Kristiansen,Jeffrey Delbert,2020-07-09 Rhetoric and Governance under Trump Proclamations from the Bullshit Pulpit analyzes the rhetoric of Donald Trump to argue that Trump s deeply illiberal rhetoric cruel policies corruption disruptive foreign policy and disdain for the rule of law makes him a textbook populist However his embrace of mainstream conservative policies and the culture war narratives that come with them made him a rather conventional Republican Being more plutocrat than populist Trump had to bridge this fundamental contradiction by employing populist and polarizing rhetoric alongside fabricated crises to uphold the veneer of being an anti status quo politician Bernd Kaussler Lars J Kristiansen and Jeffrey Delbert argue that for Trump bullshit confrontational politics and fear has emerged as a vital political strategy Through an analysis of Trump s first three years in office the authors find that President Trump governed using a communication strategy that a denied facts relied heavily on bullshit lies and fabricated counter narratives b attacked news outlets and the opposition to foster identity based polarization in order to sideline critics and stir up factions for specific political ends and c dismissed legitimate criticism of policies and the conduct of the administration and the president himself as fake news Kaussler Kristiansen and Delbert argue that the repeated use of this strategy along with a mixture of public complacency and concerted efforts on the part of his own party has allowed Trump to work toward normalizing these lies and cover ups throughout his tenure only further exacerbating the highly polarized and partisan political environment in the United States Scholars of rhetoric communication political science and media studies will find this book particularly useful
