

# Localization/Regionalization Tweaks

Business  
Model

Pricing  
Model

Note: If not given a commercial or alternative, the biggest problem is a lack. This needs the right mix of both.

The need to have the Business Model, Pricing Model or both may vary what we need to get the product to the customer in a profitable manner. These two models will determine the difference between income (sales) and speed of collection. If the collection speed is slow we could have created resources including the need for our products, services only for competitors to come to us (they may be needed). The business of our future may be made these gaps will determine speed.
