Philemons Problem A Theology Of Grace:

Philemon's Problem James Tunstead Burtchaell, 1998 Philemon was a wealthy Christian whose slave Onesimus went off in search of freedom met and listened to Paul and joined the church But instead of being given a new life of his own Onesimus was sent back by Paul to an aggrieved master with no protection but his mentor's brief Letter to Philemon Paul never asked Philemon to free his slave Instead he admonished him to take Onesimus back only now as his brother in Christ This left both master and bondsman with a problem how could one man own another and both be brothers in Christ In this unique work James Tunstead Burtchaell uses the ancient story of Philemon and Onesimus as a compelling entry into modern theological reflection on the unbelievable reach of the grace and forgiveness of the Father whose Son died without disciples rose to reconcile and transform them and then scattered them around the world as men and women who were now also able to love those who loved them not and transform them too According to Burtchaell in order for the faith of Philemon and Onesimus to cope with Paul's imperative they required an inspired imagination to take in the notion that the Father loves sinners i.e. all of us and he neither would nor could do otherwise For Philemon and Onesimus to undertake such a relentless love themselves would require frighteningly new convictions new commitments and new celebrations *Colossians and Philemon* David W. First Things ,1999 *A Socio-Rhetorical Interpretation of the Letter to Philemon in Light of the New Institutional Economics* Alex Hon Ho Ip,2017-09-15 In this study Alex Hon Ho Ip argues that when Paul wrote to Philemon about Onesimus his main purpose was not to try and reunite as is widely held a runaway slave with his master but rather to have Onesimus accepted as a beloved brother in Christ By examining the letter s inner texture the author shows that Paul s main concern was for Philemon and Onesimus to be reconciled in brotherly love The inter textual weave reveals Paul s theological and ethical thoughts on love which is the basis for the apostle s main argument By taking a new institutional economics approach to help reconstruct the economic relationship between slave and master Alex Hon Ho Ip is able to offer a better understanding of the original relationship Paul argued against With all this in mind the focus is on re reading the letter and hearing how Paul s rhetoric exhorts a new relationship between Onesimus and Philemon *The Writers Directory* ,2013
