Selected Poetry John Donne,1998 John Donne 1572 1631 is perhaps the most important poet of the seventeenth century In his day it seemed to his admirers that Donne had changed the literary universe and he is now widely regarded as the founder of the metaphysical school Donne s poetry is highly distinctive and individual adopting a multitude of rhythms images forms and personae from irresistible seducer to devout believer His greatness stems from the subtleties and ambivalences of tone that convey his remarkably modern awareness of the instability of the self This collection of Donne s verse is chosen from the Oxford Authors critical edition of his major works It includes a wide selection from his secular and divine poems such as the rebellious and libertine satires and love elegies the virtuoso Songs and Sonnets and the desperate passionate Holy Sonnets John Carey's introduction and extensive notes provide valuable insights into Donne's poetic genius

His poetry is noted for its vibrancy of language and inventiveness of metaphor especially compared to that of his **John Donne: Collected Poetry** John Donne, 2012-10-04 Regarded by many as the greatest of the contemporaries Metaphysical poets John Donne 1572 1631 was also among the most intriguing figures of the Elizabethan age A sensualist who composed erotic and playful love poetry in his youth he was raised a Catholic but later became one of the most admired Protestant preachers of his time The Collected Poetry reflects this wide diversity and includes his youthful songs and sonnets epigrams elegies letters satires and the profoundly moving Divine Poems composed towards the end of his life From joyful poems such as The Flea which transforms the image of a louse into something marvellous to the intimate and intense Holy Sonnets Donne breathed new vigour into poetry by drawing lucid and often startling metaphors from the world in which he lived His poems remain among the most passionate profound and spiritual in the English language **Poems of John Donne** John Donne, 1994 John Donne's poetry is marked by a scientific colloquial directness and a complex even tortured intelligence It falls into two classes There is the early ironic and erotic poetry that contains some of the finest English love poetry and also his later religious poetry **Selected Poems**, 2006 Selected poems of John Donne. Edited with an introduction, notes, and commentary by James Reeves. (Reprinted.). John Donne, 1958 Iohn **Selected Poems of John Donne** J. Reeves, 1963 OCR John Donne Selected Poems John Donne ,2011 Donne, 2008-05 A selection of John Donne's poems suitable for study at A level This OCR endorsed edition also contains textual notes and an OCR GCE specific introduction Air and Angels John Donne, 2007-06 JOHN DONNE SELECTED POEMS A selection of the finest poems by British poet John Donne John Donne was Robert Graves said a Muse poet a poet who wrote passionately of the Muse It is easy to see Donne as a love poet in the tradition of love poets such as Bernard de Ventadour Dante Alighieri Francesco Petrarch and Torquato Tasso Donne has written his fair share of love poems There are the bawdy allusions to the phallus in The Flea while The Comparison parodies the adoration poem with references to the sweat drops of my mistress breast Like William Shakespeare in his parody sonnet my mistress eyes are nothing like the sun Donne sends up the Petrarchan and courtly love genre with gross comparisons Like spermatic issue of ripe menstruous boils In The Bait there is the archetypal Renaissance opening line Come live with me and be my love as used by Christopher Marlowe and William Shakespeare among others And there is the complex ambivalent eroticism of The Extasie a much celebrated love poem and the 19th Elegy where features Donne's famous couplet Licence my roving hands and let them go Before behind between above below The Songs and Sonnets of John Donne celebrate the many emotions of love feelings that are so familiar in love poetry from Sappho to Adrienne Rich Donne does not quite cover every emotion of love but a good deal of them In The Canonization we find the age old Neo platonic belief that two can become as one we two being one or we shall Be one he writes in Lovers Infiniteness a common belief in love poetry John Donne's love poetry like nearly all love poetry self reflexive Although he would ne er parted be as he writes in Song Sweetest love I do not go he knows that love poetry comes

out of loss The beloved woman is not there so art takes her place The Songs and Sonnets arise from loss loss of love they take the place of love For if he were clasping his beloved in those feverish embraces as described in The Extasie and Elegy he would not obviously bother with poetry Love poetry has this ambivalent difficult relationship with love The poem is not love and is no real substitute for it And writing of love exacerbates the pain and the insecurity of the experience of love

Selected Poems of John Clare John Clare, John Donne, James Reeves, 1952-01-01 John Donne John Donne, Phillip John Donne's Poetry and Early Modern Visual Culture Ann Hurley, 2005 This study argues the thesis Mallett.1983 that John Donne's poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically its visual culture. It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne s verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne's poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College The Cambridge Companion to John Donne Achsah Guibbory, 2006-02-02 The Cambridge Companion to John Donne introduces students undergraduate and graduate to the range brilliance and complexity of John Donne Sixteen essays written by an international array of leading scholars and critics cover Donne's poetry erotic satirical devotional and his prose including his Sermons and occasional letters Providing readings of his texts and also fully situating them in the historical and cultural context of early modern England these essays offer the most up to date scholarship and introduce students to the current thinking and debates about Donne while providing tools for students to read Donne with greater understanding and enjoyment Special features include a chronology a short biography essays on political and religious contexts an essay on the experience of reading his lyrics a meditation on Donne by the contemporary novelist A S Byatt and an extensive bibliography of editions and criticism **Tohn Donne** John Donne, 1950 Regarded by many as the greatest of the Metaphysical poets John Donne 1572 1631 was also among the most intriguing figures of the Elizabethan age A sensualist who composed erotic and playful love poetry in his youth he was raised a Catholic but later became one of the most admired Protestant preachers of his time The Selected Poems reflects this wide diversity and includes his youthful Songs and Sonnets epigrams elegies letters satires and the profoundly moving Divine Poems composed towards the end of his life From joyful poems such as The Flea which transforms the image of a louse into something marvellous to the intimate and intense Holy Sonnets Donne breathed new vigour into
