The Phenomenon of Pentecost Frank J. Ewart, 1975 **The Phenomenon of Pentecost** Frank J. Ewart, W. E. Kidson, 1947 **The Intriguing Phenomena Beyond the Cross** Dr Patrick Nyamadzi, 2020-10-02

The fundamental purpose of this book is to stimulate and inspire readers to know more about Christ with His inexhaustible and incomprehensible riches which are wrapped up and enveloped in the Word of God through Biblical Scriptures Essentially this book is a collated and inspired documentation concerning the incarnation resurrection ascension exaltation inauguration glorification and descension of Christ the indwelling Spirit and His finished work In another perspective this book is a crystallised and compressed choreograph of the eternal mind of God from eternity past present and eternity future The fundamental and foundational concepts of the entire redemption drama are unpacked from Genesis to the Cross in the New Testament and beyond the Cross crucifixion to the dispensation of the End of the Age the millennial Kingdom As an author and teacher of the Bible I believe this edition is a challenging tool for the believers to migrate from the paediatrics immature knowledge of Christ to maturity as articulated in scriptures particularly in the Pauline Epistles in the New Testament of the Bible The eternal philosophy of God is to build the Church His masterpiece through Christ hence my passion and enthusiasm to disseminate and dispense the knowledge of Christ in this desperate world confronted with a multi layered and multi dimensional socio religious socio economic and political challenges

The Phenomena of Pentecost Donald Gee, 2012-03-02 Donald Gee was born in London in 1891 He took part in the Welsh revival during the beginning of the twentieth century in Great Britain He was baptized in the Holy Spirit in 1913 A strange occurrence took place the moment he received the Spirit He began to speak in other tongues just like what had happened to the apostles on the Day of Pentecost and the other converts in the early church Being filled with the Holy Spirit is truly the Phenomena of Pentecost Donald Gee gives credence to the idea that there is definitive outward evidence when this phenomena occurs Exploring objections of naysayers and skeptics he offers biblical proofs backed by personal experience Also included are writings from several other pioneers of the Pentecostal movement Teachers pressing toward the fullness of the gospel standing firm in the faith and claiming God still moves in powerful ways among His people This is a quality revision and reprint of the original 1931 version

TONGUES VOLUME 1: CONFUSED BY ECSTASY David A Swincer, 2013-12-21 The focus of this study is upon ecstasy as the confusing antecedent of Corinthian glossolalia Most commentators accept ecstasy as the most significant characteristic of the Corinthian Christian glossolalic phenomenon This assumption is questioned in this research because it needs to be clarified It is contended that ecstasy is the confusing element because it was characteristic of the contemporary Corinthian mystery religious practice and that that background was carried into the Corinthian church thus colouring Paul's treatment of the subject It is not to be seen as an essential element of glossolalia Most commentators agree that the glossolalic phenomenon in the Acts is different from that at Corinth What then is a valid charismatic glossolalia It is contended that the Acts draws attention to the only authentic cases and they are three of glossolalia in the Bible The book of First Corinthians gives a corrective to an abuse with no clear authentication of a gift Paul gives guidelines necessitated by the background of religious ecstasy Hence instead of proposing ground rules for a valid spiritual expression it becomes apparent that First Corinthians is giving a restrained corrective against an abuse of contemporary culture that masqueraded as an authentic Christian experience It is ecstasy that is the confusing element to this picture It should be added that the Acts experiences speak of valid one stage linguistic phenomena

whilst the gift to the church in 1 Corinthians is clearly a two stage phenomenon Bergsma reflecting on the repetitious and almost daily insignificant sic revelations of modern glossolalists believes that they are misguided or presumptuous It is like the Himalayan Mountain in obstetrical labour and producing a mouse The preoccupation and emphasis is out of all proportion to the minimal benefits derived and indeed the mischief it generates The overall significance of the study is to provide a basis for authenticating a valid glossolalic expression and all this comes from the foundation of the test case in Corinth which in turn is dependent upon an understanding of ecstasy in the antecedent Mystery Religions of Corinthian contemporary society Dr Clifford Wilson himself a prolific author urged Whatever else happens you must publish the historic material there are very few people who have any idea of the true background of glossolalia within their denominations

