Selfhood Identity Esteem Regulation:

Selfhood Rick Hoyle, Michael H. Kernis, Mark R. Leary, Mark W. Baldwin, 2019-09-16 This text provides an integrative survey of the burgeoning social psychological literature on the self By way of an introduction the authors establish the intellectual climate that gave rise to contemporary perspectives on the self and integrate early and more recent research on the structure of the self The core of the text surveys the literature "Ehre, wem Ehre gebührt!" Hanna-Maria

Schmalenbach, 2022 Ehre ein Begriff der in westlichen Kulturen vielfach verstaubt anmutet weltweit aber für ein Phänomen von großer Relevanz steht Dieses Buch erschließt das vielschichtige Phänomen Ehre in seiner Universalität und Kulturabhängigkeit in einem interdisziplinären Gesamtüberblick Bei der Betrachtung des Phänomens aus biblisch theologischer und missiologischer Perspektive erweist sich dass Ehre kein exotisches Randthema in Theologie und Mission sein darf sondern geradezu ein Schlüsselkonzept ist das vielen Menschen dieser Welt den Zugang zum Evangelium erleichtert ja erst ermöglicht macht

Handbook of Biobehavioral Approaches to Self-Regulation Guido H.E. Gendolla, Mattie Tops, Sander L. Koole, 2014-09-22 How can people master their own thoughts feelings and actions This question is central to the scientific study of self regulation The behavioral side of self regulation has been extensively investigated over the last decades but the biological machinery that allows people to self regulate has mostly remained vague and unspecified Handbook of Biobehavioral Approaches to Self Regulation corrects this imbalance Moving beyond traditional mind body dualities the various contributions in the book examine how self regulation becomes established in cardiovascular hormonal and central nervous systems Particular attention is given to the dynamic interplay between affect and cognition in self regulation The book also addresses the psychobiology of effort the impact of depression on self regulation the development of self regulation and the question what causes self regulation to succeed or fail These novel perspectives provide readers with a new biologically informed understanding of self awareness and self agency Among the topics being covered are Self regulation in an evolutionary perspective The muscle metaphor in self regulation in the light of current theorizing on muscle physiology From distraction to mindfulness psychological and neural mechanisms of attention strategies in self regulation Self regulation in social decision making a neurobiological perspective Mental effort brain and autonomic correlates in health and disease A basic and applied model of the body mind system Handbook of Biobehavioral Approaches to Self Regulation provides a wealth of theoretical insights into self regulation with great potential for future applications for improving self regulation in everyday life settings including education work health and interpersonal relationships The book highlights a host of exciting new ideas and directions and is sure to provoke a great deal of thought and discussion among researchers practitioners and graduate level students in psychology education neuroscience medicine and behavioral economics **The Self and Others** Rom Harré, Fathali M. Moghaddam, 2003-11-30 This volume focuses on relations between the self and other individuals the self and groups and the self and context Leading scholars in the field of positioning theory present the newest

developments from this field on human social relations The discussion is international multidisciplinary and multi method aiming to achieve a more dynamic and powerful account of human social relations and to break disciplinary boundaries Four features in this work are prominent The book is culturally oriented and international There is a push to move across disciplines particularly across psychology and linguistics and psychology and microsociology There is a focus on language and social construction of the world through discourse Finally the book represents a multi method approach that reflects discursive methods

Cross-cultural Differences in Perspectives on the Self Virginia Murphy-Berman,John J. Berman,2003 Cross Cultural Difference in Perspectives on the Self features the latest research in a dynamic area of inquiry and practice Considered in these pages are cross cultural differences in the idea of the person and in models of balancing obligations to the self family and community Revisiting and questioning the concepts of self and self worth the authors investigate the extent to which factors traditionally associated with psychological effectiveness intrinsic motivation assuming personal responsibility for one's actions and feeling in control unique hopeful and optimistic are culturally bound Hazel Markus and Shinobu Kitayama consider cultural differences in models of psychological agency Joan Miller critiques the meaning of the term agency analyzing the extent to which many popular theories in psychology rest on rather narrow Western models of behavior and effective functioning Steven Heine calls into question the presumed

universality of some forms of cognitive processing Sheena Iyengar and Sanford DeVoe apply a cross cultural perspective to better understand intrinsic and extrinsic motivation and the value of choice Kuo shu Yang questions the universality of the pervasive and popular theory of self actualization formulated by Abraham Maslow and finally Ype Poortinga reexamines not only the cultural boundaries of theory but also the very meaning of the concept of culture itself Virginia Murphy Berman is a visiting professor of psychology at Skidmore College John J Berman is a professor of psychology at Skidmore College and the editor of the Nebraska Symposium on Motivation Volume 37 Cross Cultural Perspectives Nebraska 1990

Two Sides to Every Self-Process: the Pros and Cons Virginia S. Y. Kwan, Lowell Gaertner, 2009 Reflecting the importance of the self in optimal functioning a vast literature on the value of different self processes is accumulating Individual research reports however frequently present a one sided view focusing either on the benefits or the liabilities of the self process under study A more complete understanding of both the benefits and liabilities of a self process is essential because it profoundly shapes the conclusions of existing research and directions of future research To that end this special issue brings together leading researchers to present their unique perspectives on the benefits and liabilities of the self process they study

Basic Dimensions in Conscious Thought George A. De Vos, Eric S. De Vos, 2004-03-12 Describes an empirically validated method for analyzing the thematic content of narratives as a tool for comparative research in Anthropology Cultural Psychology and Ethnopsychiatry

Understanding Motivation for Lifelong Learning Jim Smith, Andrea Spurling, 2001 Understanding the motivation to learn is increasingly recognised by policy makers and practitioners as the key to the creation of the Learning Age However despite many years of research in a number of fields no comprehensive assessment of motivation for lifelong learning has existed until now In addition to offering an impressive synthesis and development of existing research this book maps the factors influencing motivation across the three spheres of workplace home and community and also explores the practical implications of an understanding of motivation for policy Required reading for all those involved in creating the learning age

Balance David Wall Rice, 2008-01-11 Scholarly research and depictions within popular culture present black males largely on the basis of their being caricatures entities that extend not far beyond stereotypical celluloid televised explanations print articles and selective hip hop commentary Even within institutions and among individuals that are assumed to have the best interest of the black male at center there is often an inability to consider them past a faux orbit of one dimensionality Balance is unique in that it approaches Black males from a well rooted personality perspective within context and utilizes discourse analysis in attempts at advancing identity theory

Psychology for Living Karen Grover Duffy, Eastwood Atwater, 2001 Focusing on classical oligopoly theory from 1840 1940 this volume uses topology and numerics to reconsider work by early oligopoly researchers

in the light of modern dynamics It resuscitates some of the field's original ideas after decades of oblivion *Choice*, 2009
