Reinventing Legitimacy Damarys Canache, Michael R. Kulisheck, 1998-07-23 What makes for an ongoing successful democracy in Latin America The essays in this collection emphasize the inherent dynamicism needed to sustain democratic governance Organized around analyses of political institutions political parties public administration and corruption public opinion and continuity and change in Venezuelan politics the essays advance the proposition that Venezuelan democracy survived recent threats because of its capacity to reform institutions and absorb new actors The chapter authors include prominent scholars from both the United States and Venezuela and each grapples with two related questions What types of reforms are necessary to sustain the process of democratization And are actors in the Venezuelan system capable of adopting these changes A stimulating collection for scholars and researchers dealing with Latin American politics and for those examining democratization in the developing world

Nachhaltige Entwicklung Durch Semantik, Governance Und Management Thomas Melde, 2012-10-02 Nachhaltigkeit kann in der modernen Gesellschaft nicht ohne weiteres als eine Handlungsstrategie verstanden werden die eine zielgerichtete Steuerung gesellschaftlicher Entwicklung ermöglicht Die mit ihr verbundenen Ansprüche berfordern gleichermaßen die politischen Steuerungskapazitäten der modernen Gesellschaft wie die moralischen Kapazitäten von Unternehmen auf die diese Ansprüche häufig gerichtet sind Im Zuge einer systemtheoretischen Analyse zeigt die Arbeit wie sich Nachhaltigkeit und das mit ihr verbundene Programm einer Corporate Responsibility in unterschiedlichen Formen von Governance und Management dennoch im Wirtschaftssystem manifestiert und dabei gesellschaftsweite Selbststeuerungseffekte zeitigt

Reinventing Richard Nixon Daniel E. Frick, 2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements

Venezuela

Damaris Canache, 2002 This volume claims that contrary to the minimal role usually assigned to it political support for democracy is of the greatest significance in the politics of fragile democracies The author presents a hierarchical model of political support with support for democracy as the capstone using public opinion data from Venezuela as demonstration The election of Hugo Chavez one time leader of a coup attempt to the presidency is seen as prima facie evidence of the weakness of Venezuela's 40 year old democracy Surveys carried out by the author in Venezuela suggest that those who consider Chavez influential are also those who rate low on support for democracy Annotation copyrighted by Book News Inc Portland OR **Abstracts of Public Administration, Development, and Environment**, 1999 International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 1999

Cumulative Book Index, 1998 A world list of books in the English language **Gunboats, Corruption, and Claims** Brian McBeth, 2001-04-30 Annotation Analyzes the relationship between the Venezuelan government of Cipriano Castro and foreign governments and companies during the first decade of the 20th century **CJLACS**, 1998 **Checking Executive Power** Jody C. Baumgartner, Naoko Kada, 2003-10-30 Examines the presidential impeachment process in such varied settings as the United States Russia Colombia Brazil Venezuela the Philippines and Madagascar América Latina, hoy, 2004

International Social Science Journal, 2000 **Reinventing Russia** Yitzhak M. Brudny, 1998 Brudny argues that the rise of the Russian nationalist movement was a combined result of the reinvention of Russian national identity by a group of intellectuals and the Communist Party's active support of this reinvention in order to gain greater political legitimacy

Toward a Discourse of Consent Gabriel Villaronga, 2004-08-30 Focuses on the interaction between American authorities the Popular Democratic Party PPD and its multiple supporters that informed colonial politics in Puerto Rico *The Abolition of Slavery in Brazil* David Baronov, 2000-06-30 The persistence of a raced based division of labor has been a compelling reality in all former slave societies in the Americas One can trace this to nineteenth century abolition movements across the Americas which did not lead to and were not intended to result in a transition from race based slave labor to race neutral wage labor for former slaves Rather the abolition of slavery led to the emergence of multi racial societies wherein capital labor relations were characterized by new forms of extra market coercion that were explicitly linked to racial categories Post slavery Brazilian society is a classic example of this pattern Working within the context of the origin of the wage labor category in classical political economy Baronov begins by questioning the central role of wage labor within capitalist production through an examination of key works by Smith Ricardo and Marx as well as the historical conditions informing their analyses The study then turns to the specific case of Brazil between 1850 1888 comparing the abolition of slavery in three Brazilian regions the northeast sugar region the Paraíba Valley and Western São Paulo Through this analysis Baronov provides a critique of the dominant interpretation of abolition as a transition from slave labor to wage labor and suggests an alternative interpretation that places a greater emphasis on the role of non wage labor forms and extra market factors in the

shaping of the post slavery social order
