Theology of the New Testament Frank S. Thielman, 2011-03-22 Studying the theology of the New Testament can be a daunting task even to the knowledgeable Bible student or pastor Each of the twenty-seven books written by various authors has its own theological emphasis and nuances How do we elicit a coherent message from such theological diversity especially given that some of the theological statements in the New Testament seem to be at odds with one another Is such an endeavor achievable or even valid Theology of the New Testament takes a balanced approach in response to these challenges Frank Thielman presents a theology of the New Testament that is careful to take into account the cultural and historical circumstances surrounding each book and the New Testament as a whole He not only examines each book's theological content individually but also in relation to the rest of the New Testament particularly within each of the three theological units that comprise the New Testament the gospels and Acts the Pauline epistles and the general epistles and Revelation This canonical and synthetic approach honors both the theological diversity of the various books and the theological connections between the books In the end Thielman finds a unified theological vision of the New Testament anchored in the centrality of Jesus Christ Frank Thielman's Theology of the New Testament is an outstanding achievement The book is marked by scholarly depth exegetical rigor and theological profundity Both students and professors will profit immensely from this lucid treatment of the theology contained in the New Testament documents Thomas R Schreiner Professor of New Testament The

Paul's Understanding of the Church's Mission Robert Lewis Plummer, 2006 This book engages in a careful study of Paul's letters to determine if the apostle expected the communities to which he wrote to engage in missionary activity It helpfully summarizes the discussion on this debated issue judiciously handling contested texts and provides a way forward in addressing this critical question While admitting that Paul rarely explicitly commands the communities he founded to evangelize Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in mission activity Throughout the study Plummer progressively builds a theological basis for the church's mission that is both distinctively Pauline and compelling

Worship in the New Testament *divine Mystery*, The Beginning of the Gospel Joshua D. Garroway, 2018-06-11 In this innovative study Joshua D Garroway offers a revised account of the origin of the all important Christian word gospel yielding significant new insights into the development of early Christian history and literature Long thought to have originated on the lips of Jesus or his disciples gospel was in fact coined by Paul midway through his career to describe his controversial new interpretation of Jesus death and resurrection For nearly a decade after the crucifixion the thoroughly Jewish Jesus movement demanded circumcision and Law observance from Gentile converts Only in the early 40s did Paul arrive at the belief that such observance was no longer necessary an insight he dubbed the gospel or good news The remainder of Paul's career featured clashes with authorities over the legitimacy of the gospel debates that continued after his death in the writings of Mark Matthew and Luke Acts These writings obscured the original context of the gospel however and in time the word lost its specific association with Paul and his scandalous notion of salvation outside the Law

Discerning what Counts James Jaquette, 1995 **Collected Works of Charles Kingsley: Good news of God** Charles Kingsley, 1892 *Philippians* Linda L. Belleville, 2022-01-01 In this accessible and erudite commentary the respected New Testament scholar Linda Belleville shows how Paul's letter to the Philippians provides a unique opportunity to see the similarities between the culture of his day and ours and to understand not only what is needed to cope in a hostile society but

also to be bold in sharing the sole hope for our global world knowing Christ and eternal citizenship in heaven Philippians was written while Paul was imprisoned in the imperial barracks awaiting the outcome of a life or death trial His most beloved church was facing strong opponents without and selfish division within Paul's strategy is to remind the church of the reasons to rejoice and forgo selfish opinion differences There is much cause to rejoice because despite imprisonment the gospel had reached the entire imperial guard and emboldened Christians everywhere to boldly proclaim Christ even if he dies Paul's ministry of preaching Christ will continue Yet the Philippians best exemplar is Christ himself who while enjoying his heavenly riches willingly took on the human condition with its pain suffering and death so that they might gain their own heavenly riches
