Bethe, R. E. Carter, 1955 **Psychological Richness As Breakthrough** Hubert J.M. Hermans, 2025-12-02 This book explores how living in accordance with the main ideals wealth fame social power of our individualistic meritocratic society comes at the expense of our psychological richness To protect or restore this richness the mainstream conception of success has to be extended beyond the standard definition The experience of success is too precious to keep it restricted within the imprisoning walls of the individualistic self There are more ways to be successful We have arrived in an era where success in life needs the inclusion of three main components the success of the other person the diversity of our value system beyond economic values and the survival success of nature The book is distinctive in that it gives a profound treatment of the reasons why many people feel discontented about the restrictive emphasis on individual success and excellence It deals not only with the limitations of meritocracy but also offers pathways to deal with them *Advances in Computer Systems Architecture* Chris Jesshope, 2006-08-31 This book constitutes the refereed proceedings of the 11th Asia Pacific Computer Systems Architecture Conference ACSAC 2006 The book presents 60 revised full papers together with 3 invited lectures addressing such issues as processor and network design reconfigurable computing and operating systems and low level design issues in both hardware and systems Coverage includes large and significant computer based infrastructure projects the challenges of
