Der Sklavenaufstand von Haiti Marie Biloa Onana, 2010 Angaben zur beteiligten Person Onana Marie Biloa Onana wurde mit dieser Studie an der philosophischen Fakultät II der Humboldt Universität zu Berlin promoviert *The Carlyle Encyclopedia* Mark Cumming, 2004 The Carlyle Encyclopedia focuses primarily on Thomas Carlyle It reflects the range of his interests and resists stereotyped impression of who he was and what he believed It covers Carlyle's entire life without privileging any particular work or period and locates Carlyle in his time and place in the context of a rich and challenging age The Carlyle Encyclopedia also gives a balanced assessment of Jane Welsh Carlyle which avoids either belittling her or overestimating her achievement It avoids the reductive and contradictory stereotypes of her which were offered by early biographers of Thomas Carlyle and offers instead a study of her varied friendships and her trenchant observations on contemporary life The Carlyle Encyclopedia will interest a variety of readers who concern themselves with literature social history the history of ideas Victorian culture and Scottish studies BOOK JACKET The National Union Catalog, Pre-1956 Imprints Library of Congress, American Library Association. Silverman, 2008-01-01 The late nineteenth century in Europe was a period of profound political social and technological change One result of these changes was the rise in France of an upper bourgeois bohemian class Many of its members stimulated interest in unique forms of artistic expression such as illustrated books On account of their influence an atmosphere of intense bibliophilic activity came to define French culture at the turn of the century The New Bibliopolis explores the role of amateurs in promoting the book arts in France during this period Drawing on extensive original research Willa Z. Silverman looks at the ways in which book collectors supported print culture She shows how through the admiration demonstrated by collectors for this medium print came to be a crucial part of popular conceptions of aesthetics As collectors publishers authors designers and directors of bibliophile societies reviews and small presses these book lovers became passionate and prolific interlocutors of the printed word in a uniquely artistic epoch Silverman analyzes subjects as diverse as the relationship between book collecting and aesthetic and cultural currents such as Symbolism the gendered nature of book collecting the increased collaboration between authors and illustrators and the marketing of fine books at international exhibits The New Bibliopolis is an important contribution to the study of book history French sociocultural history and fine and decorative arts **Karl Marx**
