Bass, 2001-10-26 In a time when academic theology often neglects the lived practices of the Christian community this volume seeks to bring balance to the situation by showing the dynamic link between the task of theology and the practices of the Christian life The work of thirteen first rate theologians from several cultural and Christian perspectives these informed and informative essays explore the relationship between Christian theology and practice in the daily lives of believers in the ministry of Christian communities and as a needed focus within Christian education Contributors Dorothy C Bass Nancy Bedford Gilbert Bond Sarah Coakley Craig Dykstra Reinhard Hutter L Gregory Jones Serene Jones Amy Plantinga Pauw Christine Pohl Kathryn Tanner Miroslav Volf Tammy Williams Spontaneous Evolution Bruce H. Lipton, PHD, Steve Bhaerman, 2009-09-15 We've all heard stories of people who've experienced seemingly miraculous recoveries from illness but can the same thing happen for our world According to pioneering biologist Bruce H Lipton it's not only possible it's already occurring In Spontaneous Evolution this world renowned expert in the emerging science of epigenetics reveals how our changing understanding of biology will help us navigate this turbulent period in our planet's history and how each of us can participate in this global shift In collaboration with political philosopher Steve Bhaerman Dr Lipton invites readers to reconsider the unquestionable pillars of biology including random evolution survival of the fittest and the role of DNA the relationship between mind and matter how our beliefs about nature and human nature shape our politics culture and individual lives and how each of us can become planetary stem cells supporting the health and growth of our world By questioning the old beliefs that got us to where we are today and keep us stuck in the status quo we can trigger the spontaneous evolution of our species that will usher in a brighter future **Welcome to Anglican Spiritual Traditions**

Treasures in the Dark Katherine Wolf, 2024-04-09 Sometimes the most valuable treasures are found in the darkest of times In fact it's often in the very heart of our deepest pain and struggle that God chooses to reveal his most precious gifts Let Katherine Wolf lead you in finding the hope God has for you in your most painful places In our lowest most difficult moments it's often impossible to see any good thing around us We suffer we struggle we grow weary We wonder Is God at work in my life Is he near me Is there any point to my suffering and any hope for change Though it's easy for our overwhelming pain to cloud our view of reality the truth is that even though we can't see it or feel it God is at work in the darkness Our Creator is in the business of bringing dead and nearly dead things to life Even now no matter how fresh your wounds might be he invites you to unearth his hidden treasures in your hurting to reframe your darkness as a sacred space in which the light of hope can shine most brilliantly Come join Katherine Wolf as she vulnerably shares her own places of wounding and the life changing insights she has found there Treasures in the Dark will guide you as you find grace for the heartbreak of unmet expectations explore the surprising intersection of pain and purpose wholeheartedly embrace the life you never imagined living with perseverance and joy and recognize how your healing can be a part of the world's healing With her vibrant faith and unique perspective on life as a stroke survivor and person living with significant disabilities Katherine will inspire encourage and strengthen tender and hurting hearts
