## **Reluctant Author Cardinal Pole And His Manuscripts:**

**A Reluctant Author** Thomas F. Mayer, 1999 Cardinal Reginald Pole 1500-1558 left an abundance of manuscripts that have lacked an inventory description. This monograph is intended to remedy that lack perhaps contribute to a critical edition of some of his major works especially *Pro ecclesiasticae unitatis defensione*, *De unitate*, *Apologia ad Carolum Quintum*, *De summo pontifice*, *De sacramento* a more complete version of *Discorso di pace* the most difficult text *De reformatione ecclesiae*. In order to grasp the importance of such a project this volume provides a sketch of Pole's career the significance of these works.

**Italian Reform and English Reformations, c.1535-c.1585** M. Anne Overell, 2016-05-06 This is the first full scale study of interactions between Italy's religious reform and English reformations which were notoriously liable to pick up other people's ideas. The book is of fundamental importance for those whose work includes revisionist themes of ambiguity opportunism and interdependence in sixteenth century religious change. Anne Overell adopts an inclusive approach retaining within the group of Italian reformers those spirituali who left the church and those who remained within it and exploring commitment to reform whether humanist protestant or catholic. In 1547 when the internationalist Archbishop Thomas Cranmer invited foreigners to foster a bolder reformation the Italians Peter Martyr Vermigli and Bernardino Ochino were the first to arrive in England. The generosity with which they were received caused comment all over Europe handsome travel expenses prestigious jobs congregations which included the great and the good. This was an entry *con brio* but the book also casts new light on our understanding of Marian reformation led by Cardinal Reginald Pole. English by birth but once prominent among Italy's spirituali. When Pole arrived to take his native country back to papal allegiance he brought with him like minded men and Italian reform continued to be woven into English history. As the tables turned again at the accession of Elizabeth I there was further clamour to bring back Italians. Yet Elizabethans had grown cautious and the book's later chapters analyse the reasons why offering scholars a new perspective on tensions between national and international reformations. Exploring a nexus of contacts in England and in Italy Anne Overell presents an intriguing connection sealed by the sufferings of exile and always tempered by political constraints. Here for the first time Italian reform is shown as an enduring part of the Elect Nation's literature and myth.

**The Cult of Thomas Becket** Kay Brainerd Slocum, 2018-10-26 On 29 December 1170 Thomas Becket Archbishop of Canterbury was brutally murdered in his own cathedral. News of the event was rapidly disseminated throughout Europe generating a widespread cult which endured until the reign of Henry VIII in the sixteenth century and engendering a fascination which has lasted until the present day. *The Cult of Thomas Becket: History and Historiography through Eight Centuries* contributes to the lengthy debate surrounding the saint by providing a historiographical analysis of the major themes in Becket scholarship tracing the development of Becket studies from the writings of the twelfth century biographers to those of scholars of the twenty first century. The book offers a thorough commentary and analysis which demonstrates how the Canterbury martyr was viewed by writers of previous generations as

well as our own showing how they were influenced by the intellectual trends and political concerns of their eras and indicating how perceptions of Thomas Becket have changed over time In addition several chapters are devoted a discussion of artworks in various media devoted to the saint as well as liturgies and sermons composed in his honor Combining a wide historical scope with detailed textual analysis this book will be of great interest to scholars of medieval religious history art history liturgy sanctity and hagiography

**A Reluctant Author** Thomas Frederick Mayer,1999

**The Correspondence of Reginald Pole** Reginald Pole,Thomas Frederick Mayer,2002 Reginald Pole 1500 1558 cardinal and archbishop of Canterbury was at the centre of reform controversies in the mid 16th century antagonist of Henry VIII a leader of the reform group in the Roman Church and nearly elected pope Julius III was elected in his stead His voluminous correspondence more than 2500 items including letters to him forms a major source for historians not only of England but of Catholic Europe and the early Reformation as a whole In addition to the insight they provide on political history both secular and ecclesiastical and on the spiritual motives of reform they also constitute a great resource for our understanding of humanist learning and cultural patronage in the Renaissance Hitherto there has been no comprehensive let alone modern or accurate listing and analysis of this correspondence in large part due to the complexity of the manuscript traditions and the difficulties of legibility The present work makes this vast body of material accessible to the researcher summarising each letter and printing key texts usually in critical editions together with necessary identification and comment The first three volumes in this set will contain the correspondence the fourth and fifth will provide a biographical companion to all persons mentioned and will together constitute a major research tool in their own right This first volume covers the crucial turning point in Pole s career his protracted break with Henry and the substitution of papal service for royal One major dimension of this rupture was a profound religious conversion which took Pole to the brink of one of the defining moments of the Italian Reformation the writing of the *Beneficio di Christo*

**Reformation Divided** Eamon Duffy,2017-02-23 Published to mark the 500th anniversary of the events of 1517 Reformation Divided explores the impact in England of the cataclysmic transformations of European Christianity in the sixteenth and seventeenth centuries The religious revolution initiated by Martin Luther is usually referred to as The Reformation a tendentious description implying that the shattering of the medieval religious foundations of Europe was a single process in which a defective form of Christianity was replaced by one that was unequivocally benign the midwife of the modern world The book challenges these assumptions by tracing the ways in which the project of reforming Christendom from within initiated by Christian humanists like Erasmus and Thomas More broke apart into conflicting and often murderous energies and ideologies dividing not only Catholic from Protestant but creating deep internal rifts within all the churches which emerged from Europe s religious conflicts The book is in three parts In Thomas More and Heresy Duffy examines how and why England s greatest humanist apparently abandoned the tolerant humanism of his youthful masterpiece *Utopia* and became the bitterest opponent of the early Protestant movement Counter

Reformation England explores the ways in which post Reformation English Catholics accommodated themselves to a complex new identity as persecuted religious dissidents within their own country but in a European context active participants in the global renewal of the Catholic Church The book's final section The Godly and the Conversion of England considers the ideals and difficulties of radical reformers attempting to transform the conventional Protestantism of post Reformation England into something more ardent and committed In addressing these subjects Duffy shines new light on the fratricidal ideological conflicts which lasted for more than a century and whose legacy continues to shape the modern world Michelangelo and the English Martyrs Anne Dillon, 2012 This book uses a broadsheet print of the martyrdom of the Carthusians of the London Charterhouse during the reign of Henry VIII as a springboard to investigate several aspects of the Counter Reformation Through an in depth investigation of the text and images Anne Dillon provides a lively account that connects Michelangelo Cardinal Pole Mary Tudor and Pope Julius III and weaves them into a wider discussion of martyrology polemic and the Catholic community in England and beyond **The Bodleian Library Record**, 2000 Moreana, 2001 Reformation, 2002 **Journal of the Warburg and Courtauld Institutes** Warburg Institute, 2012 **Oxford Dictionary of National Biography: Phelps-Poston** Henry Colin Gray Matthew, Brian Harrison, 2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 **Current Contents**, 1999

W.
