Practice of Magic Magical Evocation Magical Words Anyone who should believe to find in this work nothing else but a collection of recipes with the aid of which he can easily and without any effort attain to honor and glory riches and power and aim at the annihilation of his enemies might be told from the very inception that he will put aside this book being very disappointed Numerous sects and religions do not understand the expression of magic otherwise than black art witchcraft or conspiracy with evil powers It is therefore not astonishing that many people are frightened by a certain horror whenever the word magic is pronounced Jugglers conjurers and charlatans have discredited this term and considering this circumstance there is no surprise that magic knowledge has always been looked upon with a slight disregard Even in the remotest times the MAGUS has been regarded as one of the highest adepts and it might be of interest to learn that as a matter of fact the word magic is derived from this word The so called sorcerers are by no means initiates but only imitators of the mysteries who counting partly on the ignorance and partly on the credulity of the individuality or a whole nation in order to reach their selfish aims by lies and fraud The true magician will always despise such practices In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mystic or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom Many of the readers will know of course that the word tarot does not mean a game of cards serving mantical purposes but a symbolic book of initiation which contains the greatest secrets in a symbolic form The first tablet of this book introduces the magician representing him as the master of the elements and offering the key to the first Arcanum the secret of the ineffable name of Tetragrammaton the quabbalistic Yod He Vau He Here we will therefore find the gate to the magician's initiation The reader will easily realize how significant and how manifold the application of this tablet is Not one of the books published up to date does describe the true sense of the first Tarot card so distinctly as I have done in my book It is let it be noted born from the own practice and destined for the practical use of a lot of other people and all my disciples have found it to be the best and most serviceable system Tetragrammaton literally means the four letter word It was a subterfuge to avoid the sin of uttering the sacred name YHVH Yahveh or Jehova as it later became when the vowels of another word were combined with the consonants of YHVH But I would never dare to say that my book describes or deals with all the magic or mystic problems If anyone should like to write all about this sublime wisdom he ought to fill folio volumes It can however be affirmed positively that this work is indeed the

gate to the true initiation the first key to using the universal rules I am not going to deny the fact of fragments being able to be found in many an author s publications but not in a single book will the reader find so exact a description of the first Tarot card I have taken pains to be as plain as possible in the course of the lectures to make the sublime Truth accessible to everybody although it has been a hard task sometimes to find such simple words as are necessary for the understanding of all the readers I must leave it to the judgment of all of you whether or not my efforts have been successful At certain points I have been forced to repeat myself deliberately to emphasize some important sentences and to spare the reader any going back to a particular page There have been many complaints of people interested in the occult sciences that they had never got any chance at all to be initiated by a personal master or leader guru Therefore only people endowed with exceptional faculties a poor preferred minority seemed to be able to gain this sublime knowledge Thus a great many of serious seekers of the truth had to go through piles of books just to catch one pearl of it now and again The one however who is earnestly interested in his progress and does not pursue this sacred wisdom from sheer curiosity or else is yearning to satisfy his own lust will find the right leader to initiate him in this book No incarnate adept however high his rank may be can give the disciple more for his start than the present book does If both the honest trainee and the attentive reader will find in this book all they have been searching for in vain all the years then the book has fulfilled its purpose completely The Author **OUR MAGIC** NEVIL. MASKELYNE,2018 *Our Magic* Nevil Maskelyne,David Devant,1912 *The Practice Of Magic* Kyle Shedden,2021-06-22 The book shares with readers the author s perspective on dark and spiritual cults The author takes you to explore the aspects and spirituality of darkness Through this book you will also practice magic by discovering the fundamentals at work **The Ultimate Book of Magic and Witchcraft** Pierre Macedo,2017-04-23 The keyword of this book is simplicity It is intended for those who