## **Sexual Democracy Women Oppression And Revolution:**

**Sexual Democracy** Ann Ferguson, 2019-09-16 In a book that is both a critical analysis of contemporary society and the record of a feminist intellectual odyssey Ann Ferguson one of the most influential socialist feminist theorists develops a new theory of social domination Tracing the development of socialist feminist theory from its roots in the politics of the New Left to its present p

**Materialist Feminism** Rosemary Hennessy, Chrys Ingraham, 1997 During the 1980s capitalism triumphantly secured its global reach anti communist ideologies hammered home socialism s inherent failure the New Left increasingly moved into the professional middle class and many of feminism s earlier priorities were marginalized Identity politics often formulated in terms of social reconstructionism or multiculturalism has increasingly suppressed materialist feminism s systematic perspective replacing it with discourse analysis or cultural politics Materialist Feminism A Reader argues against the retreat to multiculturalism for keeping invisible the material links among the explosion of meaning making practices in highly industrialized social sectors the exploitation of women s labor and the appropriation of women s bodies that continues to undergird the scramble for profits and state power in multinational capitalism

**The Invention of Heterosexuality** Jonathan Ned Katz, 2024-05-31 Heterosexuality assumed to denote a universal sexual and cultural norm has been largely exempt from critical scrutiny In this boldly original work Jonathan Ned Katz challenges the common notion that the distinction between heterosexuality and homosexuality has been a timeless one Building on the history of medical terminology he reveals that as late as 1923 the term heterosexuality referred to a morbid sexual passion and that its current usage emerged to legitimate men and women having sex for pleasure Drawing on the works of Sigmund Freud James Baldwin Betty Friedan and Michel Foucault The Invention of Heterosexuality considers the effects of heterosexuality s recently forged primacy on both scientific literature and popular culture Lively and provocative Carol Tavris New York Times Book Review A valuable primer misses no significant twists in sexual politics Gary Indiana Village Voice Literary Supplement One of the most important if not outright subversive works to emerge from gay and lesbian studies in years Mark Thompson The Advocate

Queer Economics Joyce Jacobsen, Adam Zeller, 2013-03-07 An important new book bringing together into one volume many of the salient early articles in the field as well as important recent contributions this reader is an examination of and response to the effects of heteronormativity on both economic outcomes and economics as a discipline The first book to consolidate what has been published filling a gap in the currently available literature and edited by an expert in the field it contains a brief introductory essay setting out the reasons for and aims of the project and a short section introduction defining the topic at hand and introducing each of the key readings This book is necessary reading for students in research areas including political economy urban studies economics economic history and demographic economics

Dishonorable Passions William N. Eskridge Jr., 2008-05-01 From the Pentagon to the wedding chapel there are few issues more controversial today than gay rights As William Eskridge persuasively demonstrates in Dishonorable Passions there is

nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America's emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation's sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court's decision in *Lawrence v Texas* 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover *Dishonorable Passions* reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate *Dishonorable Passions* is a must read for anyone interested in the history of sexuality and its regulation in the United States

**Handbook of Medieval Sexuality** Vern L. Bullough, James Brundage, 2013-01-11 Like specialists in other fields in humanities and social sciences medievalists have begun to investigate and write about sex and related topics such as courtship concubinage divorce marriage prostitution and child rearing The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives thoughts hopes and fears both of individuals and of the institutions that they created in the middle ages The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this Handbook by the major authorities in their scholarly specialties The study of medieval sexuality poses problems for the researcher indices in standard sources rarely refer to sexual topics and standard secondary sources often ignore the material or say little about it Yet a vast amount of research is available and the information is accessible to the student who knows where to look and what to look for This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards

*Marginal Groups and Mainstream American Culture* Yolanda Estes, 2000 They are often portrayed as outsiders ethnic minorities the poor the disabled and so many others all living on the margins of mainstream society Countless previous studies have focused on their pain and powerlessness but that has done little more than sustain our preconceptions of marginalized groups Most accounts of marginalization approach the subject from a distance and tend to overemphasize the victimization of outsiders Taking a more intimate approach this book reveals the personal moral and social implications of marginalization by drawing upon the actual experiences of such individuals Multidisciplinary and multicultural *Identity on the Margin* addresses marginalization at a variety of social levels and within many different social phenomena going beyond familiar cases dealing with race ethnicity and gender to examine such outsiders as renegade children conservative Christians and the physically and mentally disabled And because women are especially subject to the effects of marginalization feminist concerns and the marginalization of sexual practices provide a common denominator for many of the essays From problems posed by complimentary racism to the status of gays in Tony Blair's England from the struggle of Native Americans to preserve their identities to the singular problems of single mothers

Identity on the Margin takes in a broad spectrum of cases to provide theoretical analysis and ethical criticism of the mechanisms of identity formation at the edges of society In all of the cases the authors demonstrate the need for theory that initiates social change by considering the ethical implications of marginalization and criticizing its harmful effects Bringing together accounts of marginalization from many different disciplines and perspectives this collection addresses a broad audience in the humanities and social sciences It offers a basis for enhancing our understanding of this process and for working toward meaningful social change Österreichische Zeitschrift für Politikwissenschaft ,1993 *Social Stratification* Daniel W. Rossides,1997 This book provides a comprehensive analysis of social stratification using both Marxian and liberal perspectives The Second Edition has been updated and rewritten throughout to reflect the latest information available and make effective learning even more accessible than before *Hecate* ,1994 *The Elgar Companion to Feminist Economics* Janice Peterson,Margaret Lewis,1999 The Elgar Companion to Feminist Economics is the first comprehensive reference work introducing readers to the field of feminist economics It includes 99 entries by 88 authors This authoritative volume includes timely entries addressing key concepts in feminist economics as well as feminist economic critiques and reconstructions of major economic theories and policy debates The material is presented in an accessible manner and will be of interest to scholars and teachers from across the social sciences The Elgar Companion to Feminist Economics will become an indispensable resource for scholars and teachers interested in exploring this emerging and evolving field of inquiry Cahiers de la Femme ,1978 **Capitalism, Socialism and Radical Political Economy** Howard J. Sherman,Robert Pollin,2000 This volume of new original essays reflects the lifelong concerns and writings of the person they honor Professor Howard Sherman Sherman wrote on a wide range of topics the causes of recessions depressions and mass unemployment under capitalism the difficulties and challenges of establishing viable democratic planning systems under socialism the down to earth realities of economic life in the United States the Soviet Union and elsewhere and the theoretical traditions he drew upon to inform these empirical studies i e Keynesianism institutionalism and most especially Marxism The contributors follow in Sherman s tradition through their careful analysis of topics such as the long term trends in contemporary global capitalism the relationship between Marxism and institutionalism debates over the usefulness of class analysis the political economy of financial liberalization lessons from the demise of socialism in the Soviet Union and China and the possibilities for advancing a workable egalitarian economic agenda This book demonstrates the continued vibrancy and relevance of radical political economy as a mode of social scientific analysis Scholars and students in economics sociology history philosophy and political science will find the essays thought provoking and informative **Feminist Studies** ,1992 **Australian Books in Print 1995** Thorpe, D.
