## **Peters Garden:**

Rainbow Hands Rabina Khan, 2003-09 Ayesha an angelic seven year old Bangladeshi is growing up in an inner London City and meets her elderly neighbour Mrs Peters a white woman has lived in the East End all her life She is lonely and prejudiced against change especially people different from herself A most unlikely yet beautiful friendship develops between them bringing their two contrasting families together crossing religious cultural and racial barriers Only Graham Peters the youngest sibling wants to make a different crossing with a view to join a racist political party When Mrs Peters is attacked in her home a chain of emotions unfolds affecting both families and the rest of the community A time for questioning loyalties divisions prejudices and friendship begins in order to discover what really happened to Mrs Peters and more importantly why

*The Free Word Order Phenomenon* Joachim Sabel, Mamoru Saito, 2008-08-22 This book deals with the syntax of the free word order phenomenon scrambling in a wide range of languages in particular German Japanese Kannada Malayalam Serbo Croatian Tagalog Tongan and Turkish in some of which the phenomenon was previously unstudied In the past the syntax of free word order phenomena has been studied intensively with respect to its A and A movement properties and in connection with its semantic undoing effects The different articles in this volume offer new ways of analyzing free word order under i minimalist assumptions ii concerning the typology of scrambling languages iii with respect to the question of how it is acquired by children iv in connection with its relatedness to information structural factors and v with respect to its consequences for a highly elaborated sentence structure of the IP VP domain The articles that focus mainly on the empirical aspects of free word order phenomena deal with the properties and proper analysis of rightwards scrambling in Turkish with the A A nature and triggers for VSO VOS alternations in Tongan as well as with left branch extractions and NP Split in Slavic and its consequences for a typology of scrambling languages The articles that focus on theoretical aspects of scrambling deal with questions concerning the motivation of a derivation with scrambling in a free word order language such as whether scrambling has to be analyzed as topicalization or focus movement Or assuming that scrambling is feature driven how the technical details of this analysis are implemented in the grammar to avoid unwarranted derivations for example derivations with string vacuous scrambling A further important question that is addressed is when scrambling is acquired in the development of the grammar and what the consequences are for the timing of the acquisition of A and A movement properties This volume will be most relevant to researchers and advanced students interested in generative syntax as well as typologists working on German Japanese Slavic Turkish Dravidian and Austronesian languages We regret that due to a layout error the title of Miyagawa's article on EPP and semantically vacuous scrambling is misrepresented in the printed version of the book You can download the article with the corrected title here

Three Score Years and Ten Or More delves into the enduring fascination with individuals who live beyond 100 years The intrigue centres not only on the accomplishment itself but also on the mysteries of how and why these people achieve such remarkable longevity This research shifts its focus from contemporary centenarians whose ages can be more reliably verified due to improved record keeping to an earlier era marked by less clear historical records It investigates the genesis of this interest and the emergence of what could be termed a cult of centenarianism During this period claims of extreme old age sparked debates between believers and sceptics creating a cultural divide The book also examines the significant role media played in this phenomenon The portrayal and promotion of centenarians by the media of the time laid the groundwork for themes explored in this book contributing to the ongoing public intrigue surrounding individuals of advanced age      The Month ,1891      **Temple Bar** ,1899      What was Done During the Fight Between the French Boy and the German Boy at Dame Europa's School and how the English Boy Again Looked on Without Interfering.