The Glossolalia Phenomenon Charles W. Conn,1966 It is abundantly evident that there is widespread and sincere interest in the baptism of the Holy Ghost with the accompanying manifestation of tongues in the world today It is equally evident that there is an urgent need for clarification so that those interested in the subject may know the viewpoint of a people that have embraced this teaching and experience for many years The Glossolalia Phenomenon is a book with multiple purposes The purposes are apparent in light of 1 the confusion surrounding the subject in this day 2 the evidence of increasing interest being shown in glossolalia and 3 the need for undistorted scriptural guidance to those who are new in the Pentecostal way This book contributes to a better understanding of this apostolic doctrine by establishing a reservoir of sound scriptural historical and empirical information on the subject of speaking in tongues Publisher description *A Guide to the Study of the Pentecostal Movement* Charles Edwin Jones,1983 This bibliographic and organizational guide to traditional Pentecostalism includes historical information on churches associations and evangelistic and missionary agencies schools and individual proponents and critics of the movement worldwide and related bibliography Churches and other agencies are classified by doctrinal tradition More than 6 000 items are included **A History of Christianity in the Apostolic Age** Arthur Cushman McGiffert,1897 **The Living Church** ,1963 *General Introduction to the Study of Holy Scripture* Charles Augustus Briggs,1899 [The Third Force in Missions](#) Paul Anthony Pomerville,2022-05-03 The Third Force in Missions challenges readers to recognize the indispensable role of the Holy Spirit as power for mission It confronts the Western mentality that ignores the miraculous in its missions strategy and the global Pentecostal movement Paul Pomerville suggests that such activity prompted and controlled by the Spirit is key to fruitful biblical missions When The Third Force in Missions was first published in 1985 Paul Pomerville sought to draw attention to the Pentecostal contribution to missions At that time he argued there was an information gap regarding the size of this movement in spite of two waves of worldwide Pentecostal renewal He argued that this gap existed because of evangelical bias against Pentecostalism bias against charismatics in mainline churches ethnocentrism toward Pentecostals in the developing world and faulty reporting Thirty years later Pomerville once again argues the importance of the global Pentecostal movement seeking to correct the

ongoing tunnel vision of world missions programs which since the Protestant Reformation have tended to ignore the Holy Spirit's work in today's missions. In this book Pomerville exposes the serious methodological and theological flaws of such a one-sided position. *Miracles in the New Testament* James Matthew Thompson, 1911 **The Dynamic of Christianity** Edward Mortimer Chapman, 1904 **The New World**, 1898 Includes section Book reviews *The Christian Trinity in History* Bertrand de Margerie, 1982 *Urban Ministry* Manuel Ortiz, Harvie M. Conn, 2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year. The city presents serious challenges that cry out for answers: poverty, racism, human exploitation, and government corruption. How can the church move ahead in the midst of these demands with the gospel of hope? Here in one comprehensive volume Harvie Conn and Manuel Ortiz, two noted scholars and proven practitioners of urban ministry, address the vital work of the church in the city. Their dual goal is to understand the city and God's work in it. Through four great waves of development, Conn and Ortiz trace the history of the city around the world. Then they tackle the critical issue of a biblical basis for urban mission. How does the Bible view the city? Are we closer to God in the country than the city? Does the Bible have an anti-urban bias? These questions are given a thorough analysis that unveils God's urban mandate as reflected in both Old and New Testaments. From this foundation, the authors unpack the multifaceted nature of the city as place, as process, as center, as power, and as a place of change and stability. They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop. In addition, Conn and Ortiz lay out what the social sciences have to offer urban mission, including ethnographic and demographic studies, and they focus on the particular issues and needs of urban leadership, including a plan for developing and mentoring leaders while equipping the laity for ministry in the city. This is the essential text for bringing God's kingdom to the city through the people of God. **The Secular Chronicle**, 1877 *A Commentary on the Gospel of St. Luke* Frédéric Louis Godet, 1887
