The Clinician's Handbook Robert G. Meyer, Christopher M. Weaver, 2007 This extremely versatile handbook written for students and practitioners taps current treatment and assessment research to provide up-to-date coverage of emotional and behavioral disorders, major DSM-IV-TR diagnostic categories, MMPI-2 correlates, and other test response patterns and treatment options. Diagnostic concepts and observations are linked with specific assessment and test data for diagnostic categories; this is then integrated with recommended intervention procedures. In a single volume, the authors have synthesized an abundance of information and presented it in a manageable and accessible manner. Their extensive experience in clinical and forensic psychology, teaching, conducting research, interacting with clients, working in the criminal justice system, highly qualifies them to know and present the kind of practical information students and practitioners need. Additional outstanding features emphasize multimodal assessment and treatment, include extensive discussions of clinical challenges such as suicidal clients, the criminal personality, deception, and malingering, offers bibliotherapy, reading assignments, and appropriate relaxation techniques for various types of clients, provides coverage of legal issues, competency, criminal responsibility, and civil commitment, presents useful tips on case preparation and professional practice in the office and the courtroom.
