*Parenting with an Attitude...* Ed Wimberly, 2020-02-04 Most parents these days are looking for answers to the questions they have that they believe will help them in their efforts to be successful parents Too often however they are unable to find helpful answers because they are asking the wrong questions Rather than some of the more common questions like Where have we gone wrong Why won't Jason ever listen Why do they seem to prefer being at someone else's house Parenting with an Attitude focuses on twenty one of the more important questions to ask ourselves if it is our desire to make improvements in our parenting efforts Asking the right questions helps to fine tune our parenting attitudes and in doing so helps ensure that we raise healthy and responsible kids who grow up to be well adjusted adults Parenting with an Attitude is different than most books written on parenting today What sets it apart is that it focuses more on our efforts and attitudes as parents to our kids and what we can do differently rather than on the attitude of our kids and how we can somehow extract changes from them As our attitudes improve we will see the changes we desire in them To help you in this process I have included at the end of each chapter several discussion questions for you to consider

### **Are You Making Love or Just Having Sex?**

Elliot D. Cohen, 2024-10-15 In making love one is elevated beyond the carnal desires it satisfies For the religious it is Divine for those who are not religiously inclined it is still a spiritual experience one of seamless solidarity a unity of two as one that defies mere orgasmic stimulation You don t have to make love to have sex Even strangers can be sexually attracted and have an orgasmic escapade But in the act of making love there is symbolic meaning that is felt through and through the sex act Two in love are joined in life and the sexual expression of this unison is deeply felt in the sex act itself This is sexual intimacy the making of love the likes of which is rarely if ever seen outside a loving relationship There is no escape from the philosophical dimensions of such a loving relationship It is as abstract as it is concrete in the ideals that ground it There is a mystery about it a kind of transcendent experience that defies translation into words Making and being in love are thus joined at the hip Loving relationships make the bed in which true lovers sleep Unfortunately many relationships flounder or never get off the ground Just having sex may ease the tension but it then becomes a means not truly an end in itself The moment the sex act ends the couple may retreat and fall into discord It is an oasis in a barren desert that provides temporary relief a titillating temporary escape from reality This book can help you to overcome the obstacles the unlovable habits that encumber your relationship both inside and outside the bedroom It can help to create the harmonic balance between your sex life and other aspects of your personal and interpersonal relationships which are preludes to making and being in love To accomplish this it applies a five step method based on Logic Based Therapy Consultation LBTC a popular form of evidence based philosophical counseling modality First it introduces you to six types of unlovable ways of thinking and acting and helps you to identify the ones that may be sabotaging your own relationship Second it shows you how to counter these self defeating habits with certain lovable goals virtues of love Third it helps you to identify and embrace a personal love philosophy that empowers you to reach for your lovable goals Fourth it provides core philosophical ideas that are key to any successful quest for romantic love Fifth it helps you construct a behavioral plan that applies your philosophies to making constructive changes in your relationship The latter may require making changes both inside and outside your relationship Thus this book also shows you how the problems you are having in one area of your life at work in your social life etc can affect the quality of your relationship inside and outside the bedroom and it offers guidance including self improvement
