Regional Economic Development:

Regional Economic Development B. P. S. Bhadouria, 1986 Developing Locally Beer, Andrew, Haughton, Graham, Alaric Maude, 2003-11-26 This work offers comparisons of local and regional economic development organisations objectives activities and effectiveness across four English speaking nations **New Directions in Regional Economic Development** Charlie Karlsson, Ake E. Andersson, Paul C. Cheshire, Roger R. Stough, 2009-07-28 This book examines emerging hypotheses new methods and theoretic developments in regional economic development It offers a diverse set of case studies ranging from a focus on Europe Central and East Asia and North America **Introduction to Regional Economic Development** Mustafa Dinc, 2015-12-18 This is a relatively simple and easy to read introduction of major regional and local economic development theories their theoretical evolution and other relevant topics such as governance institutions and local leadership within the globalization context It also discusses some basic analytical tools and provides a template for them in an easy to use MS Excel spreadsheet application It introduces conflict management procedures into regional development process and provides a regional decision support framework Transitions in Regional Economic Development Ivan Turok, David Bailey, Jennifer Clark, Jun Du, Ugo Fratesi, Michael Fritsch, John Harrison, Tom Kemeny, Dieter Kogler, Arnoud Lagendijk, Tomasz Mickiewicz, Ernest Miguelez, Stefano Usai, Fiona Wishlade, 2018-10-18 At a time of extraordinary challenges confronting the world this book analyses some of the profound changes occurring in the development of cities and regions It discusses the uncertainties associated with the stalling of hyper globalization and asks whether this creates opportunities for resurgent regional economies driven by local capabilities resource efficiencies and domestic production Theory and evidence on socio economic and environmental transitions underway in many regions are brought together Implications of the shifting balance of global power towards emerging economies in the East are explored along with the consequences of urbanization in the global South for politics and democracy Dilemmas surrounding migration are also discussed including whether incomers displace local workers and depress wages or bring benefits in the form of know how new technology and investment More integrative concepts of the region and theories of regional development are analysed recognising the role of human capital knowledge innovation finance infrastructure and institutions This was originally published as a special issue of Regional Studies *Regional Economic Development* Robert J. Stimson, Roger R. Stough, Brian H. Roberts, 2013-03-09 Regional economic development has attracted the interest of economists geographers planners and regional scientists for a long time And of course it is a field that has developed a large practitioner cohort in government and business agencies from the national down to the state and local levels In planning for cities and regions both large and small economic development issues now tend to be integrated into strategic planning processes For at least the last 50 years scholars from various disciplines have theorised about the nature of regional economic development developing a range of models seeking to explain the process of regional economic development and why it is that regions vary so much in their economic structure

and performance and how these aspects of a region can change dramatically over time Regional scientists in particular have developed a comprehensive tool kit of methodologies to measure and monitor regional economic characteristics such as industry sectors employment income value of production investment and the like using both quantitative and qualitative methods of analysis and focusing on both static and dynamic analysis The father of regional science Walter Isard was the first to put together a comprehensive volume on techniques of regional analysis Isard 1960 and since then a huge literature has emerged including the many titles in the series published by Springer in which this book is published *Regional Economic Development* Robert J. Stimson, Roger R. Stough, Brian H. Roberts, 2006-10-12 The completely reedited second edition of this book reflects recent advances and adds insightful new material The book analyzes regional economic performance and change and discusses how analysis integrates with strategies for local and regional economic development policy and planning The aim is to provide the reader with an account of quantitative and qualitative approaches to regional economic analysis and of old and new strategic frameworks for formulating regional economic development planning **Regional Economic Development and History** Marijn Molema, Sara Svensson, 2019-10-17 Regional Studies is inextricably intertwined with history Cultural and institutional legacies inform choices between different policy options meaning that the past plays a crucial role in how we think about regional economic development planning and policy Through a selection of accessible theoretical methodological and empirical chapters this book explores the connections between regional development and history Drawing on the expertise of scholars in several disciplines it links history to topics such as behavioural geography interdependence divergence and regional and urban policy This innovative book will be of interest to researchers across regional studies planning economic geography and economic history Regional Development and Economic Growth Canada. Department of Regional Economic Expansion, N. G. Pillai, 1970 **Regional Economic Development** Gordon C. Cameron, 2015-09-16 First published in 1970 *Regional Economic Development The Federal Role* examines the economic viability of depressed areas and regions This book questions whether there is adequate justification on national economic grounds for Federal involvement with distressed area revitalisation and looks at the main guidelines for intervention in relation to typology of distressed areas This title is an ideal resource for students interested in politics macroeconomics and federal policies concerning the revitalisation of distressed areas and economies **Regional Development Agencies: The Next Generation?** Nicola Bellini, Mike Danson, Henrik Halkier, 2012-09-10 Across Europe regional development agencies RDAs have become a central feature of regional policy both as innovative policy makers and as the implementers of programmes and initiatives originating from the national or European level By drawing on a combination of conceptual reflection surveys comparative research and systematic use of critical case studies this book provides a new point of reference by identifying key features of the current and indeed next generation of regionally based economic development organisations *Regional Economic Development and Policy* David Pinder, 1983 Government

