Positive Teaching Positive Learning:

Positive Teaching, Positive Learning Rob Barnes, 2002-01-04 Positive Teaching Positive Learning offers teachers and student teachers in training a number of practical strategies for developing and improving teaching and learning. It provides insights into very positive teacher/pupil management and learning such as ways to increase pupil involvement and give constructive feedback from assessment. The book draws together findings about pupils and teachers' classroom practice and suggests how practical steps can be taken to create a positive attitude towards generating high expectations. It includes quoted material researched over five years through interviews with known effective teachers identified by OFSTED about the teaching strategies they use.

Classroom Karma David Wright, 2013-06-20 A positive and calm classroom environment enriches the teaching and learning experience for teachers and children alike. Using his invaluable experience working in pupil referral units and as a head teacher, David Wright shows how the ideal primary classroom environment can be achieved through many useful practical ideas and suggestions. Backed by up-to-date research on how we learn and how best to teach, the clear and concise chapters cover broad teaching skills including how to create a positive learning environment where pupils feel valued, prepared to leave their comfort zone and willing to ask questions, understanding what effects certain aspects of your behaviour can have on children's behaviour. Management strategies that allow the children to take responsibility for their actions, making the most of colleagues, parents and your community to provide memorable learning experiences. Written by a teacher for teachers, *Classroom Karma* is essential reading for all those looking to establish a successful learning environment where pupils feel valued and motivated in the primary classroom and beyond.

Positive Teaching in the Secondary School Kevin Wheldall, Frank Merrett, Stephen Houghton, 1989-10-28 Managing troublesome behaviour in the classroom is a problem faced by every secondary school teacher at some time. Some nursery and infant teachers claim that every year more and more young children are starting school with behavioural problems. Teachers too frequently complain of lessons being disrupted by unacceptable behaviour and yet the important skills of effective classroom management are seldom mentioned in initial teacher training. The authors argue that the answer lies in positive teaching and show how by accentuating the positive and being more sensitive in their interactions with children and young people in schools, teachers can build less stressful and more effective teaching and
