Kommunikation im Populären Roger Lüdeke, 2014-03-15 Popkultur ist allgegenwärtig Film und Musik sind globale Träger kapitaler Inhalte wie Liebe Tod Wahrheit Vertrauen Stil Geschmack und Gemeinschaft Anders als die Sozial- und Kulturwissenschaften haben die Textwissenschaften jedoch bisher vergleichsweise verhalten auf die Herausforderungen des Phänomens reagiert Der Fokus dieses Bandes liegt daher auf Kommunikations- und Interaktionsstrategien des Populären sowie auf historischen Verschiebungen im weiteren Rahmen der Literatur und Kulturgeschichte In enger Auseinandersetzung mit ihren Gegenständen setzen die Beiträge neuen Impulsen für die interdisziplinäre Theoriebildung

Carlos Monsivís Linda Egan, 2001-09 One of Mexico's foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsivís has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called crónicas he is perhaps best known for his analytic and often satirical descriptions of Mexico City's popular culture This comprehensive study of Monsivís's crónicas is the first book to offer an analysis of these works and to place Monsivís's work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsivís as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre's history and its relation to other narrative forms Finally she focuses on the canonical status of Monsivís's work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot

know the end until Monsiv is is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico s passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico s cultural space Egan s book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsiv is it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature Fliegende Bilder, fliehende Texte Walter Bruno Berg,2004

The Everyday Atlantic Tania Gentic,2013-12-01 Rethinks the concepts of nation imperialism and globalization by examining the everyday writing of the newspaper chronicle and blog in Spain and Latin America In *The Everyday Atlantic* Tania Gentic offers a new understanding of the ways in which individuals and communities perceive themselves in the twentieth century Atlantic world She grounds her study in first time comparative readings of daily newspaper texts written in Spanish Portuguese and Catalan Known as chronicles these everyday literary writings are a precursor to the blog and reveal the ephemerality of identity as it is represented and received daily Throughout the text Gentic offers fresh readings of well known and lesser known chroniclers cronistas including Eugeni d Ors Catalonia Germ n Arciniegas Colombia Clarice Lispector Brazil Carlos Monsiv is Mexico and Brazilian blogger Ricardo Noblat While previous approaches to the Atlantic have focused on geographical crossings by subjects Gentic highlights the everyday moments of reading and thought in which discourses of nation postcolonialism and globalization come into conflict Critics have often evaluated in isolation how ideology ethics affect and the body inform identity however Gentic skillfully combines these approaches to demonstrate how the chronicle exposes everyday representations of self and community **Subterranean Space in Contemporary Mexico**
