

Edited by Keith Newlin and Joseph B. McCullough

Selected Letters of Hamlin Garland

Selected Letters Of Hamlin Garland

Jicheng Xie

Selected Letters Of Hamlin Garland:

Selected Letters of Hamlin Garland Hamlin Garland, 1998-01-01 Hamlin Garland a Pulitzer Prize winner and author of more than forty books was a central figure in American literary life for half a century He was intimately involved with many of the major literary social and artistic movements in American culture and his extensive correspondence with the intellectual leaders of American culture was almost unparalleled in scope This volume brings together a rich representative sample of Garland's letters They are addressed to an impressive roster of individuals Samuel Clemens William Dean Howells Walt Whitman Zona Gale Theodore Roosevelt Van Wyck Brooks Howard Mumford Jones Brander Matthews Stephen Crane George Washington Cable and many others The letters touch on an equally broad range of subjects from the U S government's reprehensible treatment of Native Americans to environmental issues to the major literary figures and controversies of Garland's day Frank opinionated and wide ranging Garland's letters provide a valuable and entertaining portrait of American cultural and intellectual life in the years between 1890 and 1940 *Hamlin Garland* Keith Newlin, 2008-06-01 In recognition of his achievements in literature Hamlin Garland 1860-1940 received four honorary doctorates and a Pulitzer Prize Keith Newlin traces the rise of this prairie farm boy with a half formed ambition to write who then skyrocketed into international prominence before he was forty His life is a story of ironic contradictions the radical whose early achievement thrust him to the forefront of literary innovation but whose evolutionary aesthetic principles could not themselves adapt to changing conditions the self styled veritist whose credo demanded that he verify every fact but whose credulity led him to spend a lifetime seeking to confirm the existence of spirits His need for recognition caused him to cultivate rewarding friendships with the leaders of literary culture yet even when he attained that recognition it was never enough and his self doubt caused him fits of black despair The first and only other biography of Hamlin Garland was published more than forty years ago since then letters manuscripts and family memoirs have surfaced to provide along with changing literary scholarship a more evaluative and critical interpretation of Garland's life and times *Hamlin Garland A Life* is an exploration of Garland's contributions to American literary culture and places his work within the artistic context of its time Edinburgh Companion to Nineteenth-Century American Letters and Letter-Writing Celeste-Marie Bernier, 2016-02-15 Provides a wide ranging entry point and intervention into scholarship on nineteenth century American letter writing This comprehensive study by leading scholars in an important new field the history of letters and letter writing is essential reading for anyone interested in nineteenth century American politics history or literature Because of its mass literacy population mobility and extensive postal system nineteenth century America is a crucial site for the exploration of letters and their meanings whether they be written by presidents and statesmen scientists and philosophers novelists and poets feminists and reformers immigrants Native Americans or African Americans This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers Rather than treating the letter as a

spontaneous private document the contributors understand it as a self conscious artefact circulating between friends and strangers and across multiple genres in ways that both make and break social ties

Key Features Draws together different emphases on the intellectual literary and social uses of letter writing Provides students and researchers with a means to situate letters in their wider theoretical and historical contexts Methodologically expansive intellectually interrogative chapters based on original research by leading academics Offers new insights into the lives and careers of Louisa May Alcott Charles Brockden Brown Emily Dickinson Frederick Douglass Margaret Fuller Henry James Thomas Jefferson Abraham Lincoln Herman Melville Harriet Beecher Stowe and Edgar Allan Poe among many others

New Critical Writings in Political Sociology Kate Nash, 2017-03-02 The first volume of the series covers the key themes of political sociology as these have emerged in the course of the sub discipline s development state formation legitimation power regulation and inequality The widening of the focus of political sociology from the nation state and from models of power based on agents wills and explicit agendas is reflected in the selection The volume includes both standard and highly influential contributions such as Elias on violence Habermas on legitimation crisis or Lukes on power and works that are perhaps less well known but which represent a representative cross section of themes and debates in the area The historical formation of the state and its shifting spatial reach are covered in the first and final sections respectively In between both substantial issues e g the changing nature of social policy and welfare regimes and a wide range of theoretical and conceptual issues are discussed by leading representative of the vying positions within the field

Encyclopedia of American Poetry: The Nineteenth Century Eric L. Haralson, 2014-01-21 With contributions from over 100 scholars the Encyclopedia of American Poetry The Nineteenth Century provides essays on the careers works and backgrounds of more than 100 nineteenth century poets It also provides entries on specialized categories of twentieth century verse such as hymns folk ballads spirituals Civil War songs and Native American poetry Besides presenting essential factual information each entry amounts to an in depth critical essay and includes a bibliography that directs readers to other works by and about a particular poet

