Disturbances in Heaven Ivan Franceschini, Kevin Lin, Nicholas Loubere, 2017-02-16 Labour and civil society are two fundamental components of international discussions concerning China today Whether it is the arrest of labour activists or rights lawyers the adoption of new industrial policies or the passing of draconian rules on non governmental organisations the events occurring in these areas in China often make global headlines At the same time in spite of the grave challenges for workers and activists the Chinese labour movement is witnessing significant developments with the occurrence of some of the largest strikes in decades All of this calls for more serious analysis from both scholars and practitioners as well for critical engagement with a broader global audience interested in forging international solidarity It is with these aims in mind that we have compiled this Made in China Yearbook 2016 Disturbances in Heaven a collection of original articles by both scholars and activists

analysing the most important trends in Chinese labour and civil society over the past year With its unique blend of in depth scholarly work written in a direct accessible style this volume will allow readers to situate events and policies related to Chinese labour and civil society in a wider context and serve as an indispensable reference book for international activists practitioners and policy makers

Working America ,1999 **Human Rights Watch** **Discounting Rights Wal-mart's Violation of Us Workers' Right to Freedom of Association** , **Exception to the Rule: The Surprising Science of Character-Based Culture, Engagement, and Performance** Peter J. Rea,James K. Stoller,Alan Kolp,2017-09-15 The antidote to navigating turbulent times isn t more rules It is timeless virtue that creates sustainable value Thoughtful leaders are keenly aware of the enormous challenge they face to drive high performance in a world that continues to ratchet up pressure and uncertainty Some leaders respond by getting tough and establishing strict

rules They get people in line but they don't inspire excellence Wise leaders on the other hand help their people practice character to navigate their way through the turbulence without lowering performance expectations As a result their people are more reliable under pressure Exception to the Rule links ancient wisdom with contemporary science on high performance teamwork and engagement Building an organizational culture based on classical virtues of trust compassion courage justice wisdom temperance and hope is both strategically smart and a better way to live Exception to the Rule walks you through the steps of helping everyone in your organization focus on character defined by virtue The word virtue means excellence which is why each one is essential to help people perform at a high level despite uncertainty and pressure Under character based leadership teams work better together creativity flourishes and engagement increases The most powerful idea of Exception to the Rule is this character defined by virtue is not based on birthright it can be learned and practiced Everyone can develop habits to become better than they were While character cannot be legislated character can be cultivated As virtue proves its value the culture you have can evolve into the culture you need
