## **Memes Today Ideas:**

Ideas in Time John Potts, 2021-10-13 Ideas In Time deals extensively with the history of ideas The aims of the book are to provide a coherent theoretical account of the ill defined field known as the history of ideas to emphasise the longue dur e or long view in intellectual and cultural history to develop a reconfigured history of ideas Internet Memes and Copyright Law Brian Chun Lok Leung, 2025-09-30 This book explores the intricate relationship between copyright law and internet meme culture challenging an assumption that copyright is a barrier to digital creativity Using the lens of internet memes to analyse copyright law in the context of participatory remix culture the book confronts a common perception that copyright is the destroyer of internet memes on social media platforms Following the European Union s Copyright Directive widely known as the Meme Ban this book critically examines whether copyright might instead be reimagined to foster rather than inhibit re creations that define internet meme culture The book argues that this culture directly challenges copyright s core assumptions and proposes a new holistic approach to copyright that distinguishes between traditional and emergent forms of creative processes Arguing for a flexible interpretation of copyright that limits private proprietary rights in the case of internet memes it provides a legal framework to support socio cultural discourse without undermining copyright s foundational principles Covering core copyright concepts such as authorship idea expression originality fair dealing and user rights the book provides a compelling argument as to how copyright can adapt to the digital age as a protector of cultural expressions ensuring that internet memes are not only preserved but celebrated The book will be of interest to researchers in the field of copyright law the law of emerging technologies and intellectual property law *Darwin's Dangerous Idea* Daniel C. Dennett, 1996-06-12 Proponent of Charles Darwin s theory of evolution discusses how the idea has been distorted and the correct way to think about evolution and examines challenges to the theory and its impact on the future of humans

**Citizenship and Sustainability in Organizations** David Murphy, Alison Marshall, 2020-12-29 Citizenship and Sustainability in Organizations Exploring and Spanning the Boundaries is the introductory book in the series of the same name and draws upon new conceptual thinking from some of the leading contributors to The Journal of Corporate Citizenship on topics of social responsibility organizational citizenship influencing and leading change for sustainability and individual agency Chapter authors are influential thinkers pushing the boundaries of conventional thinking about corporate citizenship and sustainability to generate innovative ideas models and practices The book s core message is that the contexts within which organizations and individuals act are undergoing significant change and disruption Existing corporate social responsibility CSR corporate citizenship and business sustainability models and frameworks need to be adapted abandoned or transformed This book represents a starting point for dialogue about these challenges and presents commentaries debates essays and insights that aim to be provocative and engaging raise some of the important issues of the day and provide observations on what may be too new yet to be the subject of detailed empirical and theoretical studies The book is aimed at
