From Foundling to Master Forger** Gerhard Lang-Valchs, My first encounters with Plácido Ramón de Torres years ago were really deceiving A manual of Spanish philatelic forgeries presented among many others a dozen of fakes he had made nothing more And the great American expert in stamp forgers Varro Tyler dedicated in his book *Philatelic Forgers* only about 20 lines to his life and work confirming seemingly the mediocrity and reduced importance of this widely unknown stamp dealer Some years later when preparing my doctoral thesis about aspects of the modern history of Andorra I came across once again with him A recommendation letter to the chief of the local Andorran administration suggesting to relay on his services to organize a not yet existing postal administration signed by an ancient Spanish minister was a surprise and made me wonder But as this initiative did not come to a happy ending it was of no further interest to follow his footprints The third approach was finally more successful I found photos of the two first editions of his world catalogue published in Italy Looking at the different stamps depicted on the front page of his catalogue I began to suspect that the illustrations of three of them could represent forgeries So my interest was finally awoken **The Madman's Guide to Stamp Collecting** Robert Irwin, 2025-04-10 A fascinating one of a kind journey through the world of stamps and collecting by maverick historian and writer Robert Irwin Why do we collect Is it to rescue objects from oblivion Is it a kind of desire or even a kind of madness In this mosaic of fiction philosophy sociology biography and autobiography virtuoso thinker Robert Irwin takes us on a wayward journey through the art of collecting and his own intellectual passions Drawing on the works of writers including Susan Sontag Walter Benjamin Iris Murdoch and Georges Perec as well as a host of lesser known geniuses flaneurs obsessives and eccentrics Irwin explores everything from mysticism to nostalgia classical antiquity to surrealism dreams to death We join Thomas De Quincey on a night mail coach encounter the man who set out to acquire every stamp ever issued and enter the badlands of fakes and forgeries all in the company of a uniquely brilliant mind This is a book of wonders of labyrinthine digressions good humour and a delight in small things It is a meditation on the stuff of life **Philatelic Literature Review**, 2009 **The American Philatelist**, 1890 **The Restoration of Engravings, Drawings, Books, and Other Works on Paper** Max Schweidler, 2006 Ever since its original publication in Germany in 1938 Max Schweidler's *Die Instandsetzung von Kupferstichen Zeichnungen Buchern usw.* has been recognized as a seminal modern text on the conservation and restoration of works on paper To address what he saw as a woeful dearth of relevant literature and in order to assist those who have set themselves the goal of preserving cultural treasures the noted German restorer composed a thorough technical manual covering a wide range of specific techniques including detailed instructions on how to execute structural repairs and alterations that if skilfully done can be virtually undetectable By the mid twentieth century curators and conservators of

graphic arts discovering a nearly invisible repair in an old master print or drawing might comment that the object had been Schweidlerized This volume based on the authoritative revised German edition of 1949 makes Schweidler s work available in English for the first time in a meticulously edited and annotated critical edition The editor s introduction places the work in its historical context and probes the philosophical issues the book raises while some two hundred annotati
