The Oxford Handbook of U.S. Judicial Behavior Lee Epstein, Stefanie A. Lindquist, 2017-06-08 The Oxford Handbook of U S Judicial Behavior offers readers a comprehensive introduction and analysis of research regarding decision making by judges serving on federal and state courts in the U S Featuring contributions from leading scholars in the field the Handbook describes and explains how the courts political and social context formal institutional structures and informal norms affect judicial decision making The Handbook also explores the impact of judges personal attributes and preferences as well as prevailing legal doctrine influence and shape case outcomes in state and federal courts The volume also proposes avenues for future research in the various topics addressed throughout the book Consultant Editor for The Oxford Handbooks of American Politics George C Edwards III

Law and Society James J. Chriss, 2019-07-23 This text introduces students to the study of law from a sociological perspective by focusing on four themes the relationship between law and society law in everyday life the role of race class and gender in the legal system and current political debates that are connected to law While explaining the essentials elements of law and drawing on scholarly literature and relevant cases the author does not advocate for normative views on law and the legal system The text compares laws across various societies discusses international law and demonstrates how the laws of certain countries affect those of others providing readers with insights into the nature of law within any society

Practical Druggist and Pharmaceutical Review of Reviews, 1898

Practical Druggist and Pharmaceutical Review of Reviews, 1908

John Paul Stevens Christopher E. Smith, 2015-10-22 This book examines the judicial opinions and criminal justice policy impact of Justice John Paul Stevens the U S Supreme Court s most prolific opinion author during his 35 year career on the nation s highest court Although Justice Stevens a Republican appointee of President Gerald Ford had a professional reputation as a corporate antitrust law attorney he immediately asserted himself as

the Court's foremost advocate of prisoners rights and Miranda rights when he arrived at the Court in 1975 In examining Justice Stevens's opinions on these topics as well as others including capital punishment and right to counsel the chapters of the book connect his prior experiences with the development of his views on rights in criminal justice In particular the book examines his relevant experiences as a law clerk to Justice Wiley Rutledge in the Supreme Court's 1947 term a volunteer attorney handling criminal cases in Illinois and a judge on the U S court of appeals to explore how these experiences shaped his understanding of the importance of rights in criminal justice For many issues such as those affecting imprisoned offenders Justice Stevens was a strong defender of rights throughout his career For other issues such as capital punishment there is evidence that he became increasingly protective of rights over the course of his Supreme Court career The book also examines how Justice Stevens became increasingly important as a leading dissenter against the diminution of rights in criminal justice as the Supreme Court's composition became increasingly conservative in the 1980s and thereafter Because of the nature and complexity of Justice Stevens's numerous and varied opinions over the course of his lengthy career scholars find it difficult to characterize his judicial philosophy and impact with simple labels Yet in the realm of criminal justice close examination of his work reveals that he earned a reputation and an enduring legacy as an exceptionally important defender of constitutional rights

The Nature of Supreme Court Power Matthew E. K. Hall, 2010-12-06 Few institutions in the world are credited with initiating and confounding political change on the scale of the United States Supreme Court The Court is uniquely positioned to enhance or inhibit political reform enshrine or dismantle social inequalities and expand or suppress individual rights Yet despite claims of victory from judicial activists and complaints of undemocratic lawmaking from the Court's critics numerous studies of the Court assert that it wields little real power This book examines the nature of Supreme Court power by identifying conditions under which the Court is successful at altering the behavior of state and private actors Employing a series of longitudinal studies that use quantitative measures of behavior outcomes across a wide range of issue areas it develops and supports a new theory of Supreme Court power
