provenance of men to women Recast as consumers in the 1920s women it turned out could be seduced into buying anything that might improve not just their lives but their sense of self worth Today we smirk at Mad Men era ads targeting 1950s housewives even while savvy marketers aided and abetted by social media influencers peddle skin care systems skinny tea and regimens that promise to deliver endless happiness We re not simply seduced into dropping precious disposable income on empty promises the underlying message is that we can t possibly know what s good for us what we want or who we should be Calling BS Karbo blows the lid off of this age old trend and asks women to start embracing their awesomely imperfect selves There is no one more dangerous than a woman who doesn t care what anyone thinks of her Yeah No Not Happening is a call to arms to build a posse of dangerous women who swear off self improvement and its peddlers A welcome corrective to our inner critic Karbo s manifesto will help women restore their sanity and reclaim their self worth *Poultry Tribune* ,1960
