Framing and Managing Lean Organizations in the New Economy Darina Lepadatu, Thomas Janoski, 2020-02-18 This book examines the dominance and significance of lean organizing in the international economy Scholars from each discipline see lean production as positive or negative the book blends theory with practice by sorting out these different academic views and revealing how lean is implemented in different ways The first part synthesizes academic research from a range of disciplines including engineering sociology and management to present the reader with an integrated understanding of the benefits and drawbacks of lean management The second part links this theory to practice with a set of case studies from companies like Apple Google Nike Toyota and Walmart that demonstrate how lean is

implemented in a variety of settings The book concludes with three models explaining how Toyotism Nikefication with offshoring and Waltonism provide full or less complete models of lean production It clearly presents the positive and negative aspects of lean and insights into the culture of lean organizations With its rich interdisciplinary approach Framing and Managing Lean Organizations in the New Economy will benefit researchers and students across a range of classes from management sociology and public policy to engineering *Winner Sells All* Jason Del Rey, 2023-06-20 A riveting investigation of the no holds barred battle between Amazon and Walmart to become the king of commerce For years Walmart and Amazon operated in separate spheres one a massive brick and mortar retailer the other an online giant But in 2016 Walmart aggressively moved into the world of e commerce while Amazon made big bets in physical retail The resulting rivalry is a bare knuckle power struggle as each titan tries to outmaneuver the other to become the biggest omnichannel retailer in the world As the two megacorporations have consolidated power troubling consequences have also emerged for consumers and small merchants faced with fewer buying and selling options and for millions of workers paid meager wages for demanding and sometimes dangerous work *Winner Sells All* is a tale of disruption and big money moves with legendary executives and fearless entrepreneurs in a battle between rival corporations and sometimes even within the same company to invent the future and cement their own legacies Veteran journalist Jason Del Rey chronicles the defining business clash of this generation a war waged for our loyalty and our wallets with hundreds of billions of dollars at stake and millions of jobs on the line As both companies continue to expand their empires into new industries *Winner Sells All* reveals how this battle will change the ways we shop live and work for decades to come

Capital Allocation: Principles, Strategies, and Processes for Creating Long-Term Shareholder Value David R. Giroux, 2021-10-26 Seize the competitive edge through intelligent differentiated capital allocation The intelligent deployment of capital is one of the most effective ways to create long term value But despite this there are very few capital allocation experts on the boards of the largest publicly traded companies and academic research consistently finds that most firms deploy capital sub optimally Capital Allocation aims to educate senior leaders board members investors students and anyone interested in business on this important topic Until now very little has been written on capital allocation outside of academia even though the strategic deployment of excess capital is an increasingly significant source of competitive advantage for many companies David Giroux Chief Investment Officer for Equities and Multi Asset and Head of Investment Strategy at T Rowe Price covers the entire gamut of capital allocation issues including optimal capital structure capital allocation alternatives mergers acquisitions and special situations Capital Allocation walks you through this critical topic from beginning to end including Stories of companies that allocated capital in ways that created significant shareholder value Several real life decision making models you can use for strategically allocating your firm s capital Guidelines for generating high returns in the long term to build sustainable shareholder wealth Giroux uses academic research personal experience and uncomplicated mathematics to reveal

approaches and actions that create long term value He provides case studies from Kodak Comcast Thermo Fisher Scientific Danaher General Electric Microsoft and others showing how capital allocation has and hasn't worked in real life situations And he shows how to use capital allocation to head off possible activist investors Capital Allocation offers everything you need to know for deploying capital wisely to outperform your competitors over the long term Proceedings of New York University ...
