The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church Christine Chaillot,2023-11-06 Christine Chaillot s new book The Traditional Teaching of the Ethiopian Orthodox T wahedo Church Faith and Spirituality presents a topic that is little if at all known outside Ethiopia even in Christian circles Moreover it is a much neglected field in the wider study of African education It is a teaching based on ancient texts and books taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life The studies of the different disciplines are pursued at different schools and at different levels in liturgy theology with commentaries of books Old and New Testaments books of the Church fathers and monks as well as composition of poems genes and iconography All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church This teaching is a unique intangible cultural heritage One wonders however what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over the last half century