Malizia,Edward J. Feser,Henry Renski,Joshua Drucker,2020-10-05 This book offers insights into the process and the practice of local economic development Bridging the gap between theory and practice it demonstrates the relevance of theory to inform local strategic planning in the context of widespread disparities in regional economic performance The book summarizes the core theories of economic development applies each of these to professional practice and provides detailed commentary on them This updated second edition includes more recent contributions regional innovation agglomeration and dynamic theories and presents the major ideas that inform economic development strategic planning particularly in the United States and Canada The text offers theoretical insights that help explain why some regions thrive while others languish and why metropolitan economies often rise and fall over time Without theory economic developers can only do what is politically feasible This text however provides them with a logical tool for thinking about development and establishing an independent basis from which to build the local consensus needed for evidence based action undertaken in the public interest Offering valuable perspectives on both the process and the practice of local and regional economic development this book will be useful for both current and future economic developers to think more profoundly and confidently about their local economy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Regional Economic

Development Benjamin Higgins,Donald J. Savoie,2017-09-05 Originally published in 1988 Leading international researchers in regional economic development have contributed an integrated set of chapters reviewing the whole field and taking stock of current thinking The book is in honour of François Perroux the father of regional development theory whose contributions to two important concepts in economics time and space have been substantial The book comprises five parts Part one covers Perroux's work in general and on growth poles in particular Part two deals with the politics of place population and regional development techniques for regional policy analysis and a neoclassical approach to regional economics In part three the Canadian scene is reviewed at national and regional levels In part four chapters on urban development small and medium size cities and capital grants deal with the experiences of other countries Part five concludes the book with a chapter on growth poles optimal size of cities and regional disparities and government intervention **Regional Economic**

Targeting Regional Economic Development Stephan J. Goetz,Steven Deller,Tom Harris,2009-03-25 Targeting regional economic development TRED has a long and rich tradition among academic economists and in the world of economic development practitioners This book builds on a series of workshops and papers organized by The Northeast Regional Center for Rural Development NERCRD at the Pennsylvania State University and the Rural Policy Research Centre

RUPRI at the University of Missouri Through the coordinated efforts of NERCRD and RUPRI a network of university based researchers and Extension education specialists was developed and provides the foundation of this new edited volume For the first time in a single book Goetz Deller and Harris present an innovative approach through a collection of chapters discussing industry targeting and the relevance of TRED as an important analytical tool for practical targeting purposes The papers present issues surrounding community economic development clusters in industry and rural communities and the role of agglomeration economies The book provides the reader with insights into not only the theoretical foundations of targeting as well as empirical methods but also approaches for using the community level analysis to affect policy directions

Regional Development Theories and Their Application Benjamin Higgins, 2017-07-12 Throughout the world today former nation states as disparate as Yugoslavia Somalia and Canada have either disintegrated or threaten to splinter into regions The conflicts are economic social ethnic linguistic religious political and cultural Higgins and Savoie analyze the reasons for these conflicts and show why attempts to eliminate regional disparities within nations have been largely unsuccessful This volume is a highly readable comprehensive survey of the literature and current debates in the fields of regional economics development policy and planning
