Phenomenology and Dialectical Materialism Trần Duc Thao, D.J. Herman, D.V. Morano, 2012-12-06 Tran Duc Thao a brilliant student of philosophy at the Ecole Normale Supérieure within the post 1935 decade of political disaster born in Vietnam shortly after the First World War recipient of a scholarship in Paris in 1935-37 was early noted for his independent and original mind\_ While the 1930s twisted down to the defeat of the Spanish Republic the compromise with German Fascism at Munich and the start of the Second World War and while the 1940s began with hypocritical stability at the Western Front followed by the defeat of France and the occupation of Paris by the German power together with French collaborators and then ended with liberation and a search for a new understanding of human situations the young Thao was deeply immersed in the classical works of European philosophy He was also the attentive but critical student of a quite special generation of French metaphysicians and social philosophers Gaston Berger Maurice Merleau Ponty Emile Brehier Henri Lefebvre Rene le Senne Jean Paul Sartre perhaps the young Louis Althusser They in their several modes of response had been meditating for more than a decade on the philosophy of Edmund Husserl which came to France in the thirties as a new metaphysical enlightenment phenomenology

*Phenomenology and Dialectical Materialism* D. J. Herman, D. V. Morano, 1985-12-31

*Marxism and Phenomenology* Shirley R. Pike, 2019-11-19 First published in 1986 The social sciences in the twentieth century have tended to fragment into different disciplines and schools of thought Often these schools of thought are complete but closed systems of thought permitting no exchange of ideas with other disciplines or schools In view of this one very interesting recent development has been the attempt by some Marxist theorists to develop a theory of phenomenological Marxism At first sight the possibility of a liaison between dialectical materialism and subjective idealism appears remote and indeed other Marxists have dismissed phenomenological Marxism as simplistic humanism revisionist and

incompatible with Marxist science This book explores the possibilities and difficulties of synthesising two apparently disparate philosophical frameworks It looks at the philosophical roots of the two frameworks and discusses the logic epistemology ontology and methodology of each The author concludes that a synthesis between Marxism and phenomenology is not impossible on philosophical grounds *PHENOMENOLOGY AND MARXISM RLE* Bernhard Waldenfels, Jan M Broekman, Ante Paz Anin, 2015-12-11 Originally published in English in 1984 this collection of essays documents a dialogue between phenomenology and Marxism with the contributors representing a cross section from the two traditions The theoretical and historical presuppositions of the phenomenology inaugurated by Husserl are very different from those of the much older Marxist tradition yet as these essays show there are definite points of contact communication and exchange between the two traditions

**The Routledge Handbook of Political Phenomenology** Steffen Herrmann, Gerhard Thonhauser, Sophie Loidolt, Tobias Matzner, Nils Baratella, 2024-06-12 Phenomenology has primarily been concerned with conceptual questions about knowledge and ontology However in recent years the rise of interest and research in applied phenomenology has seen the study of political phenomenology move to a central place in the study of phenomenology generally The Routledge Handbook of Political Phenomenology is the first major collection on this important topic Comprising 35 chapters by an international team of expert contributors the handbook is organized into six clear parts each with its own introduction by the editors

**The Routledge Handbook of Phenomenology and Phenomenological Philosophy** Daniele De Santis, Burt C. Hopkins, Claudio Majolino, 2020-08-24 Phenomenology was one of the twentieth century s major philosophical movements and it continues to be a vibrant and widely studied subject today with relevance beyond philosophy in areas such as medicine and cognitive sciences The Routledge Handbook of Phenomenology and Phenomenological Philosophy is an outstanding guide to this important and fascinating topic Its focus on phenomenology s historical and systematic dimensions makes it a unique and valuable reference source Moreover its innovative approach includes entries that don t simply reflect the state of the art but in many cases advance it Comprising seventy five chapters by a team of international contributors the Handbook offers unparalleled coverage and discussion of the subject and is divided into five clear parts Phenomenology and the history of philosophy Issues and concepts in phenomenology Major figures in phenomenology Intersections Phenomenology in the

world Essential reading for students and researchers in philosophy studying phenomenology The Routledge Handbook of Phenomenology and Phenomenological Philosophy is also suitable for those in related disciplines such as psychology religion literature sociology and anthropology