Decoding Subaltern Politics James C. Scott, 2013 James C Scott has researched and written on subaltern groups and in particular peasants rebellion resistance and agriculture for over 35 years Yet much of Scott s most interesting work on the peasantry and the state both conceptually and empirically has never been published in book form For the first time Decoding Subaltern Politics Ideology Disguise and Resistance in Agrarian Politics brings together some of his most important work in one volume The book covers three distinct yet interlinked bodies of work The first lays out a framework for understanding peasant politics and rebellion much of which is applicable to rural areas of the contemporary global south Scott then goes on to develop his arguments regarding everyday forms of peasant resistance using the comparative example of the religious tithe in France and Malaysia and tracing the forms of resistance that cover their own tracks and avoid direct clashes with authorities For much of the world s population and for most of its history this sort of politics was far more common than the violent clashes that dominate

the history books and in this book one can examine the anatomy of such resistance in rich comparative detail Finally Scott explores how the state s increasing grip on its population its identity land holding income and movements is a precondition for political hegemony Crucially in examining the invention of state mandated legal identities especially the permanent patronym and the vagaries of its imposition on vernacular life Scott lays bare the micro processes of state formation and resistance Written by one of the leading social theorists of our age Decoding Subaltern Politics Ideology Disguise and Resistance in Agrarian Politics is an indispensable guide to the study of subaltern culture and politics and is essential reading for political scientists anthropologists sociologists and historians alike **Selected Letters** William Dean Howells,1983

National Identification Systems Carl Watner,Wendy McElroy,2004-01-07 Throughout history governments have sought more efficient ways to count tax allocate monitor and order the activities of their citizens Watner and McElroy have compiled a collection of essays that present the historical religious moral and practical arguments against government enumeration The articles look at several government naming practices and the census and discuss how the collection of seemingly innocent data could be used to commit abuses Section one recounts the history of what we now call national ID Section two covers contemporary technologies such as microchips email tracking and camera based surveillance systems applying to each the test How would this catch terrorists or other criminals without destroying the rights of peaceable people Section three imagines a future of rebellion against a government tracking its citizens in the name of security but offers some hope that American culture does not lend itself to the fanatical control that a high tech national ID system could make possible **Selected Letters** George Arms,Richard H. Ballinger,Christoph K. Lohmann,John K. Reeves,Don Lewis Cook,Robert C. Leitz,Thomas Wortham,David J. Nordloh,Jerry Herron,William C. Fischer,William Merriam Gibson,1979

Selected Letters: 1912-1920 William Dean Howells,1979 **Selected Letters: 1902-1911** William Dean Howells,1979 Critical Survey of Short Fiction: James T. Farrell - W.W. Jacobs ,2001 **The Letters of Rudyard Kipling** Rudyard Kipling,1990 *The Collected Letters of Thomas Hardy: Volume 7: 1926-1927* Thomas Hardy,1978 The opening section of this seventh and final volume of the definitive edition of Thomas Hardy s letters covers the period from January 1926 to December 1927 his last letter to Edmund Gosse was written on Christmas Day 1927 and he died seventeen days later on 11 January 1928 Although few of his long standing personal correspondences were actively kept up during these last two years of his life Hardy maintained especially when writing to Sir Frederick Macmillan a lively and practical interest in all aspects of his work and career he also responded usually with a courteous refusal to the many requests and enquiries that his fame inevitably attracted The second section is devoted to letters which became available too late for publication in their correct chronological sequence in earlier volumes of the edition those now added date mostly from the nineteenth century and include a series of letters to officials of the Duchy of Cornwall about the purchase of land on which Max Gate was built as well as numerous individual letters of considerable interest and importance This volume contains more

than 350 letters the great majority of them previously unpublished which are supplemented as before by scrupulous annotation and extensive cross referencing by a chronology covering the whole of Hardy s career and by an index of recipients of the letters included As the concluding volume however it also incorporates an extensive General Index covering the texts and annotations of the entire edition **Dreiser Studies** ,1997 *The Collected Letters of Thomas Hardy: Volume 6: 1920-1925* Thomas Hardy,1987-03-26 From reviews of previous volumes Has the qualities that a great edition should have it is meticulously thorough and accurate and its aids to the reader are clear and comprehensive Times Literary Supplement An indispensable work of scholarship Nineteenth Century Fiction The correspondents in this volume range widely from Edmund Gosse and Walter de la Mare to Ezra Pound and the letters show an aging Hardy still deeply involved in all aspects of his professional life The nearly 700 letters most of which have never been published are supplemented by scrupulous annotation and extensive cross referencing by a chronology covering Hardy s entire career and by an index of correspondents included in this volume **Twaine's United States Authors Series** ,1965 **American Literary Realism, 1870-1910** ,1987 Book Review Index ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index *American Book Publishing Record* ,1998
