

Republican Looks At His Party

M Planty

Republican Looks At His Party:

The Conscience of a Conservative Barry M. Goldwater, 2007-04-23 In 1960 Barry Goldwater set forth his brief manifesto in *The Conscience of a Conservative* Written at the height of the Cold War and in the wake of America's greatest experiment with big government the New Deal Goldwater's message was not only remarkable but radical He argued for the value and importance of conservative principles freedom foremost among them in contemporary political life Using the principles he espoused in this concise but powerful book Goldwater fundamentally altered the political landscape of his day and ours

Modern Republican David L. Stebenne, 2006-10-20 This book is an original important and interesting contribution to the literature on President Eisenhower and on American history in the years before and after World War II It will make a difference in the way historians and political scientists think about a critical period of national history Too few books have that sort of impact Michael A. McGerr author of *A Fierce Discontent: The Rise and Fall of the Progressive Movement in America 1870-1920* Arthur Larson was the chief architect of moderate conservatism one of the most influential and least studied political forces in U.S. history During the Eisenhower administration Larson held three major posts Under Secretary of Labor Director of the United States Information Agency and chief presidential speechwriter In each of these roles Larson's most important achievement was to explain clearly and cogently what the administration stood for on matters foreign and domestic Larson's views were put forth most forcefully in *A Republican Looks at His Party* published in 1956 Larson and his book provided the Eisenhower administration with the vision thing His limitations and disappointments also help explain Eisenhower era conservatism They illuminate the extent to which there was a gap between what the Modern Republicans believed and what they said and were able to accomplish and why those beliefs values and achievements did not always mesh Larson's ultimately unsuccessful efforts to prevent the rise of the New Right are especially enlightening for they help to clarify why the party of Dwight Eisenhower in the 1950s gradually became the party of the more conservative Ronald Reagan by the 1980s *Modern Republican* will enlighten readers who want to understand more fully the historical context of today's divisive political arena

The Republican Right since 1945 David W. Reinhard, 2014-07-15 In 1981 a Right Wing Republican at long last resided in the White House presiding over what may prove to be the most fundamental restructuring of American political life since the days of Franklin D. Roosevelt Fortunately *The Republican Right since 1945* now provides us with the necessary historical understanding of conservative Republicans David Reinhard's dispassionate yet lively book recounts the Republican Right's political struggles from the death of FDR in 1945 to the inauguration of Ronald Reagan Younger readers will discover that Right Wing Republicans are older than Ronald Reagan or Barry Goldwater and that some conservative Republicans once feared the overextension of American power abroad and the rise of the garrison state at home Those old enough to remember when the Republican Right was called the Old Guard will rediscover the events and personalities of those earlier years thanks to Reinhard's use of more than thirty five manuscript collections and the most

recent historical writing Not content to let this history end where traditional manuscript sources run thin Reinhard has brought the story of the Republican Right Wing forward to President Ronald Reagan s inauguration placing Right Wing Republican reaction to the Johnson and the Nixon Ford years within the context of the earlier period and chronicling the electoral triumph of Ronald Reagan and the Republican Right Students of the past and observers of the present will appreciate Reinhard s treatment of the always troubled Nixon Republican Right association challenger Ronald Reagan s battle against President Gerald Ford in 1976 the decline of GOP moderation and the rise of the New Right Moral Majority forces and their relationship to the now ascendant Republican Right Reinhard illuminates the conservative Republican past and thereby makes the current political scene more understandable Thoroughly researched and brilliantly written *The Republican Right since 1945* will fascinate scholars and general readers alike **Congressional Record** United States. Congress,1959 *The Republican* ,1969 **The Nation** ,1873 *History of U.S. Political Parties: 1972-2001 : the politics of consensus* ,2002 **Cyclopædia of Political Science, Political Economy, and of the Political History of the United States, by the Best American and European Writers** John Joseph Lalor,1899 **Illustrated American Magazine** ,1892 **The Library Magazine of Select Foreign Literature** ,1880 **Democratic Digest** ,1958 **The Nineteenth Century** ,1880 *Puck* ,1888 **The Graphic** ,1878 *Political Parties in the United States* Jacob Harris Patton,1896 *The Saturday Review of Politics, Literature, Science and Art* ,1872 **Public Opinion** ,1889 *The Republic* ,1874 A History of the Republican Party from Its Organization to the Present Time Eugene Virgil Smalley,1896 The Literary Digest ,1894

Yeah, reviewing a book **Republican Looks At His Party** could go to your near contacts listings. This is just one of the solutions for you to be successful. As understood, finishing does not recommend that you have fantastic points.

Comprehending as competently as contract even more than additional will offer each success. neighboring to, the pronouncement as well as perception of this Republican Looks At His Party can be taken as with ease as picked to act.
