Robert Lowell Life And Art

Philip Kolin

Robert Lowell Life And Art:

Robert Lowell Steven Gould Axelrod,2015-03-08 This major interpretation of the life and art of Robert Lowell exposes the full relationship between the poetry and the personal and national experience to which it is so remarkably connected Steven Axelrod proposes that the key to our understanding of Lowell s poetic achievement lies precisely in this interpenetration of his life and his art Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Cambridge Companion to American Poets** Mark Richardson,2015-10-15 This Companion brings together essays on some fifty four American poets from Anne Bradstreet to contemporary performance poetry This book also examines such movements in American poetry as modernism the Harlem or New Negro Renaissance confessional poetry the Black Mountain School the New York School the Beats and L A N G U A G E poetry *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States *New England Beyond Criticism* Elisa New,2014-03-18 NEW ENGLAND BEYOND CRITICISM Elisa New s book is a remarkable achievement It is very rare that a critic manages to ask what seem exactly the right questions then to answer them in a lively brilliant evocative and supremely intelligent prose Charles F Altieri University of California Elisa New is a refreshing voice among critics and historians of literature She has a keen sense of the nature of New England and its deep spiritual resources reaching back to the Puritans moving through the great nineteenth century expressions of interior landscapes and visions This is a book I welcome and celebrate Jay Parini Middlebury College Literary criticism of the past thirty years has undercut what the canonizers of the nineteenth and early twentieth centuries saw as the fundamental role of early New England in the development of American literary culture And yet a determination in literary circles to topple perceived Ivy League elitism and Protestant cultural creationism overlooks the continuing value beauty and even practical utility of a canon still cherished by lay readers around the world This Manifesto raises questions about how academic specialization and the academic study of New England have affected enthusiasm for reading Using a range of interpretive practices including those most often deployed by contemporary

academic critics Elisa New cuts across firmly established subfields mixing literary exegesis with autobiographical reflection close reading with cultural history archival and antiquarian inquiry with experiments in style and lays bare editorial orthodoxies raising to question the whole hierarchy of values now governing the study of American and other literatures Taking New England as a test case for a wider more accessible set of critical practices *New England Beyond Criticism* demands that the domain of literary study be opened further to the tastes of the general reader *American Poets Since World War II*. Joseph Mark Conte, 1996 Bibliographical biographical and evaluative commentary of contemporary American poets who published since 1945 *American Writers Classics* Jay Parini, 2003-10 Excerpts and notes on American works

The Longman Anthology of Contemporary American Poetry, 1950-1980 Stuart Friebert, 1983 **Elizabeth Bishop in Brazil and After** George Monteiro, 2012-09-18 The life and career of American poet and writer Elizabeth Bishop falls into two distinct segments the pre Brazil years and the Brazil years and beyond A creature of displacement from childhood Bishop traveled to Brazil at the age of 40 for a two week trip and unexpectedly stayed for most of the next two decades a sojourn that marked her work indelibly This study explores how Bishop s personal and literary experience in Brazil influenced her work culturally historically and linguistically while she was in Brazil and following her return to the United States Focusing on the Brazilian characteristics of Bishop s work as well as some of the major poems she composed before settling in Brazil this volume offers fresh perspective on one of the 20th century s most celebrated writers *Concise Anthology of American Literature* Frederick C. Crews, 1985 This book contains selections from Volumes I and II of the *Anthology of American Literature* Seventh Edition Carefully selected works introduce readers to America s literary heritage from the colonial times of William Bradford and Anne Bradstreet to the contemporary era of Saul Bellow and Toni Morrison It provides a wealth of additional contextual information surrounding the readings as well as the authors themselves An expanded chronological chart and interaction time line help readers associate literary works with historical political technological and cultural developments Other coverage includes a continued emphasis on cultural plurality including the contributions to the American literary canon made by women and minority authors and a reflection of the changing nature of the canon of American Literature For anyone who likes to read the writings of American Literature and wants to understand the connection between those words and their place in American history *Modernist Studies* , 1979 *Kakatiya Journal of English Studies* , 1988 *Concise Anthology of American Literature* George McMichael, Frederick C. Crews, J. C. Levenson, 1998 The one volume concise edition provides a varied representation of writers who give voice to the American experience Although the concise edition offers fewer complete long works than the two volume set still included are Franklin The Autobiography Melville Billy Budd Miller Death of a Salesman and Twain Adventures of Huckleberry Finn **American Playwrights Since 1945** Philip Kolin, 1989-01-23 This is a study of the state of research on and history of performances of 40 American playwrights including major mainstream ethnic and regional playwrights The essays list their published and

unpublished plays as well as their other works document the performances identify bibliographies biographies critical studies and analyses of the plays and discuss the critical reception The volume deals with production histories covering critics actors directors and theater companies that have contributed as much to theater as the playwrights themselves It also discusses original screenplays and identifies writing on younger playwrights on whom research has just begun ISBN 0 313 25543 1 66 00 For use only in the library

Reading the Middle Generation Anew Eric Haralson, 2006-05 Ten original essays by advanced scholars and well published poets address the middle generation of American poets including the familiar Robert Lowell Elizabeth Bishop Randall Jarrell and John Berryman and various important contemporaries Delmore Schwartz Theodore Roethke Robert Hayden and Lorine Niedecker This was a famously troubled cohort of writers for reasons both personal and cultural and collectively their poems give us powerful moving insights into American social life in the transforming decades of the 1940s through the 1960s In addition to having worked during the broad middle of the last century these poets constitute the center of twentieth century American poetry in the larger sense refuting invidious connotations of middle as coming after the great moderns and being superseded by a proliferating postmodern experimentation This middle generation mediates the so called American century and its prodigious body of poetry even as it complicates historical and aesthetic categorizations Taking diverse formal and thematic angles on these poets deconstructionist biographical historical and more formalist accounts this book re examines their between ness and ambivalence their various positionings and repositionings in aesthetic political and personal matters The essays study the interplay between these writers and such shifting formations as religious discourse consumerism militarism and war the ideology of America as nature s nation and U S race relations and ethnic conflicts **Reading the Middle Generation Anew** also shows the legacy of the middle generation the ways in which their lives and writings continue to be a shaping force in American poetry This fresh and invigorating collection will be of great interest to literary scholars and poets

Contemporary Poets James Vinson, D. L. Kirkpatrick, 1985 **The Mechanics of the Mirage** Michel Delville, Christine Pagnoulle, 2000 Contemporary Authors Bibliographical Series , 1986 **American Literature** Oxford, 2004 Contains entries that examine authors texts literary developments ideas programs and themes in the history of American literature and includes photographs a chronology and a topical outline of articles arranged alphabetically from Acad to Essa **Eros and Death in the Aeneid** Daniel Gillis, 1983 *The Reader's Adviser* , 1986

Unveiling the Energy of Verbal Beauty: An Psychological Sojourn through **Robert Lowell Life And Art**

In a global inundated with screens and the cacophony of immediate interaction, the profound power and mental resonance of verbal art often fade in to obscurity, eclipsed by the regular barrage of sound and distractions. Yet, set within the musical pages of **Robert Lowell Life And Art**, a interesting perform of fictional beauty that impulses with fresh thoughts, lies an memorable journey waiting to be embarked upon. Written by a virtuoso wordsmith, that enchanting opus manuals viewers on an emotional odyssey, gently revealing the latent potential and profound affect stuck within the complicated web of language. Within the heart-wrenching expanse of the evocative evaluation, we can embark upon an introspective exploration of the book is central subjects, dissect their charming writing fashion, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
