

Roberts Ridge

Malcolm MacPherson

Roberts Ridge:

Operation Anaconda Lester W. Grau, Dodge Billingsley, 2011-11-25 Long before it became Obama's War the long running conflict in Afghanistan was launched by President George W Bush in retaliation for the 9 11 attacks on the United States Only a few months later Operation Anaconda sent American led coalition forces into their most intensely brutal confrontation with Al Qaeda and their Taliban hosts in the Shar i Kot Valley near the Pakistan border The result was an unexpected set piece of conventional fighting in what has become an era of guerrilla warfare Drawing upon previously unavailable or neglected sources Lester Grau and Dodge Billingsley give us the most complete and accurate account of this thirteen day firefight waged in mountainous terrain nearly two miles above sea level They describe how allied troops fought a fierce and well entrenched enemy to a standstill close to an old Soviet battlefield and then drove them completely out of Afghanistan Grau and Billingsley's account also highlights problems encountered in Anaconda and the lessons we should learn from their in depth study The Army and Air Force operated under conflicting views regarding the appropriate application of Close Air Support and airpower both crippled and aided the overall effort In addition severe shortages of transport attack helicopters and artillery hampered the effort while the acquisition and timely sharing of intelligence barely occurred at all and coalition relations frayed under the intense pressures of combat As an added bonus the authors also include with the book a documentary on DVD that features interviews with soldiers who fought in Anaconda provides additional information concerning major phases of the battle and presents insightful commentary by Grau and by Billingsley who was on the ground with U S forces for the operation Providing the richest description and critique of all the forces involved including those that fought on the enemy side the combined book and DVD surpasses all previous accounts of this landmark engagement and is an essential volume in the literature on our war in Afghanistan

Toppling the Taliban Walter L. Perry, David Kassing, 2015 This report describes the preparations for Operation Enduring Freedom Army operations and support activities coalition issues and civil military operations in Afghanistan from October 2001 through June 2002

Oppose Any Foe Mark Moyer, 2017-04-25 The epic story of America's most elite warriors the Special Operations Forces Born as small appendages to the conventional armies of World War II the Special Operations Forces have grown into a behemoth of 70 000 troops including Navy SEALs Army Special Forces Special Operations Marines Rangers and Delta Force Weaving together their triumphs and tribulations acclaimed historian Mark Moyer introduces a colorful cast of military men brimming with exceptional talent courage and selflessness In a nation where the military is the most popular institution America's Special Operations Forces have become the most popular members of the military Through nighttime raids on enemy compounds and combat advising of resistance movements special operators have etched their names into the nation's registry of heroes Yet the public knows little of the journey that they took to reach these heights a journey that was neither easy nor glamorous Fighting an uphill battle for most of their seventy five year history the Special Operations Forces slipped on many an

occasion and fell far on several Presidents from Franklin Roosevelt to Barack Obama have enthusiastically championed Special Operations Forces but their enthusiasm has often surpassed their understanding resulting in misuse or overuse of the troops Lacking clearly defined missions Special Operations Forces have had to reinvent themselves time and again to prove their value in the face of fierce critics many of them from the conventional military which from the start opposed the segregation of talent in special units Highlighting both the heroism of America s most elite soldiers and the controversies surrounding their meteoric growth Oppose Any Foe presents the first comprehensive history of these special warriors and their daring missions It is essential reading for anyone interested in America s military history and the future of warfare

Antarctica Dieter K. Fütterer, Detlef Damaske, Georg Kleinschmidt, Hubert Miller, Franz Tessensohn, 2006-05-11 Sixty articles arranged in eight thematic sections refer to most recent geological and geophysical results of Antarctic research The Precambrian of the East Antarctic shield and its geological history is considered as well as sub ice topography geophysics and stratigraphy sedimentology and geophysics of the surrounding Southern Ocean Particular emphasis is given to the connection of the Antarctic and the surrounding continents when forming part of Gondwana Telephone Directory Ellijay Telephone Company, 1991 **The Builder** ,1884 *Calendars of Wills & Administrations in the Consistory Court of the Bishop of Lichfield and Coventry, 1516-1652* Church of England.
