Postconflict Elections Democratization And International Assistance:

Postconflict Elections, Democratization, and International Assistance Krishna Kumar, 1998 The third in a series of publications coming out of the ongoing evaluation studies at USAID's Center for Development Information and Evaluation Based on the hypothesis that elections in a postconflict setting are fundamentally different from those organized under normal circumstances 13 contributions examine the planning organization conduct and execution of such elections the critical roles played by international donors and the longer term outcomes particularly their impact on political and social reconciliation Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR Demokratieförderung und Friedenskonsolidierung Tatjana Reiber, 2009-06-26 Zur Entstehung dieser Arbeit haben viele Menschen beigetragen Danken möchte ich zuerst Prof Dr Michael Staack der die Dissertation inhaltlich betreute Er hat in meine Arbeit vertraut mir Freiheiten für die Entwicklung eigener Ideen gelassen und Freiräume ermöglicht ohne die der Endspurt zur Fertigstellung zu einem Langstreckenlauf ausgeartet wäre Prof Dr Rainer Tetzlaff danke ich für die Erstellung des Zweitgutachtens Für finanzielle Unterstützung zur Veröffentlichung bin ich den Freunden und Förderern der Helmut Schmidt Universität Universität der Bundeswehr Hamburg e.V. und der Fakultät für Wirtschafts und Sozialwissenschaften an der Helmut Schmidt Universität dankbar Mein Dank geht ferner an die studentischen Mitarbeiter Alexander Besch und Inga Matthes die Rechercheaufgaben übernommen und bei der Formatierung geholfen haben Für praktische Tipps und Kontakte möchte ich Astrid Nissen danken deren Ratschläge mir halfen die Angst vor dem Feld in Schach zu halten Sabine K tenbach und Heidrun Zinecker haben mit ihrer Regionalexpertise dazu beigetragen die Feldforschung vorzubereiten bzw Ergebnisse einzuordnen Mein besonderer Dank gilt allen Interviewpartnern für ihre Auskunftsbereitschaft und die vielen Anregungen die sie mir gegeben haben Namentlich nennen möchte ich hierbei Magdalene Reuter die mich nicht nur sehr herzlich bei sich in Gtemala Stadt aufgenommen hat sondern sich die Zeit nahm mir unterschiedliche Seiten des Landes zu zeigen Durch ihre Hilfe sind viele Kontakte zustande gekommen und in den Gesprächen mit ihr habe ich unendlich viel gelernt **Postconflict Elections, Democratization, and International Assistance** Assistance Krishna Kumar, 1998 **Rebel Parties in African Post-Conflict Elections** Nora Schrader-Rashidkhan, 2021-05-04 In vielen Post Konflikt Gesellschaften weltweit beteiligen sich ehemalige Rebellengruppen als politische Parteien an Wahlen Die Studie behandelt die Gründung und den Erfolg solcher Rebellenparteien in Afrika und geht der Frage nach inwiefern institutionelle Strukturen diese Prozesse beeinflussen Der entwickelte Forschungsansatz ermöglicht zunächst eine systematische Erfassung aller afrikanischen Fälle seit 1989 um dann komplexe Kausalbeziehungen mit einer qualitativ vergleichenden Analyse mit Fuzzy Sets fsQCA aufzudecken Die Ergebnisse zeigen u.a. dass Institutionen wie Friedensabkommen Opportunitätsstrukturen für Rebellenparteien prägen und zu Pfadabhängigkeiten führen und dass demokratischere Wahlen die Etablierung solcher Parteien eher verhindern **The Internal Implementation of Peace Agreements after Violent Intrastate Conflict** Arist von Hehn, 2011-08-11 This book is at heart a guide on how to best

approach the management of an internally led peace implementation process after a violent intrastate conflict It explains the principal tasks legal framework and management implications of internal peace implementation and illustrates this with many examples of best practice as well as possible pitfalls The book integrates a broad analysis of current academic research with a substantial number of interviews with experts from the field With a foreword by Nobel Peace Prize Laureate President Martti Ahtisaari

