Tour Dates Prices

Ingo Floren

Tour Dates Prices:

The Official Price Guide to Kiss Collectibles Ingo Floren, 2004 Written by a leading collector and dealer of collectibles based on the rock band KISS this comprehensive sourcebook contains extensive listings and prices for highly desirable KISS merchandise from around the world 400 photos 8 page full color insert

The Economics of the Popular Music Industry Christie Byun, 2024-04-29 This book uses economic theory to explain how consumers and producers have responded to major changes in the music industry Byun examines the important role of technology in changing its structure particularly as new methods of creating and accessing music prove to be a double edged sword for creators and producers This second edition includes new information about concert attendance and live performance in the COVID era and what followed as well as the resultant economic impacts on the industry Throughout the book Byun questions how the business of music affects creativity and the extent to which this impacts the creative output of the individual artist Chapters also address copyright enforcement and online piracy This is an approachable resource for economists interested in the music industry as well as business and music majors studying the ways in which technology can impact a creative process

There's Nothing Like This Kevin Evers, 2025-04-08 A smart page turning exploration of the business and creative decisions that transformed Taylor Swift into an unprecedented modern cultural phenomenon Named one of Thirty books we re excited to read in the first half of 2025 by The Sydney Morning Herald Named to the Financial Times What to Read in 2025 list Singer songwriter Trailblazer Mastermind The Beatles of her generation From her genre busting rise in country music as a teenager to the economic juggernaut that is the Eras Tour Taylor Swift has blazed a path that is uniquely hers But how exactly has she managed to scale her success multiple times while dominating an industry that cycles through artists and stars like fashion trends How has she managed to make and remake herself time and again while remaining true to her artistic vision And how has she managed to master the constant disruption in the music business that has made it so hard for others to adapt and endure In *There's Nothing Like This* Kevin Evers a senior editor at Harvard Business Review answers these questions in riveting detail With the same thoughtful analysis usually devoted to iconic founders game changing innovators and pioneering brands Evers chronicles the business and creative decisions that have defined each phase of Swift's career Mixing business and art analysis and narrative and pulling from research in innovation creativity psychology and strategy *There's Nothing Like This* presents Swift as the modern and multidimensional superstar that she is a songwriting savant and a strategic genius Swift's fans will see their icon from a fresh perspective Others will gain more than a measure of admiration for her ability to stay at the top of her game And everyone will come away understanding why even after two decades Swift keeps winning

OPERATIONS MANAGEMENT AND STRATEGIES IN TRAVEL INDUSTRY CUNEYT MENGÜ, Ph.D., 2020-11-01

When overseas travel agency owners and directors predominantly from Middle Eastern countries visited my Istanbul office and saw my Travel Management book published in 2018 in Turkish, insisted that I publish the same book in English. These comments made me excited and encouraged to publish the book in English with some revisions and additions. Travel and tourism industry is one of the world's largest industries and a dynamic engine of economic development of the countries. It is a great source of income and employment for countries that receive more international tourists. For this reason, the countries have increased their investment in the travel and tourism industry. Tour operators and travel agencies have the major role for the development of tourism. Their business has vastly changed in the past 20 years. They have to continuously adapt and redefine their roles to the changing environment and technology. As a result of this change, different approaches in management operation and marketing strategies in the travel industry have emerged. From tourism products and services to operation and destination management, from management functions to the distribution channels, from reservation systems to marketing functions, almost all travel concepts have changed shape. In travel agency business, besides the traditional classical system used for many years, neoclassical system and modern contemporary systems such as online travel agencies, OTA's and destination management companies, DMC's have emerged. Intermediaries diversified and increased. Pursuant to these developments, travel operators who can keep up with these changes have created a wide academic and practical concept, theoretical discussions and most importantly, different industrial structures. This book provides a wide perspective with modern concepts to the operation management and marketing strategies in travel industry and it is divided into 12 chapters. Each chapter starts with learning outcomes. Basic principles and concepts of subjects are mentioned both theoretically and practically supported by tables, graphs and figures for a better understanding of specific chapters.