**Husserl's Ideen** Lester Embree, Thomas Nenon, 2012-11-05 This collection of more than two dozen essays by philosophy scholars of international repute traces the profound impact exerted by Husserl's Meisterwerk known in its shortened title as Ideen whose first book was released in 1913 Published to coincide with the centenary of its original appearance and fifty years after the second book went to print in 1952 the contributors offer a comprehensive array of perspectives on the ways in which Husserl's concept of phenomenology influenced leading figures and movements of the last century including among others Ortega y Gasset Edith Stein Martin Heidegger Aron Gurwitsch Ludwig Landgrebe Dorion Cairns Simone de Beauvoir Jean Paul Sartre Maurice Merleau Ponty Jacques Derrida and Giles Deleuze In addition to its documentation and analysis of the historical reception of these works this volume also illustrates the ongoing relevance of the Ideen offering scholarly discussion of the issues raised by his ideas as well as by the figures who took part in critical phenomenological dialogue with them Among the topics discussed are autism empathy the nature of the emotions the method and practice of phenomenology the foundations of ethics naturalism intentionality and human rights to name but a few Taken together these specially commissioned original essays offer an unrivaled overview of the reception of Husserl's Ideen and the expanding phenomenological enterprise it initiated They show that the critical discussion of issues by phenomenologists continues to be relevant for the 21st century

**Dialectical Phenomenology** Roslyn Wallach Bologh, 2009 In this inquiry into Marx's method of theorising originally published in 1979 Roslyn Bologh analyses theory in the same way that Marx analyses the production of capital and provides a set of rules for reproducing Marx's method The rules are developed through an examination of the Grundrisse a text by Marx that combines his technical critique of political economy with his humanistic philosophical concerns and his historical perspective Dr Bologh concludes that Marx's method as dialectical phenomenology offers a way of analysing language knowledge and the social relations and practices of everyday life as well as the more obvious phenomena of capitalism

**A Critique of Phenomenology** Sunil Kumar Sarker, 1994 Philosophers Of All Persuasions Claim That It Is Only Phenomenology That Can Show Us The Way Out Of The Philosophical Cul De Sac And Can Lead Us To The Disclosure Of The Structures Of Consciousness And Life World The Present Work Analyses Such Proud Claims Threadbare From The View Points Of Psychology Existentialism Marxism And Indian Philosophies It Also Includes The Author's Own Criticisms Of Phenomenology But The Book Is Not All Negative In Attitude It Also Gives An Account Of The Plus Points Of Phenomenology In Addition Chapter I Of The Book Briefly Introduces Phenomenology Itself Which Will Help Even The Uninitiated Pursue The Arguments Of The Work

**Merleau-Ponty's Phenomenology** Kirk M. Besmer, 2007 This innovative interpretation of central themes in Merleau Ponty offers detailed treatment of texts and themes that are often ignored and lays new emphasis on Merleau Ponty's

understanding of language providing a fresh reading of this key figure      **Phenomenology + Pedagogy** ,1992  
Phenomenology and Educational Discourse ,1997      *Boston Studies in the Philosophy of Science* Đức Thảo Trần,1986  
**Adventures of the Dialectic** Maurice Merleau-Ponty,1973 We need a philosophy of both history and spirit to deal with the problems we touch upon here Yet we would be unduly rigorous if we were to wait for perfectly elaborated principles before speaking philosophically of politics Thus Merleau Ponty introduces Adventures of the Dialectic his study of Marxist philosophy and thought In this study containing chapters on Weber Lukacs Lenin Sartre and Marx himself Merleau Ponty investigates and attempts to go beyond the dialectic      Dialectics and Humanism ,1975      *The Edinburgh Encyclopedia of Continental Philosophy* Simon Glendinning,1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company      **Phenomenology and Analytical Philosophy** C. A. van Peursen,1972      *Merleau-Ponty's Later Works and Their Practical Implications* Duane H. Davis,2001 In his final and posthumously published work *The Visible and the Invisible* Maurice Merleau Ponty employed the term dehiscence as a wonderful metaphor to describe our emergence within the world This botanical term aptly calls to mind both the efflorescence of individuality within a shared context and the development of the practical implications of Merleau Ponty's thought The latter subject is the principal focus of the works collected in this book Part One a translation of three recently discovered letters between Jean Paul Sartre and Merleau Ponty provides a detailed record of the disagreement over political issues that ultimately drove the two philosophers apart Part Two contains five essays devoted to the political implications of Merleau Ponty's later thought some scholars criticize the attempt to find practical political applications for this thought others suggest how such a project might be accomplished Part Three contains another five essays devoted to the ethical implications of these later texts As in the previous section some are critical assessments others adumbrate the ways in which these insights might be successfully appropriated for such a praxis This superb anthology addresses the critical need for material directly addressing the politics and ethics implied by Merleau Ponty's later works      Phenomenology and the Social Sciences Maurice Natanson,1973
