the two most important Babylonian wisdom texts Ludlul Bel Nemeqi also known as the Babylonian Job or the Babylonian Righteous Sufferer and the so called Babylonian Theodicy On the basis of the hitherto published as well as newly available unpublished cuneiform manuscripts the author establishes a new critical text for each poem and gives an English translation He offers detailed philological and critical notes to the texts discussing both the textual and the interpretive issues evoked by individual words and passages In addition however each poem is preceded by a lengthy discussion of its origins intention and plot as well as by more general considerations of its cultural and historical background including short but important observations on the relationship to Old Testament wisdom literature