Twenty Years of Studying Democratization Aurel Croissant, Jeffrey Haynes, 2015-06-05 Democratization emerged at a time of epochal change in global politics the twin impacts of the end of the Soviet Union and the speeding up and deepening of globalisation in the early 1990s meant a whole new ball game in terms of global political developments The journal's first issue appeared in early 1994 Over time the editorial position has been consistently to focus on the third wave of democracy and its aftermath The third wave is the most recent exemplar of a long term historical trend towards more democratically viable regimes and away from authoritarian systems and leaders In short the journal wants to promote a better understanding of democratization defined as the way democratic norms institutions and practices evolve and are disseminated both within and across national and cultural boundaries Over the years the many excellent articles that we have featured in the journal have shared our focus on democratization viewed as a process The journal has sought and continues to seek to build on the enduring scholarly and of course popular interest in democracy how and why it emerges develops and becomes consolidated Our emphasis over the last 20 years has been contemporary and the approach comparative with a strong desire to be both topical and authoritative We include special reference to democratization in the developing world and in post communist societies In sum just as 20 years ago the journal today aims to encourage debate on the many aspects of democratization that are of interest to policy makers administrators and journalists aid and development personnel those involved in education and perhaps above all the tens of millions of ordinary people around the world who do not yet enjoy the benefits of living under democratic rule The two dozen articles collected in this virtual special issue are emphatic proof of the power of the written word to induce debate uncertainty and ultimately progress towards better forms of politics focused on the achievement of the democratic aspirations of men and women everywhere

Building Sustainable Peace Armin Langer, Armin Langer, Graham K. Brown, 2016 Countries emerging from civil war or protracted violence often face the daunting challenge of rebuilding their economy while simultaneously creating the political and social conditions for a stable peace The implicit assumption in the international community that rapid political democratisation along with economic liberalisation holds the key to sustainable peace is belied by the experiences of countries such as Iraq and Afghanistan Often the challenges of post conflict reconstruction revolve around the timing and sequencing of different reform that may have contradictory implications Drawing on a range of thematic studies and empirical cases this book examines how post conflict reconstruction policies can be better sequenced in order to promote sustainable peace The book provides evidence that many reforms that are often thought to be imperative in post conflict societies may be better considered as long term objectives

and that the immediate imperative for such societies should be people centred policies

Democracy, Conflict and Human Security Judith Large, Reginald Austin, Timothy D. Sisk, 2006 Tackles questions on how democracies can deliver social and economic rights include all citizens in decision making and reduce poverty This new publication is a two volume set that explores ways in which democratic practice can contribute to the management of contemporary conflicts and promote the realization of security and development objectives Volume I contains analysis and recommendations based on wide ranging research and evaluation of lessons learned from democratization processes past and ongoing Volume II presents essays and case studies by leading specialists from around the world that further develop the themes and findings presented in Volume I Democracy Conflict and Human Security argues that effective democracy building moves beyond the process of elections and technical assistance and examines how democratic practice relates to human security Governments may hold free elections but fall short in other democratic measures such as the separation of powers the freedom of the press and guarantees of human rights These two volumes are aimed at practitioners parliamentarians politicians government officials and policy makers concerned with problems such as social exclusion the quality of democracy and new forms of authoritarian regimes

Democratic Assistance to Post-conflict Ethiopia Dessalegn Rahmato, Meheret Ayenew, 2004 This study illustrates that assistance to human rights has been instrumental in the emergence of a voluntary sector in Ethiopia Humanitarian assistance and socio economic development have been notable too however assistance to democratisation has been limited in part due to the failure of political parties to broaden their power base In contrast there have been some notable local achievements in areas such as elections and press freedom

Südostasien aktuell ,2003

Aiding Democracy Abroad Thomas Carothers, 1999 Aid to promote democracy abroad has emerged as a major growth industry in the 1990s Many Western countries international institutions and private foundations use aid to support democratic transitions in Eastern Europe the former Soviet Union Asia Africa Latin America and the Middle East This text provides an independent assessment of efforts in this field drawing on extensive field research and years of hands on research It examines democracy aid programmes relating to elections political parties governmental reform rule of law civil society independent media and other elements of the democracy template

The Challenges of Restoring Governance in Crisis and Post-conflict Countries Dennis A. Rondinelli, 2007 The lessons learned from more than 25 years of experience by international organizations and donor countries can provide guidelines that will help improve the approaches and processes of delivering international financial and technical assistance to countries recovering from conflict This book assesses the challenges of restoring governance and building trust in government in post conflict countries where international organizations must often take the lead in mobilizing resources and providing technical assistance Publishing

 Ben Reilly, Per Nordlund, 2008 Well functioning political parties are essential components of democracy They organize voters aggregate and articulate interests craft policy alternatives recruit and socialize new candidates for office set policy making agendas integrate disparate groups and individuals into the democratic process and provide the basis for coordinated electoral and legislative activity But political parties in many developing democracies remain weak and underdeveloped often being based around personal ethnic or regional ties rather than national interests Today with more states deciding their leaders through multiparty elections than ever before many developing democracies seek to shape the development of political parties and party systems by regulating the way parties can form organize and behave Most of these ambitious initiatives and innovations emanate from new democracies rather than established Western examples This volume examines this growing trend in conflict prone societies towards promoting stable and inclusive political parties via political party regulation and engineering in developing democracies around the world UN-Friedensoperationen in Afrika Tobias Debiel, 2003 Eritrea zwischen Krieg und Frieden Nicole Hirt, 2001
