More on the Conquering Soul Miriam Bostwick, 2001-02 This book will show you how to reclaim the authentic power of your soul and free you from the bondage of the games of the personality It is a continuation of the first The Conquering Soul and includes thirty one different games If you are seeking spiritual principles devoid of dogma you will find this book invaluable

Finding Our Way Home Gerald Jampolsky, M.D., Diane Cirincione, Ph.D., 2008-04-01 From the bestselling authors of Love is Letting Go of Fear In a deeply heartfelt way Jerry Jampolsky and Diane Cirincione share stories of their spiritual journey detours they ve taken and people who have impacted them along their life trail Using the Hawaiian tradition of talking story Jerry and Diane demonstrate the daily application of spiritual principles and practical spirituality Individually and together they weave their journey for us as it continues to evolve from the influences around them They inspire us to embrace and share our own stories of peaks and valleys that make up our journeys The authors honest and vulnerable style of communicating continues to reveal their life purposes in the choices they make and the lessons they ve learned Each day still provides challenges and circumstances that call to those parts of us that want to judge others or ourselves they write What is different now is that we more quickly recognize when we re lost and the choice we have to return to the path of unconditional love Once we remember that our

purpose is service and helping others as well as letting go of our judgments and grievances by practicing forgiveness the path is easier the direction clearer and the destination of peace achievable **Self-Help Books** Sandra K. Dolby,2010-10-01 Understanding instead of lamenting the popularity of self help books Based on a reading of more than three hundred self help books Sandra K Dolby examines this remarkably popular genre to define self help in a way that s compelling to academics and lay readers alike Self Help Books also offers an interpretation of why these books are so popular arguing that they continue the well established American penchant for self education they articulate problems of daily life and their supposed solutions and that they present their content in a form and style that is accessible rather than arcane Using tools associated with folklore studies Dolby then examines how the genre makes use of stories aphorisms and a worldview that is at once traditional and contemporary The overarching premise of the study is that self help books much like fairy tales take traditional materials especially stories and ideas and recast them into extended essays that people happily read think about try to apply and then set aside when a new embodiment of the genre comes along *The A to Z of New Age Movements* Michael York,2009-06-17 The decline of institutionalized religion in the increasingly secularized West has been offset by the contemporary spiritual development understood in the form of emerging New Age movements This reference presents the potpourri of spiritual and psycho physical therapeutic practices associated with this affirmation of the individual s spiritual freedom the expectation of a future golden age the emphasis on self development and the holistic pluralism that sets the dominant pulse for innovative spirituality in the twenty first century The A to Z of New Age Movements furnishes profiles and explanations of New Age spokespeople and leaders of a range of human potential and self help practices of countercultural spiritual developments and of different groups and organizations that identify as New Age The dictionary consists of over 240 individual entries along with an introduction that describes the historical foundations of the New Age orientation and its relation with contemporary Western paganism It also presents the sociological dimension of New Age expression as well as the kinds of criticism with which the New Age identity must contend There is both a New Age Chronology and a bibliography also included *Shortcuts To God* Gerald G. Jampolsky,2003-01-01 This newest book describes a path to a deeply personal spirituality It offers a fresh look at our purpose in life a map of short cuts 18 inspired lessons for personal transformation reflections and meditations to solidify the process *The Publishers Weekly* ,2001 *Subject Guide to Books in Print* ,1991 **Library Journal** ,2000 *Forthcoming Books* Rose Arny,2002 **Words on Cassette**, 2002 R R Bowker Publishing,2002 **American Book Publishing Record** R.R.
