Petroff Defense Cochrane Gambit:

Chess Thinking Bruce Pandolfini, 1995-04-18 A first of its kind encyclopedia for chess players this volume features detailed explanations and invaluable illustrations for new chess players those intent on improving their games and anyone who needs to brush up on both the basics and more advanced play 140 detailed illustrations *My Best Games in the Petroff Defence* Alexei Shirov, 2006 Alexei Shirov describes past games played using the Russian Petroff Defense and Cochrane Gambit No Passion For Chess Fashion Alexander Raetsky, Maxim Chetverik, 2014-05-01 Professional grandmasters study the latest wrinkles of their favorite openings They have time to think about innovations in the Sicilian Najdorf the Marshall Attack or the Semi Slav It s part of their job But club players can rarely afford such luxury and an excellent way for them to beat their busy schedules is to play good solid opening lines that happen to be out of style GM Raetsky and IM Chetverik have turned their backs on current fashion and have delved deep into the wardrobe of chess openings These two opening specialists have selected eleven unusual variations to help readers refresh their repertoires Using key illustrative games many previously unpublished the authors present a host of surprising and accessible opening ideas Never refuted these openings have numbered World Champions among their victims Will your opponents really be so well prepared for the Albin Countergambit Can they find their way against the tricky St George Defense Just how comfortable will fans of the Ruy Lopez feel when they have to think for themselves on their fourth move Setting fashions can be a lot more fun than merely following them **The Club Player's Modern Guide to Gambits** Nikolai Kalinichenko, 2019-10-04 This is no ordinary opening book This practical guide describes only such openings in which White or Black sacrifices material at an early stage of the game They are called gambits in Old Italian gambetto means tripping The justification for such sacrifices can differ quite a lot In most cases the side that sacrifices material tends to get ahead of the opponent in development and or opens lines to attack the enemy king However there are also gambits aimed at the occupation of the center Blumenfeld Gambit depriving the opponent of castling Cochrane Gambit or Traxler Variation weakening the opponent s pawn structure Anti Moscow Variation luring an opponent s piece to an unfavorable position sacrificing the b2 pawn obtaining a certain positional compensation Volga Gambit etc Gambits are often associated with the romantic chess of the 19th century Indeed that was the heyday of such sharp openings as the King s Gambit or Evans Gambit but even nowadays many games begin with one of the well known or even innovative gambits This should come as no surprise gambits help to reveal the true essence of chess the triumph of spirit over matter The concept of this book is to examine practical games and give theoretical insights in the notes rather than in stand alone articles Practice has shown this to be the most effective way of mastering new material More often than not recent games by the world s top players have been chosen as an illustration played in the last few years in particular However the most important classic games are mentioned as well The present book analyzes almost 50 of the major gambit lines and systems Almost 140 games are given in

full with many game fragments selected to illustrate the important deviations And there is a special section about types of sacrificial themes such as sacrificing the b2 pawn sacrificing on f7 etc Readers who may wish to employ one of the examined gambit variations on a regular basis should no doubt study the specific books on that very opening although in most cases the lines and ideas given are sufficient for a beginner or club player to include the system in his or her opening repertoire and give it a try

Emanuel Lasker Hans Renette,2024-05-23 Emanuel Lasker 1868 1941 had the longest reign of any world champion in chess 27 years From 1894 through 1921 he wielded exceptional dominance over several generations of contemporaries and is still regarded as one of the strongest players the world has seen A multifaceted personality he excelled in other fields as well and his life has been the subject of a recent deep digging biographic trilogy This book presents for the first time a detailed examination of Lasker s chess career with a complete collection of games many presented with analysis by Lasker and other first rank masters

Live Online Chess: Social Features & Downsides Jose Fadul,2012-10-26 The book features social network analysis of the author s live rated online chess games with various players including high and middle strength computer software from different time zones and cultures around the world For most of them the social features and downsides of real time online chess were investigated and documented including social magnetism gambling anonymity and use of pseudonyms nationalism Lesbian Gay Bisexual Transgender LGBT issues Islamophobia and social stratification and mobility The accompanying game annotations and post game discussions mainly dwell on responsible participation and civil discourse using live online chess games as medium Online chess has become a test case for us as an international trans national group to think about how we can live in a socially differentiated society where its members subscribe to a plurality of forms of knowledge arising from considerably different environments experiences and genetic makeup

Vassily Ivanchuk Nikolay Kalinichenko,2014-03-07 Chuky you re a genius Leading grandmasters have been heard to whisper these words impressed with yet another brilliancy of Vassily Ivanchuk The Ukrainian wizard immensely popular with pros and amateurs alike has been a member of the world elite for more than twenty years and is one of the most active players on the international circuit Ivanchuk has finished first in all major tournaments in the world at times with astonishing supremacy and always with deeply creative chess He has won the Junior World Championship the Blitz World Championship and reached the number two spot in the world rankings Four times he was a member of the team that won the Chess Olympiad once also claiming the individual gold medal on first board The question why Ivanchuk with his phenomenal talent and uncompromising passion for the game has never become World Champion is something of a mystery The inability to handle stress has been suggested and he himself has pointed at periods of black moods or psychological crises Still despite occasional erratic results he has always maintained his position among the very best For this book Correspondence Grandmaster and chess author Nikolay Kalinichenko has selected 100 of Vassily Ivanchuk s best and most instructive games explaining his moves and plans for club players The result is a fascinating and rewarding journey to Planet Ivanchuk the

 book documents the life of the Hungarian chess champion 1837 1889 and successful financier setting it in the cosmopolitan
 framework of mid 19th century Europe The text is enriched by about 125 or so gleanings about the lives of his competitors
 including Arnous de Riviere Anderssen Morphy Mackenzie Paulsen Falkbeer Rosenthal Steinitz Winawer More than 300
 specimens of his play are presented by far the largest collection ever complete with sources and coeval annotations
 translated from many languages Several widespread and long standing errors are corrected A work deeply researched
 among sources in many languages the book serves also as a record of European chess in the late 1850s through the 1880s
