Relaxing On The Run:

The Running Ground Nicholas Thompson, 2025-10-28 A profound meditation on what running can teach us about our limits and our lives by a record setting distance runner who is now the CEO of The Atlantic This is not just an engaging memoir about running It s a meditation on what it takes to marshal and maintain motivation ADAM GRANT 1 New York Times bestselling author of Hidden Potential and Think Again Endlessly surprising revelatory and heart rending ANNA WINTOUR For Nicholas Thompson running has always been about something more than putting one foot in front of another He ran his first mile at age five using it as a way to connect with his father as his family fell apart As a young man it was a sport that transformed and then shook his sense of self worth In his 30s it was a way of coping with a profound medical scare By his early 40s Thompson had many accomplishments He was the Editor in Chief of a major magazine a devoted husband and father and a passionate runner But he was haunted by the recent death of his brilliant complicated father and the crack up that derailed his father s life Had the intensity and ambition he d inherited made a personal crisis inevitable for him as well Then a chance offer gave him the opportunity to train for the Chicago Marathon with elite coaches Giving himself over to the sport more fully than ever before he discovered that aging didn t necessarily put you on an unbroken trajectory of decline For seven years after his father died Thompson transforms his body to perform at its highest capacity and the profound discipline and awareness he builds along the way changes every aspect of his life Throughout the narrative he weaves in stories of remarkable men and women who have used the sport to transcend some of the hardest moments in life The Running Ground is a story about fathers sons and the most basic and most beautiful of sports Running Until You're 100 Jeff Galloway, 2019-02-01 Running Until You re 100 is the must have guide that will keep runners fit as they age and help them run for life Using Jeff Galloway s proven Run Walk Run method this book offers step by step programs for runners in their 40s 50s 60s and 70s These programs make the needed adjustments for each decade which means the runner can enjoy exercise and enhance life without injury Also included is advice on nutrition and fat burning as well as how to determine current fitness level set appropriate goals and stay injury free Using these run walk low mileage programs will benefit the bones joints and heart and most runners are able to enjoy running with fewer aches and pains With this book anyone can run until they re 100 **The Running Back and the Prima Donna** Anne-Marie Meyer, 2020-04-27 He thought he had her figured out Turns out he was wrong Bianca Everyone at the ballet academy think they know me the prima donna The diva The mean girl They re wrong What they don t know is that I m moments away from losing my meticulously planned out life I m not one to show weakness but my ankle has a different agenda Adding Ryan to that equation only complicates things more and suddenly the only person who can save my future and my secrets is the one person I m not sure I can trust Ryan I ve spend my life not caring If it doesn t involve Mom or my kid sister Rosie I don t care Period But there s something about Bianca Something about her desperate desire to hide the fact that she s a pageant queen that I can t help but involve myself

in Sure it s black mail she does what I ask and I keep her secret but I really think I can help her loosen up After all that s my speciality Until things aren t as simple anymore and suddenly my feelings are deeper than I like I come from a man who leaves so why do I think I d be different with Bianca It s better for me to stay away than for me to break her And the last thing I want to do is break her For fans of Kasie West To all the Boy s I ve Loved Before and The Kissing Booth you ll love this brand new series by two Amazon best selling authors Fall in love today

Grateful Running Grayson T. Kimball,2010 The 26 2 miles that compromise every marathon course is the ultimate test of physical and mental endurance While runners spend countless hours training their bodies for the rigors of the marathon they often unintentionally neglect the psychological aspect of their training Conditioning the mind to think for success can ultimately decide a runner s fate on marathon day Grateful Running provides unique and proven mental toughness training strategies designed to help runners realize their potential overcome perceived limitations handle adversity and embrace the challenge of the marathon From back cover

The Running Ground Nick Thompson,2025-10-30 How much does our speed and our decline depend on our minds not our bodies In this thought provoking and inspiring book top 25 Master marathoner Nick Thompson invites readers to defy the inevitable decline that comes with age After setting the American record in the 50km for the 45 49 age group Thompson is on a mission to explore how pain endurance and talent exist in the mind of a runner Inspired to run by his father as a young child Nick Thompson began setting school records in high school and has never looked back since Running for your Life is the story of Thompson s ambition to break down the physiology of running and reveals how we can power through psychological barriers and get faster with age Guaranteed to make you rethink what it means to get older Running for your Life is an exploration of how and why we age and what putting one foot in front of another can teach us about ourselves
