Selected Shorter Writings:

New Perspectives on Old Princeton, 1812-1929 Kevin DeYoung, Paul Kjoss Helseth, David P. Smith, 2024-12-03 This book focuses on Princeton Theological Seminary and the theologians who taught there from the time of its founding in 1812 to the time of its reorganisation in 1929 It confronts the standard assessment of Old Princeton in the historiography of North American evangelicalism and sets out why a new paradigm is needed The volume critically engages with the Ahlstrom thesis and other more recent scholarship concerning Old Princeton's relationship to the Scottish intellectual tradition The contributions seek to move beyond Old Princeton's alleged indebtedness to Enlightenment thought and advance a more constructive reading of the Old Princetonians their theology and their place in the American evangelical experience The book offers a fresh and more accurate assessment of the theological and philosophical assumptions that held sway at Old Princeton and through the seminary to the American continent and beyond It will appeal to scholars interested in theology religious history and intellectual history

Old School, New Clothes Ronald E. Hoch, David P. Smith, 2011-09-09 Is much of Christian education in America distinctly Christian Ron Hoch and David Smith say No Instead it is guilty of having adopted an ideology and methodology that strips it of the right to call itself Christian and the ability to fulfill a truly Christian mission The authors claim that the fundamentally humanistic ideology of the West conditions and controls much of what is labeled Christian education By talking about the need to integrate faith and learning focusing on teaching methodology and operating schools in virtually the same way as government run schools many Christian academics betray captivity to the dogma that humans are the measure of all things and need to do what God has already done As a result much of what controls the conversation and practices in Christian academia echoes the humanistic arrogance of the West and offers no substantive alternative to it In *Old School New Clothes* Hoch and Smith issue a call for Christian academics to own up to their own confession that all reality was created and integrated by God damaged by sin and has already been reintegrated in and by Jesus Thus the emphasis in Christian education ought not to be what Christian educators are doing to redeem the culture but on what God is bringing to the Church in order to redeem sinners Only by recognizing that all human knowledge claims in every sphere are inherently theological and that God is truly seen in and experienced through knowledge of all things will a distinctly Christian education be forged Christian education must primarily emphasize the reintegration or redemption of teachers brought through right knowledge of Jesus that comes through every subject discipline and expressed in a life balanced on Sabbath work and family

[The Life I Now Live](#) Rich S. Brown III, 2023-05-05 *The Life I Now Live* recounts the life and ministry of J Gresham Machen the founder of Westminster Theological Seminary 1929 the Orthodox Presbyterian Church 1936 and the Independent Board for Presbyterian Foreign Missions 1933 This book takes you on a journey back to the early twentieth century when historic Evangelical Christianity was met with intense opposition by the Theological Liberals known as Modernists The Presbyterian Church USA in the North split over the Fundamentalist

Modernist divide and the leading institutions of the day did the same including Princeton Theological Seminary Many key leaders in the Protestant Church theologically criticized the person and redeeming work of Jesus Christ and the Bible which is the inerrant inspired and authoritative word of God J Gresham Machen led the Evangelical Church amidst much turmoil confusion and deconstruction with absolute integrity and a steadfast spirit Though he was well known and beloved within the Evangelical Church in his own day the story of how he defended the historic Christian Faith has been largely forgotten a century later *The Life I Now Live* explores Machen's defense of the gospel his teaching and preaching ministry and his evangelistic zeal It is also written in commemoration of his classic work *Christianity and Liberalism* 1923 But it is so much more than just a biography This book encourages ordinary Christians to see themselves as those who can indeed defend the Truth in today's age of Postliberalism Postmodernism unbiblical Gender Ideology Critical Race Theory and Deconstructionism The Evangelical Church is now in a moment of crisis in which we must choose today whom we will serve Will you serve the Lord God And if so how will you defend the Faith in today's culture Read this book to find out how Short Essays: Original and Selected, Etc Short essays, 1885 *Textuality of public place in the selected short stories of Ruskin Bond* Rimpa Pal, 2020-12-08 Essay from the year 2020 in the subject Literature Asia language English abstract This paper deals with four major short stories of Ruskin Bond where railway station is the setting and Bond attempts to build private relations in public atmosphere I have not specifically dealt with space theory but certain concepts like Augé's idea of non place Tuan's meaning of existence and the relation between man and environment which were necessary while justifying the tendency of the author to transform the railway station into a private place for expressing his character's personal desires The bond of human relationships emphasizes Bond's understanding of the human mentality nature thoughts and behaviour Bond's stories display human feelings like affection care kind heartedness insecurities sorrow and disgust As his art is often referred to as autobiographical his characters are real and we can find them in our neighbourhood The incomparable way in which he alters the unexciting dull things in our everybody life into something really striking and interesting fascinate not only the common reader but also the literary world Travelling and communication with masses is equally important for humanity which makes one socially upgraded and sometimes may give birth to inventive artists like Ruskin Bond *Cassell's library of English literature, selected, ed. and arranged by H.
