whereas many other books have been written on Puritanism and on naturalism in their philosophic and theological manifestations this book traces these ideas through our national literature Chapter 1 begins with a brief account of St Augustine s views concerning the will continues with a full discussion of John Calvin s modifications of Augustine s views and ends with a consideration of Puritan concepts of the will as found in the writings of Michael Wigglesworth and Jonathan Edwards The second chapter looks at the subject of the predestinated will in the fiction of Nathaniel Hawthorne Herman Melville and Mary Wilkins Freeman and in the poetry of Emily Dickinson In the succeeding chapter attention is turned to nineteenth century authors actively hostile to the Calvinistic concept of predestination Charles Brockden Brown Harriet Beecher Stowe Oliver Wendell Holmes and Mark Twain The next two chapters then trace the rise of naturalistic determinism and compare and contrast it with the Calvinistic doctrines of predestination and election Focus is later directed on the blossoming of literary naturalism in America in the works of Stephen Crane Frank Norris Jack London and Theodore Dreiser The combining of naturalism with vestigial Calvinism in the novels of Ellen Glasgow and William Faulkner is the next subject of extended discussion In the concluding two chapters attention is turned to libertarian philosophies opposed to predestination and naturalistic determinism including deism transcendentalism pragmatism and humanism The influence of the great Russian novelists is presented and William Dean Howells Henry James Edith Wharton and Willa Cather are discussed as humanistic writers Finally the continuing tension between humanism and scientific determinism is noted in the writings of Ernest Hemingway The themes of the book are illustrated with many examples from the prose and verse of American writers *The Undergraduate's Companion to*