want to practice magic but do not have the time or patience to read long theoretical books The Ultimate Book of Magic and Witchcraft will allow you to use magic immediately after opening it It contains a variety of exclusive spells and rituals such as love money beauty evocations protection No other book teaches the right way to evoke Lucifer and Michael No other book gives a detailed beauty ritual for the Norse Gods Frey and Freya or a powerful love spell with the mysterious Lilith No other author ever covered so many subjects from love to planetary magic in a single work as Pierre Macedo did Now you have in your hands the key to change the course of your life **A Concise Dictionary of the Bible** William Smith,1889 **Magic, Mystery, and Science** Dan Burton,David Grandy,2004 Magic Mystery and Science presents the occult as a third stream of belief as important to the shaping of Western civilization as Greek rationalism or Judeo Christianity The occult seeks explanations in a world that is living and intelligent quite unlike the one supposed by science By taking these beliefs seriously while keeping an eye on science this book aims to capture some of the power of the occult Readers will discover that the occult has a long history that reaches back to Babylonia and ancient Egypt It proceeds alongside and frequently mingles with religion and science From the Egyptian Book of the Dead to New

Age beliefs from Plato to Adolf Hitler occult ways of knowing have been used to explain a world that still tempts us with the knowledge of its dark secrets From publisher s description New International Dictionary ,1920 Learning Ritual Magic John Michael Greer,Earl King, Jr.,Clare Vaughn,2004-10-01 Learning Ritual Magic is a training manual for anyone serious about improving their magic based on the western mystery traditions including tarot ritual magic Qabalah and astrology What you get out of magic can be measured precisely by what you are willing to put into it and time is the essential ingredient in successful magical training the authors write And just as no one expects to run a marathon or play a Bach violin concerto without sufficient training so practitioners of the magical arts shouldn t expect to work complex powerful magical rituals without a solid grounding in the techniques of Hermetic high magic By spending at least a half hour a day practicing the lessons found in Learning Ritual Magic the solitary apprentice attains the proper groundwork and experience for working ritual magic Learning Ritual Magic provides lessons on meditation and a set of exercises designed to develop basic skills in imagination will memory and self knowledge all of which are absolute fundamentals to magical attainment While the authors discuss the essentials of magical theory they focus on daily basic perspectives rather than launching into details of advanced practice Designed for the solitary practitioner Learning Ritual Magic concludes with a ceremony of self initiation The Ultimate Book of Magic and Witchcraft Pierre Macedo,2019-11-30 Transform Your Life with Real Spells Rituals and Other Practices Taught in This Book The keyword of this book is practicality It is intended for those who want to practice magic without having to read long theoretical books The Ultimate Book of Magic and Witchcraft allows you to use magic immediately after opening it It contains a variety of exclusive spells and rituals such as love money beauty evocations protection It also introduces the reader to magical sigils such as spirit and planetary sigils No other book teaches the right way to evoke Lucifer and Michael No other book gives a detailed beauty ritual with the Norse gods Frey and Freya or a powerful love spell with the mysterious Lilith No other author ever covered so many subjects from love to planetary magic in a single work as Pierre Macedo did No matter if you are a white or black magic practitioner a Wicca follower or if you need some spiritual help this work was written for you Now you have in your hands the key to change the course of your life Here s a Small Sample of What You Will Find in This Book of Witchcraft Rituals and Magic Spells Instructions on how to prepare yourself to perform rituals cast spells etc White magic spells Black magic spells Love spells Manipulation spells Breaking and cleansing spells Magical evocation instructions on how to summon spirits Planetary magic It s worth mentioning that this book contains real spells rituals and other witchcraft practices that work if you follow all the instructions provided The Practice of Ritual Magic Gareth Knight,1996 Ritual or ceremonial magic is a discipline and method of occult practice wherein all the faculties of the student are employed in the pursuit of the Great Work Here Gareth Knight a leading authority on ritual magic explains how to construct a magic circle an altar and pillars to form a gateway to the Inner Planes Includes practical advice on robes symbols and temple furniture as well as concise explanations of Telesmatic Images names of Power the Law
