**The Poetry of American Women from 1632 to 1945** Emily Stipes Watts, 2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet's pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work of American men and that of American women are two different kinds of poetry although they have been treated as such in the past It is her aim rather to

delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature New Selected Poems Robert Lowell,2017-08-01 THE BEST AMERICAN POET OF HIS GENERATION TIME Gathered on the occasion of Robert Lowell s one hundredth birthday New Selected Poems offers a fresh and illuminating representation of one of the great careers in twentieth century poetry The renowned and controversial author of many books of poems plays and translations Lowell was one of the United States most honoured poets winning the Pulitzer Prize in Poetry in 1947 and 1974 the National Book Award and the National Book Critics Circle Award His ongoing interrogation of his family legacy his personal struggle with manic depression and his mastery of the tradition of poetry in English formed the groundbreaking autobiographical foundation of Life Studies 1959 and the books that followed it including For the Union Dead 1964 Near the Ocean 1967 History 1973 and Day by Day 1977 Katie Peterson s incisive selection of Lowell s poems draws attention to the perishability of life its twinned quality of fragility and repetition as framed by the structured evanescence of daily consciousness Lowell s own intense dramas and struggles are the substrate he drew on in his restless search to make sense of and fix shape shifting experience not his but ours As Peterson says Lowell was constitutionally immune to any stultifying permanence either of form or of spirit Her brilliant new reading of Lowell shows us his work constantly breaking renewing transforming as he strives restlessly over and over to find an elusive unity

instability and sexual energy adolescence acquired its own tastes habits subcultures slang economic interests and art forms This new idea of adolescence became the driving force behind some of the modern era s most original poetry Stephen Burt demonstrates how adolescence supplied the inspiration and at times the formal principles on which many twentieth century poets founded their works William Carlos Williams and his contemporaries fashioned their American verse in response to the idealization of new kinds of youth in the 1910s and 1920s W H Auden s early work Philip Larkin s verse Thom Gunn s transatlantic poetry and Basil Bunting s late modernist masterpiece Briggflatts all track the development of adolescence in Britain as it moved from the private space of elite schools to the urban public space of sixties subcultures The diversity of American poetry from the Second World War to the end of the sixties illuminates poets reactions to the idea that teenagers juvenile delinquents hippies and student radicals might for better or worse transform the nation George Oppen Gwendolyn Brooks and Robert Lowell in particular built and rebuilt their sixties styles in reaction to changing concepts of youth Contemporary poets continue to fashion new ideas of youth Laura Kasischke and Jorie Graham focus on the discoveries of a specifically female adolescence The Irish poet Paul Muldoon and the Australian poet John Tranter use teenage perspectives to represent a postmodernist uncertainty Other poets have rejected traditional and modern ideas of adolescence preferring instead to view this age as a reflection of the uncertainties and restricted tastes of the way we live now The first comprehensive study of adolescence in twentieth century poetry The Forms of Youth recasts the history of how English speaking cultures began to view this phase of life as a valuable state of consciousness if not the very essence of a Western identity Forthcoming Books Rose Army,2002 **Public Library Core Collection** John Greenfieldt,Patrice Bartell,2008 Wilson s Public Library Core Collection Nonfiction 13th Edition 2008 recommends reference and nonfiction books for the general adult audience It is a guide to over 9 000 books over 6 500 titles are new to this edition plus review sources and other professional aids for librarians and media specialists Acquisitions librarians reference librarians and cataloguers can all use this reliable guide to building and maintaining a well rounded collection of the most highly recommended reference and nonfiction books for adults All titles are selected by librarians editors advisors and nominators all of them experts in public library services The collection is a valuable tool for collection development and maintenance reader s advisory weeding your collection and curriculum support Richly enhanced records provide a wealth of useful information All entries include complete bibliographic data as well as price subject headings annotations grade level Dewey classification cover art and quotations from reviews Many entries also list awards best book lists and starred reviews Save Time Efficiently organised and includes Starred titles Save Money Allocate your resources to the best materials available Stay Relevant Discover the best in important contemporary categories Complete Coverage Includes recommendations on periodicals and electronic resources too Four Year Subscription This Core Collection was originally sold as a four year subscription The core edition published in 2008 delivers a library bound volume with an extensive selective list of recommended books From 2009 to 2011

Eliot* Flemming Olsen,2008 Several critics have been intrigued by the gap between late Victorian poetry and the more modern poetry of the 1920s This book fills in the gap and analyzes one school of poetry and criticism written in the first decade of the 20th century until the end of the First World War To many readers and critics T E Hulme and the Imagists represent little more than a footnote But they were more than mere stepping stones in the transition Besides being experimenting poets most of them were acute critics of art and literature and they made the poetic picture the focus of their attention They were opposed not only to the monopoly of science which claimed to be able to decide what truth and reality really were but also opposed to the predictability and insipidity of much of the poetry of the late Tennyson and his successors Behind the discussions and experiments lay the great questions What is reality What are its characteristics How can we describe it Can we ever get to an understanding of it Hulme and the Imagists deserve to be taken seriously because of their untiring efforts and because they contributed to bringing about the reorientation that took place within the poetical

and critical traditions      **Library Journal** ,2004 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately
