Race and Redistricting Tinsley E. Yarbrough,2002 Through much of the 1990s a newly hatched snake wreaked political  
havoc in the South When North Carolina gained a seat in Congress following the 1990 census it sought to rectify a long  
standing failure to represent African American voters by creating under federal pressure two majority minority voting  
districts One of these snaked along Interstate 85 for nearly two hundred miles not much wider than the road itself in some  
places and was ridiculed by many as one of the least compact legislative districts ever proposed From 1993 to 2001 three  
intertwined cases went before the Supreme Court that decided how far a state could go in establishing voting districts along  
racial lines Noted Supreme Court biographer Tinsley Yarbrough examines these closely linked landmark cases to show how  
the Court addressed the constitutionality of redistricting within the volatile contexts of civil rights and partisan politics A suit  
was first filed by Duke University law professor Robinson Everett a liberal who loathed discrimination but considered racially  
motivated redistricting a clear violation of the Fourteenth Amendment s equal protection clause Yarbrough tells how Everett  
enlisted associates as plaintiffs and went on to win two Supreme Court victories in *Shaw v Reno* 1993 and *Shaw v Hunt* 1996  
both by 5 4 decisions Following the creation of another flawed redistricting plan he rounded up a new set of plaintiffs to take  
the battle back to the Supreme Court But this time in *Easley v Cromartie* on the swing vote of Justice Sandra Day O Connor  
the 5 4 vote went against him Yarbrough shows the significant impact these cases have had on election law and the  
fascinating interplay of law politics and human conflict that the dispute generated Drawing heavily on court records and on  
interviews with attorneys on both sides of the litigation he relates a complex and intriguing tale about these protracted  
struggles His cogent and balanced analysis considers whether the state legislature was wrong in using race as a measure for

establishing the new district or whether it was simply engaging in the time honored practice of gerrymandering to ensure political balance

Race and Redistricting spotlights efforts to racially engineer voting districts in an effort to achieve fair representation By examining one state s efforts to confront such dilemmas it helps readers better understand future disputes over race and politics as well as the ongoing debates over our color blind constitution      *Sessional Papers* Great Britain.
