Retailing Denise T. Ogden, James R. Ogden, Robert Paul Jones, 2017-08-02 Light on the fluff solid on the basics the fourth edition of Retailing is a concise text that covers strategic issues with an eye on financial considerations and operations management issues illustrated through retail cases and exercises New co author Robert Paul Jones is Department Chair of Hospitality and Retail Management in the College of Human Sciences at Texas Tech In addition to his extensive academic work Dr Jones has over 25 years of executive leadership and consulting experience in retail and hospitality He uses an Integrated Retail Management flow chart to depict retail functions Most retail texts present students with a series of chapters that provide useful information but fail to explain how the various activities involved in retailing affect each other The 4th edition offers the student an overview of the retail process through the use of an integrated retail management IRM plan The steps involved in retailing as presented in the text are tied together through the IRM plan Expanded coverage of Mobile and e Tailing and included throughout the text and not treated as a stand alone chapter This helps emphasize that e tailing is a form of retailing that uses many of the same models as other forms Includes updated cases and real world examples And omni channel retailing incorporated throughout text

The Routledge Companion to Responsible Business Stefan Markovic, Adam Lindgreen, François Maon, Cristina Sancha, 2025-08-22 Contemporary companies are expected to behave ethically and responsibly toward their stakeholders and to provide social and environmental good Key stakeholder groups including employees consumers investors and public authorities increasingly demand that companies deliver products and services in responsible yet economically sound manners and act in accordance with moral obligations and financial requirements Such mounting societal expectations and institutional pressures relate to complex concerns including environmental and climate impact working conditions and

human rights both locally and overseas In this context as companies now appear to commit to comprehensively tackle ethical social environmental and economic challenges concerns increasingly are raised as to whether most companies in the end can indeed contribute to societal and environmental good and transform how they operate to create value responsibly considering the success and impact of so called corporate social responsibility or sustainability policies In recent decades while some companies have advanced on their social and environmental responsibility journey other companies have engaged in ethical social and environmental initiatives in manipulative and insincere way or merely as a rhetorical tool to maintain legitimacy Together with governments and business partners these companies are largely failing to deliver for society and the environment Subsequently more than ever before understanding what it means to do business responsibly and how business actors can engage constructively in ways that support the development of resilient business practices forms and organizations that contribute to generate positive impact for society and the environment and generate the type of economic value needed to address the key challenges of this century is central On this background this edited volume sheds light on different crucial themes and approaches spanning historical conceptual operational critical practical and prospective considerations that have animated the field of business and society in the last decades and that are instrumental or have the potential to drive constructive research discussions and business efforts The central aim of the book is to set the research agenda for the next five to seven years to redefine existing areas within the context of international research and to highlight emerging research areas in need of further investigation representing a prestige reference work providing an overview of the subject area of responsible business primarily for academics researchers postgraduate students as well as reflective practitioners

Communication Technology Update and Fundamentals August E. Grant, Jennifer H. Meadows, 2018-06-13

For three decades Communication Technology Update and Fundamentals has set the standard as the single best resource for students and professionals looking to brush up on how communication technologies have developed grown and converged as well as what is in store for the future The secret to the longevity is simple every two years the book is completely rewritten to ensure that it contains the latest developments in mass media computers consumer electronics networking and telephony Plus the book includes the Fundamentals the first five chapters explain the communication technology ecosystem the history structure and regulations The chapters are written by experts who provide snapshots of the state of each individual field Together these updates provide a broad overview of these industries as well as the role communication technologies play in our everyday lives In addition to substantial updates to each chapter the 16th edition includes First ever chapters on Virtual Augmented Reality and eSports Updated user data in every chapter Overview of industry structure including recent and proposed mergers and acquisitions Suggestions on how to get a job working with the technologies discussed The companion website www.tfi.com.ctu offers updated information on the technologies covered in this text as well as links to other resources

Recent Advances in Intelligent Systems and Smart Applications

Mostafa Al-Emran,Khaled Shaalan,Aboul Ella Hassanien,2020-06-26 This book explores the latest research trends in intelligent systems and smart applications It presents high quality empirical and review studies focusing on various topics including information systems and software engineering knowledge management technology in education emerging technologies and social networks It provides insights into the theoretical and practical aspects of intelligent systems and smart applications **Personal Data in Competition, Consumer Protection and Intellectual Property Law** Mor

Bakhoun,Beatriz Conde Gallego,Mark-Oliver Mackenrodt,Gintarė Surblytė-Namavičienė,2018-11-02 This book analyses the legal approach to personal data taken by different fields of law An increasing number of business models in the digital economy rely on personal data as a key input In exchange for sharing their data online users benefit from personalized and innovative services But companies collection and use of personal data raise questions about privacy and fundamental rights Moreover given the substantial commercial and strategic value of personal data their accumulation control and use may raise competition concerns and negatively affect consumers To establish a legal framework that ensures an adequate level of protection of personal data while at the same time providing an open and level playing field for businesses to develop innovative data based services is a challenging task With this objective in mind and against the background of the uniform rules set by the EU General Data Protection Regulation the contributions to this book examine the significance and legal treatment of personal data in competition law consumer protection law general civil law and intellectual property law Instead of providing an isolated analysis of the different areas of law the book focuses on both synergies and tensions between the different legal fields exploring potential ways to develop an integrated legal approach to personal data Nothing But Net:

10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts Mark Mahaney,2021-11-09 Find the winners avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market s hottest most profitable sector but it can be a roller coaster ride Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years Sure things can become sore things very rapidly Nothing But Net provides the knowledge and insights you need to understand what s really hot to know what s not and to outperform other investors consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he s learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I ve watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to

generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come **Understanding**

Snapchat 101 Jessica Hill,2017-07-14 No one wants to be left behind and this has never been truer than in the world of social media technology Our need to interact and feel connected will never change but how we do it is constantly changing and at an alarming unprecedented speed Snapchat is the next frontier of social media changing how we stay connected and feel connected If you don t want to be left behind feeling confused among the faceswaps and snap lenses then this book is for you It ll take you from downloading your app all the way to getting followers From Chapter 1 we will get you all set up with Snapchat on your phone so you re ready to start using it A step by step guide to finding the app downloading it and most importantly setting your account and profile By the end of this chapter you will have a fully functional Snapchat account and a fully personalized profile ready to use We then progress to Chapter 2 where we go over some important Snapchat terms These terms will help you learn all the functions much easier as a lot of these terms are unique to only Snapchat By the end of this chapter you should know all the terms used within Snapchat and also have a good understanding of what is possible with this amazing app From there we go to chapter 3 where we take a more detailed look at the app s user interface We ll walk you through where everything is located and how they are connected to what you want to do or may not want to do Important knowledge such as privacy settings and options or where the most frequently used features are located You ll also find a FAQ section here By the end of this chapter you should have your bearings around the app and be able to locate everything you need intuitively Lastly we end on chapter 4 which will be the most important chapter in the book This chapter will provide a step by step guide to using every mode of interaction within Snapchat Everything from taking snaps modifying your snaps with stickers or lenses to chatting and using discover to follow as well as to be followed Snapchat Is the New
