Kulturwissenschaften **The Island of Seven Cities** Paul Chiasson, 2025-10-16 The Island of Seven Cities unveils the first tangible proof that the Chinese settled in the New World before Columbus In the summer of 2003 architect Paul Chiasson decided to climb a mountain he had never explored on Cape Breton Island where eight generations of his Acadian family had lived One of the oldest points of exploration and settlement in the Americas with a written history dating back to the first days of European discovery Cape Breton is littered with remnants of old settlements But that day Chiasson found a road that was unique Well made and consistently wide and at one time clearly bordered with stone walls the road had been a major undertaking But he could find no record of it In the two years of detective work that followed Chiasson systematically surveyed the history of Europeans in North America and came to a stunning conclusion the ruins he had stumbled upon an entire townsite on a mountaintop did not belong to the Portuguese the French the English or the Scots And they predated John Cabot s 1497 discovery of the island Using aerial and site photographs maps and drawings and his own expertise as an architect Chiasson re creates how he pieced together the clues to one of the world s great mysteries a large Chinese colony existed and thrived on Canadian shores well before the European Age of Discovery He addresses how the ruins had been previously overlooked or misunderstood and how the colony was abandoned and forgotten in China and in the New World

And he discovers the traces the colony left in the storytelling and culture of the Mi kmaq whose written language clothing technical knowledge religious beliefs and legends he argues expose deep cultural ties to China A gripping account of an earth shaking discovery The Island of Seven Cities will change the way we think about our world *Danish Arctic Expeditions, 1905 to 1620* Christian Carl August Gosch,1897 **Danish Arctic Expeditions, 1605 to 1620** James Hall,John Gatonbe,William Baffin,1896 Danish Arctic Expeditions, 1605 to 1620: A report to King Christian IV of Denmark on the Danish expedition to Greenland, under the command of Captain John Cunningham, 1605 Christian Carl August Gosch,1897 **Danish Arctic Expeditions, 1605 to 1620** ,1897 Works Issued by the Hakluyt Society ,1897 Pre-Columbian Trans-Oceanic Contact Jerald Fritzinger,2016-03-14 Pre Columbian Trans Oceanic Contact examines the discovery and settlement of The New World hundreds and even thousands of years before Christopher Columbus was born The American Catholic Quarterly Review ... ,1892 **The American Catholic Quarterly Review** James Andrew Corcoran,Patrick John Ryan,Edmond Francis Prendergast,1892 **Mercator's World** ,1997 **Surveying Ireland's Past** Howard B.
